

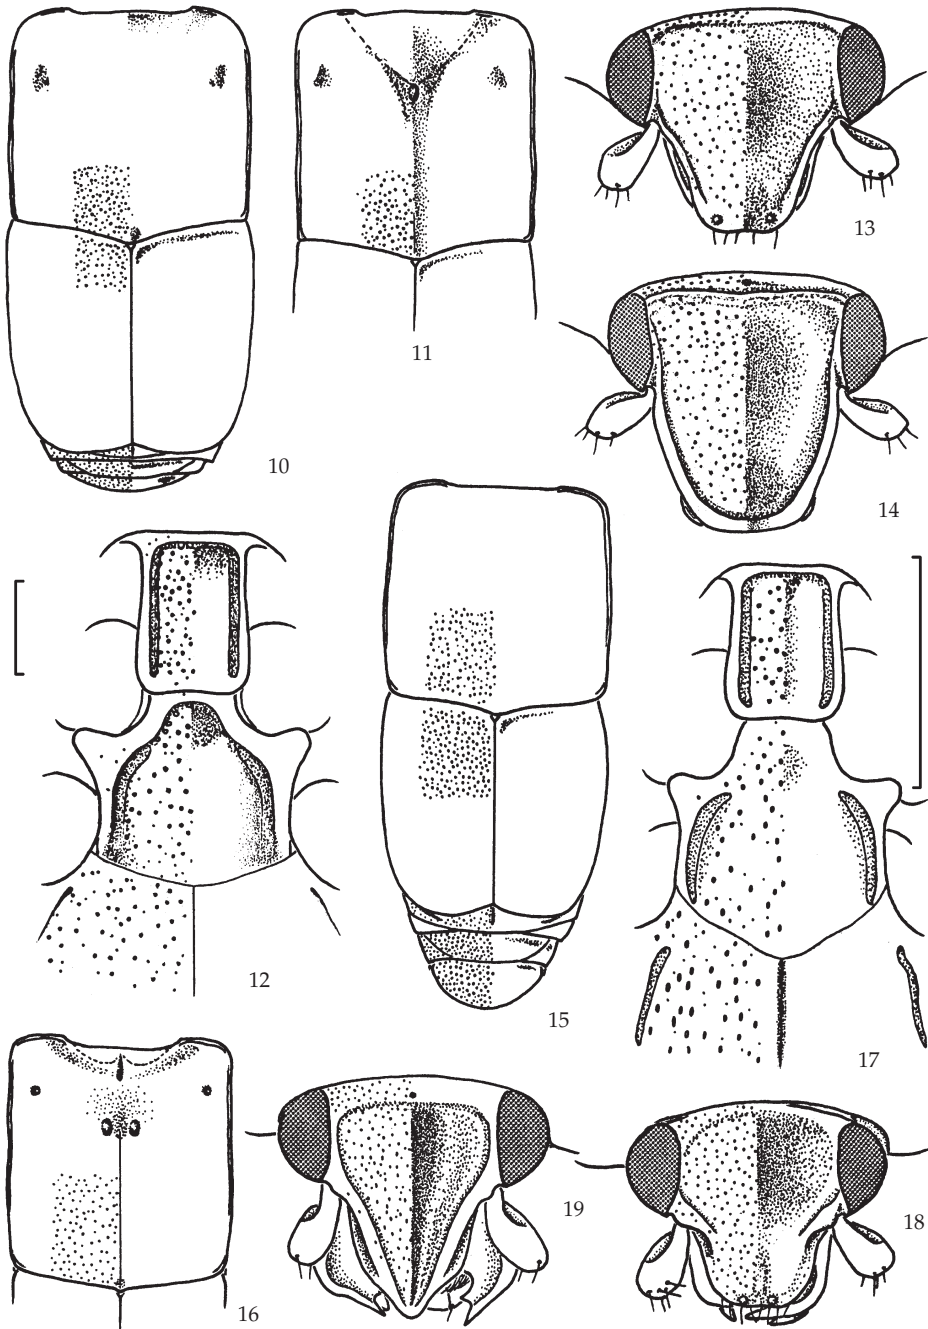

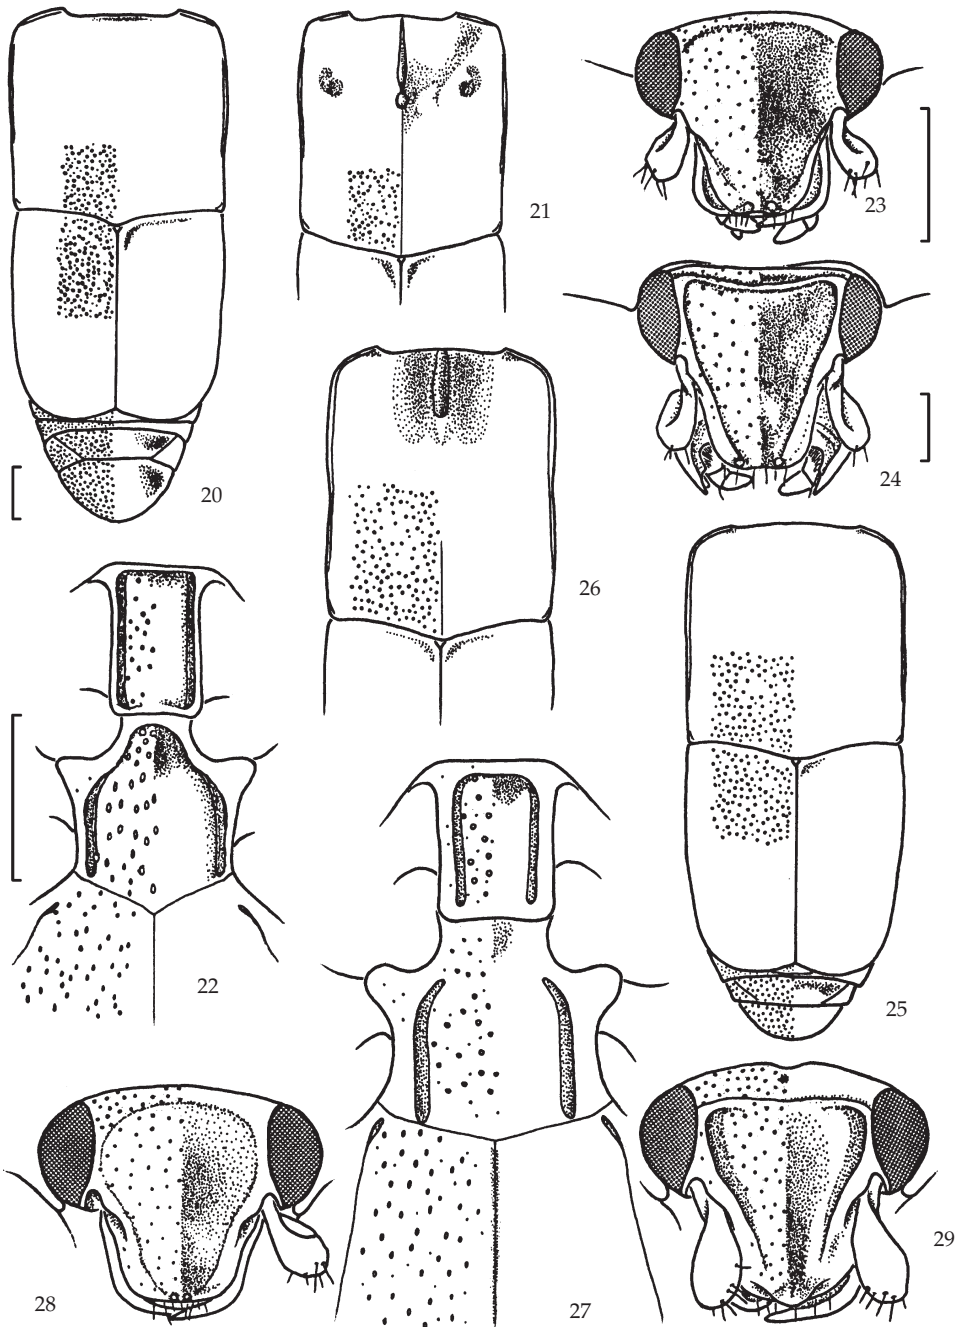

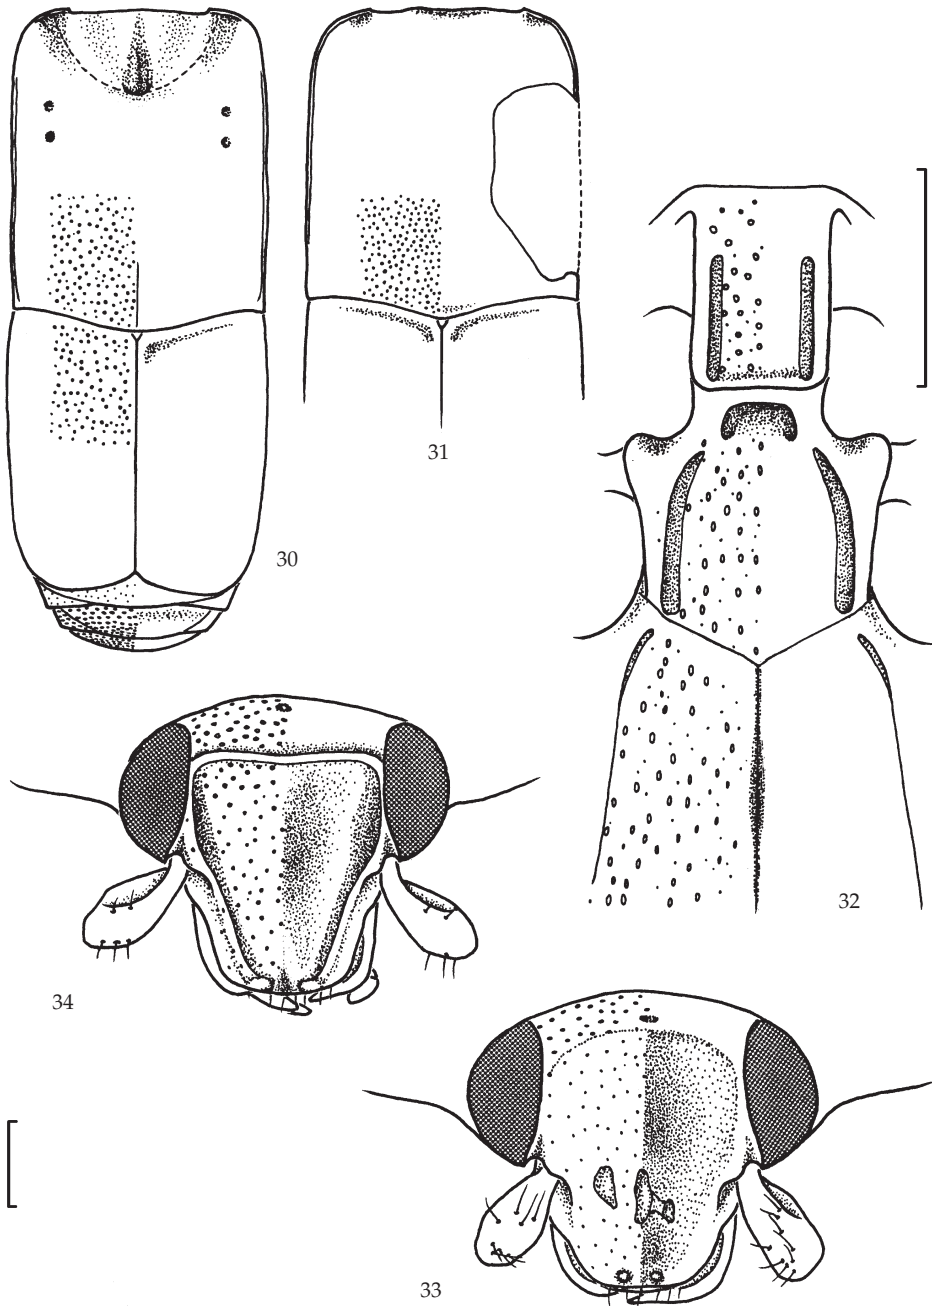

Figs 1-4, *Trypeticus cinctipygus* (Marseul); figs 5-8, *Trypanaeus quadricollis* Marseul; fig. 9, punctures in longitudinal section (schematic). - 1, 5, left antenna (superior side). - 2, 6, left protibia (inner face), teeth strongly bent backwards, especially so in fig. 6. - 3, 7, left mesotibia (outer face). - 4, left metatibia (outer face). - 8, right metatibia (outer face). Scale line: 0.5 mm.

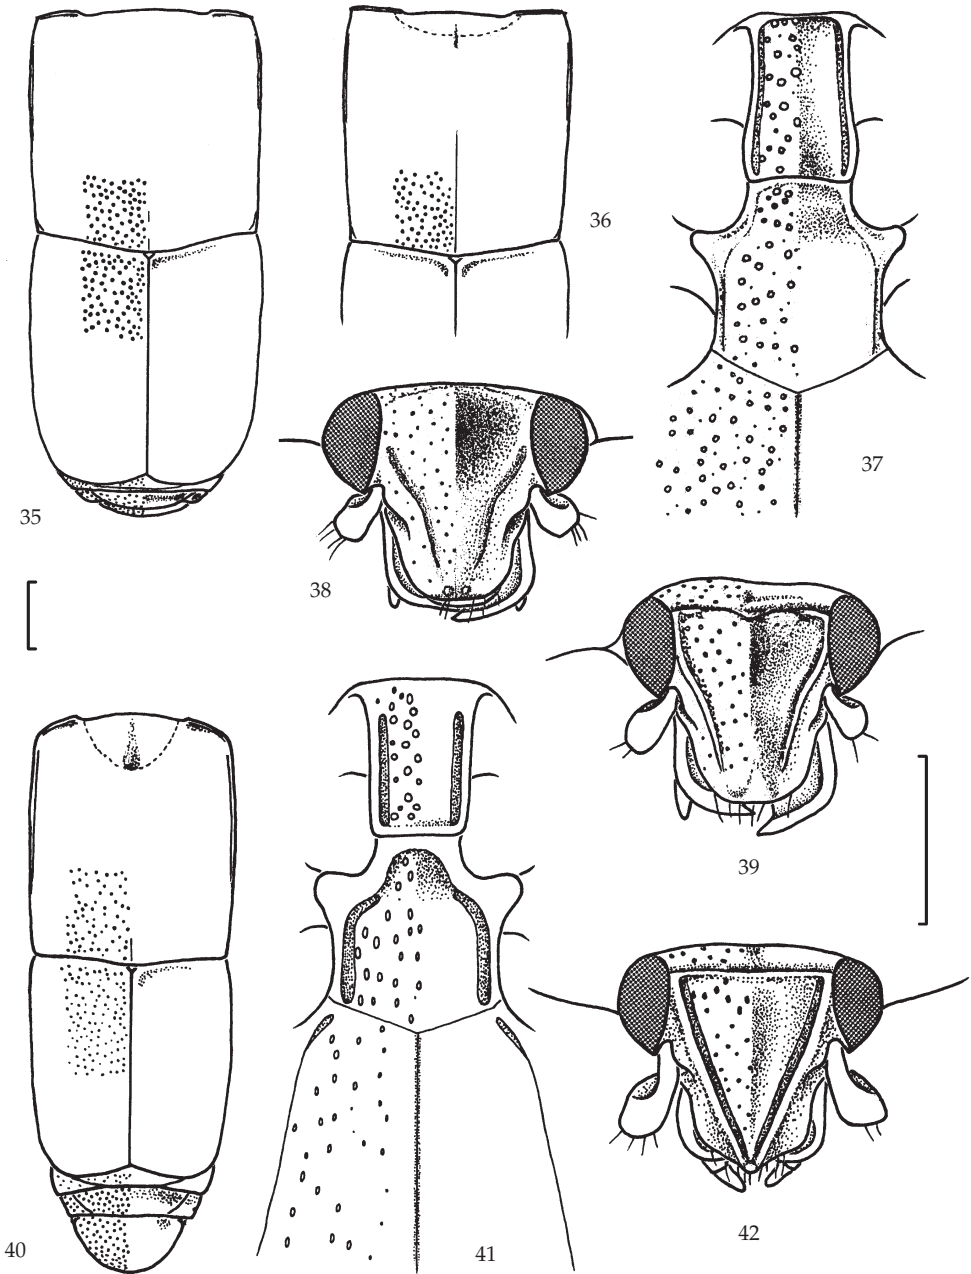

Figs 10-14, *Trypeticus immanis* spec. nov.; figs 15-19, *Trypeticus albertisii* (Gestro). - 10, 15, dorsal view, male (in part). - 11, 16, female pronotum, dorsal view. - 12, 17, pro-, meso- and anterior part of metasternum, male, ventral view. - 13, 18, head male (frontal view). - 14, 19, head female (frontal view). Scale lines: 1.0 mm, left line for figs 10-11, 15-16 and right line for figs 12-14, 17-19.

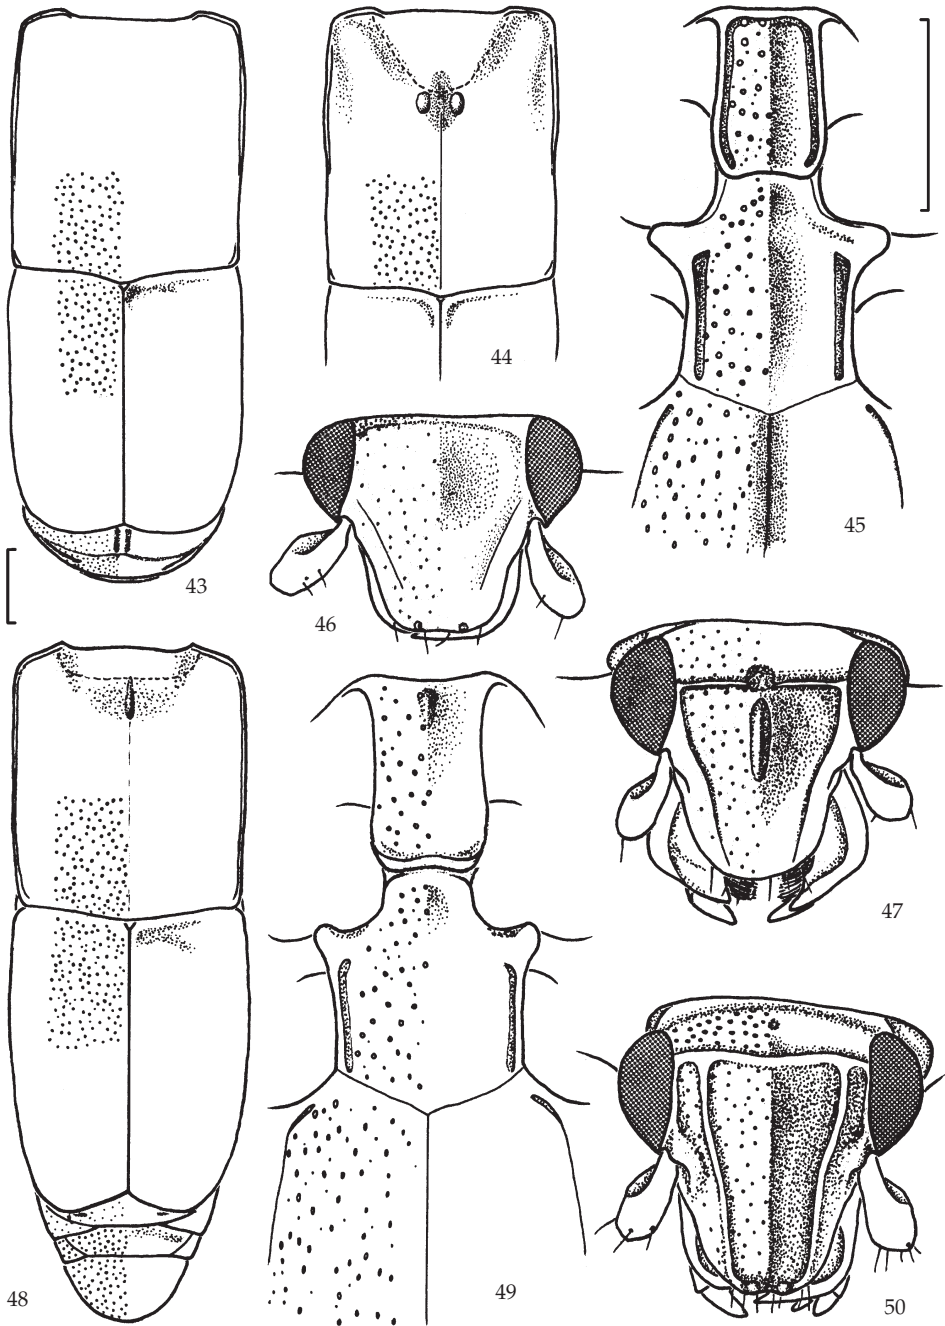

Figs 20-24, *Trypeticus crassus* Schmidt; figs 25-29, *Trypeticus beesoni* Desbordes. - 20, 25, dorsal view, male (in part). - 21, 26, female pronotum, dorsal view. - 22, 27, pro-, meso- and anterior part of metasternum, male, ventral view. - 23, 28, head male (frontal view). - 24, 29, head female (frontal view). Scale lines: 0.5 mm, left line above for figs 20-21, left line below for figs 27-29, right line above for figs 22-24, right line below for figs 25-26.

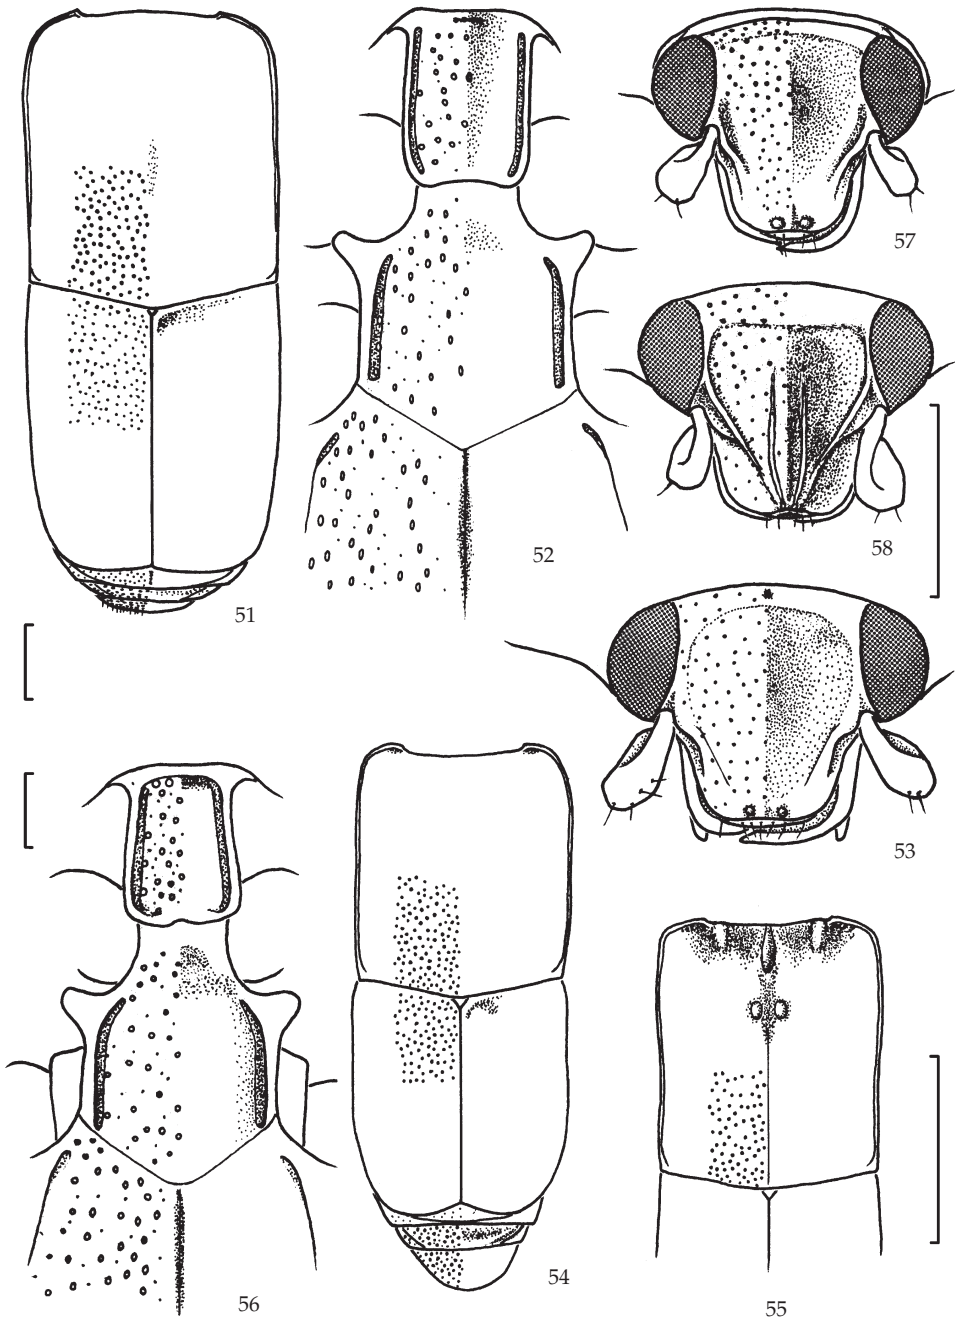

Figs 30-34, *Trypeticus pedersenii* spec. nov. - 30, dorsal view, female (in part). - 31, male pronotum, dorsal view. - 32, pro-, meso- and anterior part of metasternum, female, ventral view. - 33, head male (frontal view). - 34, head female (frontal view). Scale lines: 0.5 mm, left line for figs 30-31, right line for figs 32-34.

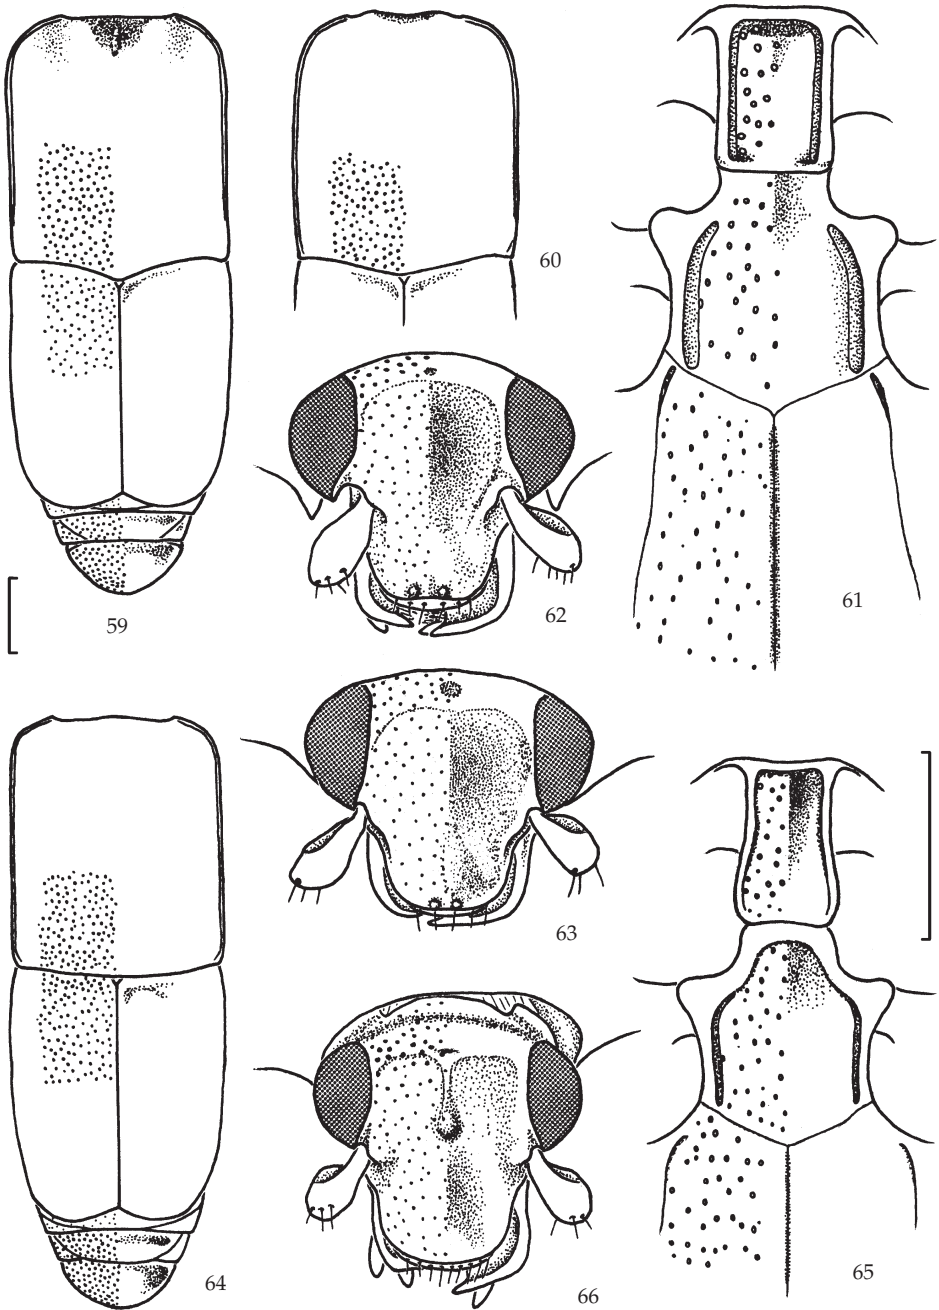

Figs 35-39, *Trypeticus rectangulus* spec. nov.; figs 40-42, *Trypeticus trigonifrons* spec. nov. - 35, dorsal view, male (in part). - 36, female pronotum, dorsal view. - 37, pro-, meso- and anterior part of metasternum, male, ventral view. - 38, head male (frontal view). - 39, 42, head female (frontal view). - 40, dorsal view, female (in part). - 41, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line for figs 35-36, 40, right line for figs 37-39, 41-42.

Figs 43-47, *Trypeticus helleri* Bickhardt; figs 48-50, *Trypeticus mazuri* spec. nov. - 43, dorsal view, male (in part). - 44, female pronotum, dorsal view. - 45, pro-, meso- and anterior part of metasternum, male, ventral view. - 46, head male (frontal view). - 47, 50, head female (frontal view). - 48, dorsal view, female (in part). - 49, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line for figs 43-44, 48, right line for figs 45-47, 49-50.

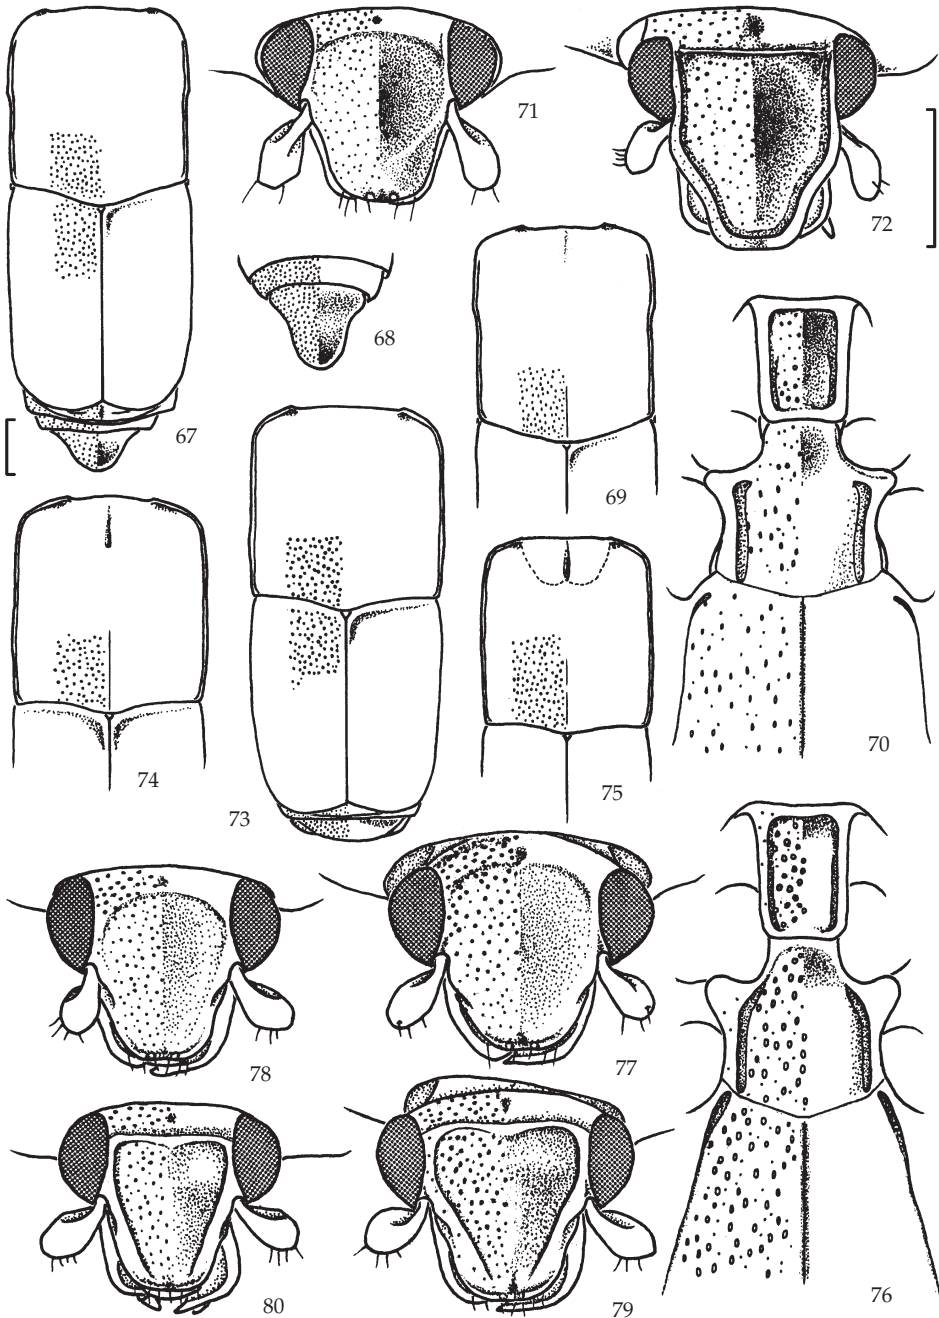

Figs 51-53, *Trypeticus poggii* spec. nov.; figs 54-58, *Trypeticus gilolous* (Marseul). - 51, 54, dorsal view, male (in part). - 52, 56, pro-, meso- and anterior part of metasternum, male, ventral view. - 53, 57, head male (frontal view). - 55, female pronotum (dorsal view). - 58, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 51, left line below for figs 54-55, right line above for figs 52-53, right line below for figs 56-58.

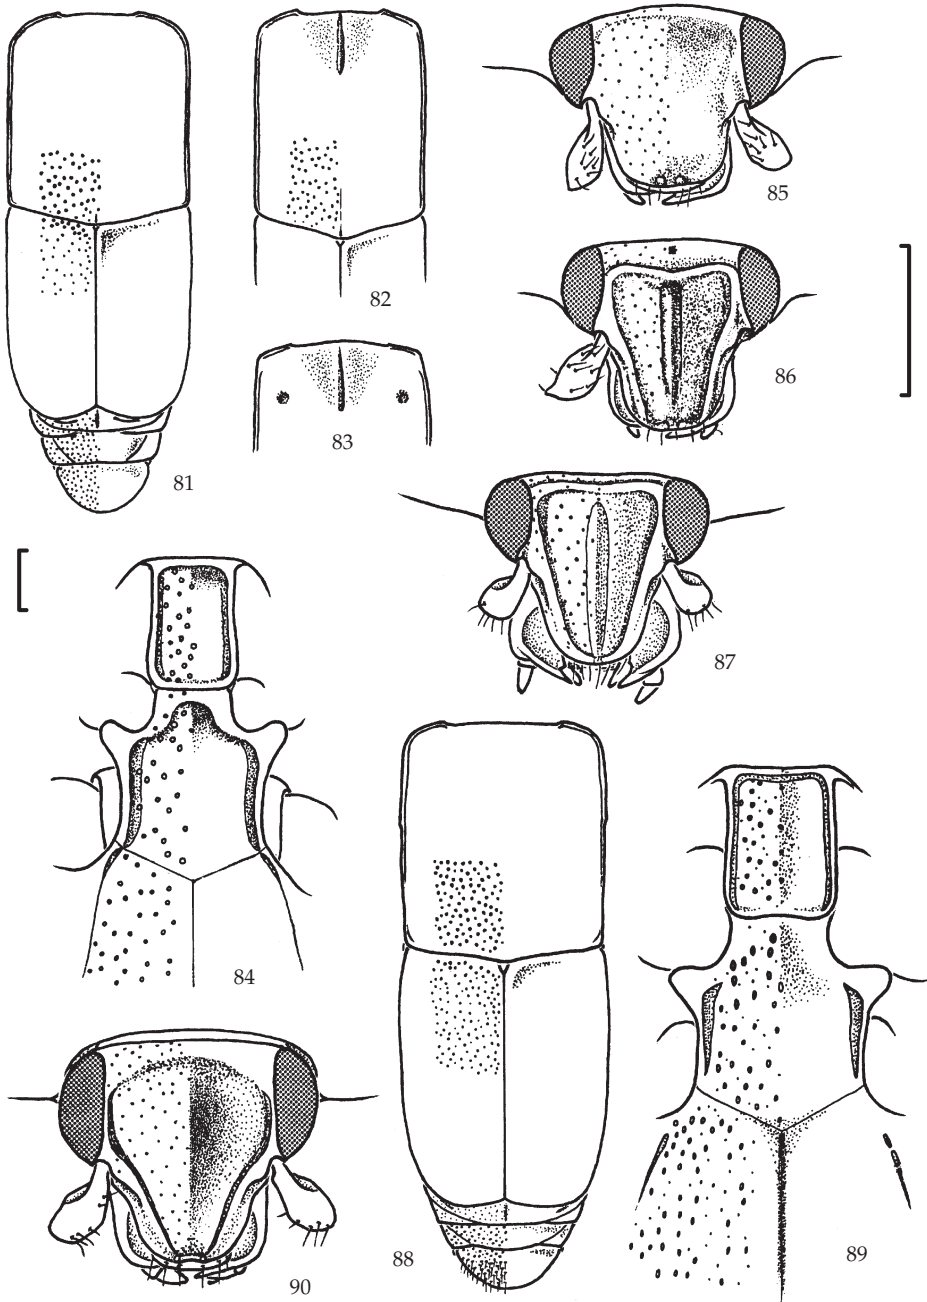

Figs 59-63, *Trypeticus incilis* Lewis; figs 64-66, *Trypeticus frontalis* Schmidt. - 59, dorsal view, female (in part). - 60, male pronotum, dorsal view. - 61, pro-, meso- and anterior part of metasternum, female, ventral view. - 62, 66, head male (frontal view). - 63, head female (frontal view). - 64, dorsal view, male (in part). - 65, pro-, meso- and anterior part of metasternum, male, ventral view. Scale lines: 0.5 mm, left line for figs 59-60, 64, right line for figs 61-63, 65-66.

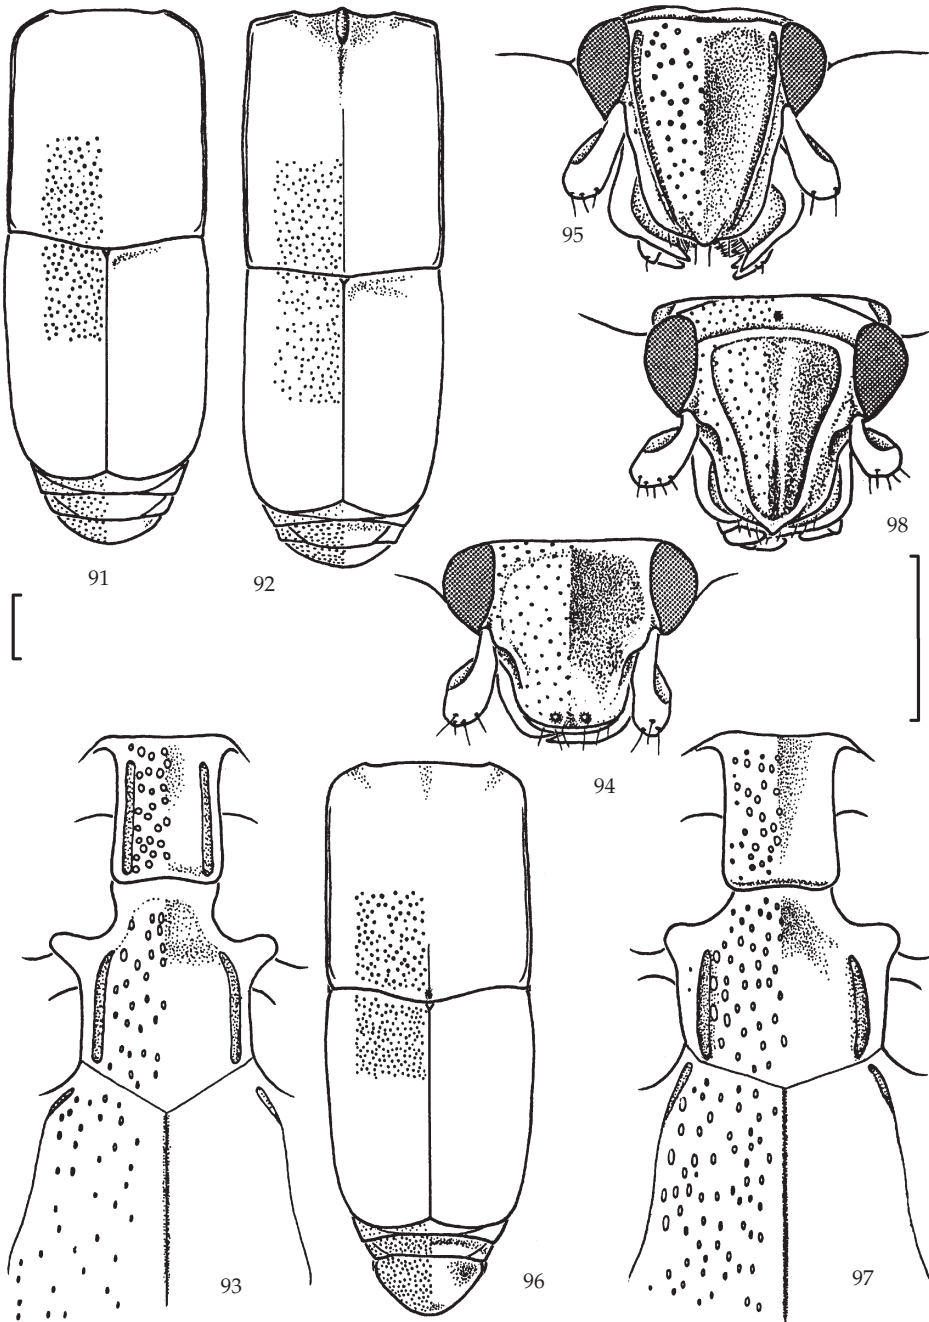

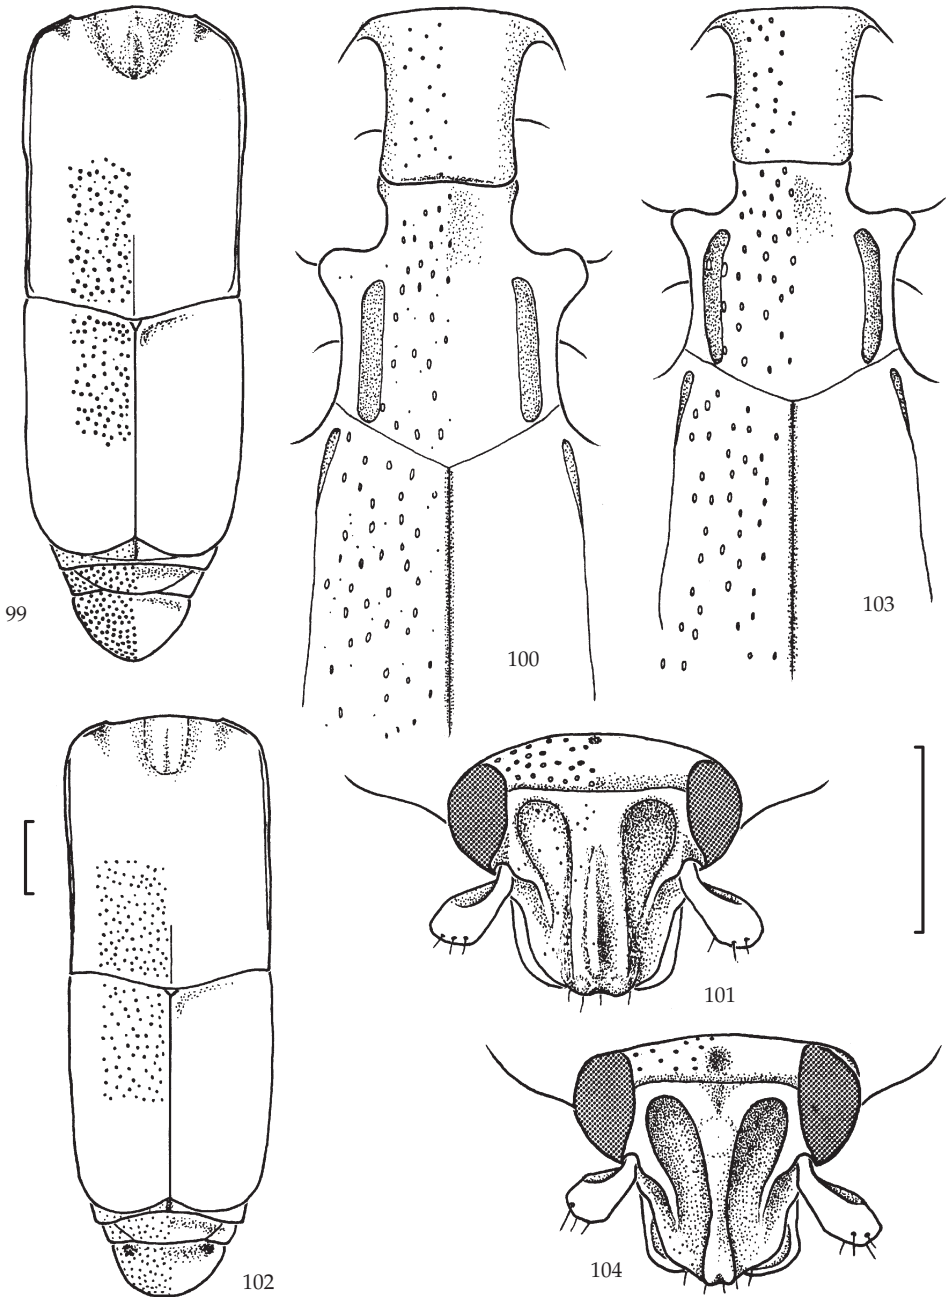

Figs 67-72, *Trypeticus rostripygus* Bickhardt; figs 73-80, *Trypeticus nemorivagus* Lewis. - 67, 73, dorsal view, male (in part). - 68, pygidium (seen from a direction perpendicular to its plane). - 69, 74, female pronotum, dorsal view. - 75, idem (variety). - 70, 76, pro-, meso- and anterior part of metasternum, male, ventral view. - 71, 77, head male (frontal view). - 78, idem (variety). - 72, 79, head female (frontal view). - 80, idem (variety). Scale lines: 0.5 mm, left line for figs 67-69, 73-75, right line for figs 70-72, 76-80.

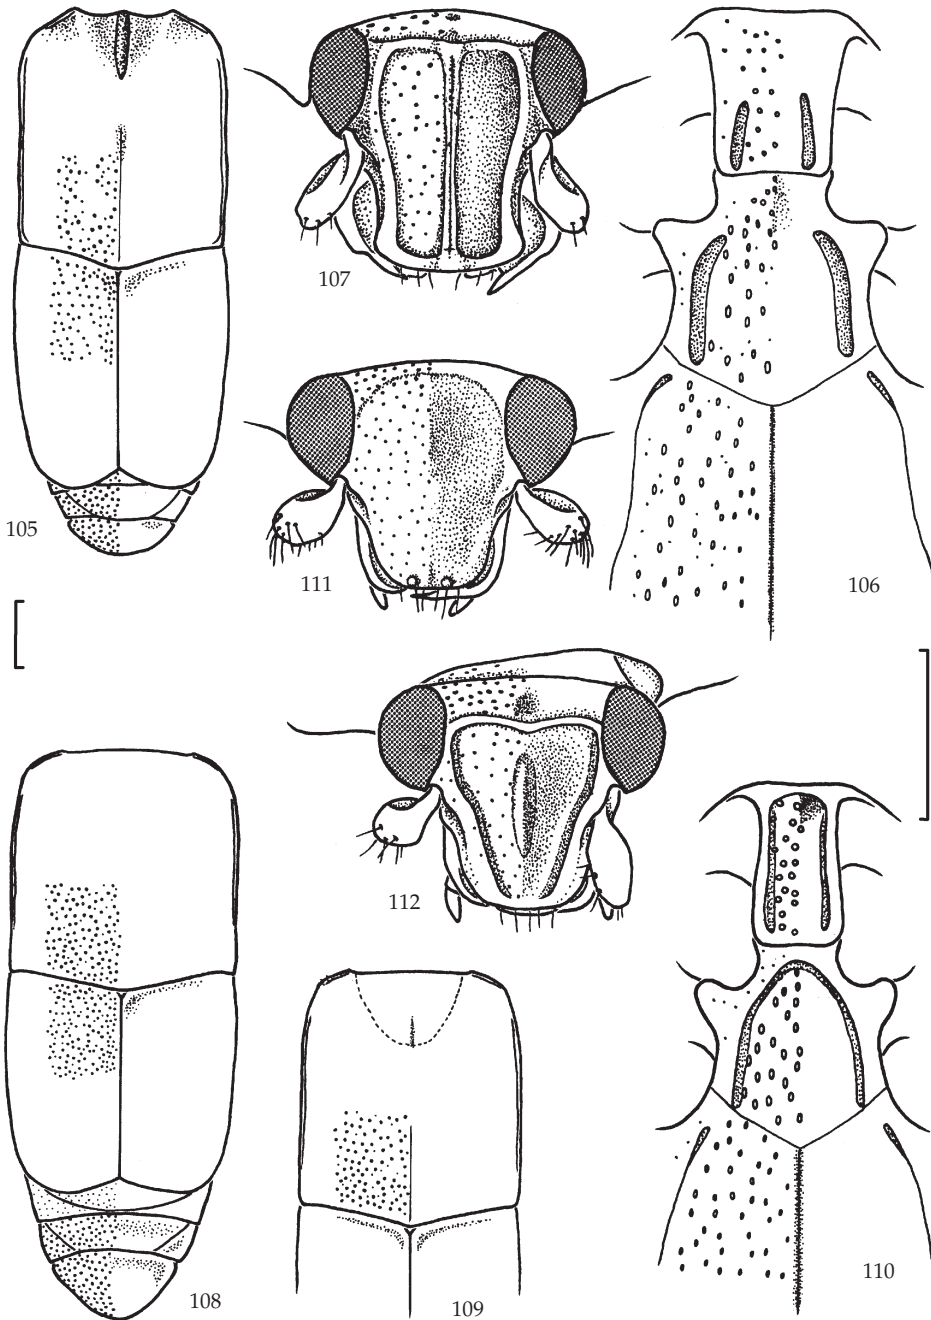

Figs 81-87, *Trypeticus huijbregtsi* spec. nov.; figs 88-90, *Trypeticus alticola* spec. nov. - 81, 88, dorsal view, male (in part). - 82, female pronotum, dorsal view. - 83, idem, anterior part (variety). - 84, 89, pro-, meso- and anterior part of metasternum, male, ventral view. - 85, 90, head male (frontal view). - 86, head female (frontal view). - 87, idem (variety). Scale lines: 0.5 mm, left line for figs 81-83, 88, right line for figs 84-87, 89-90.

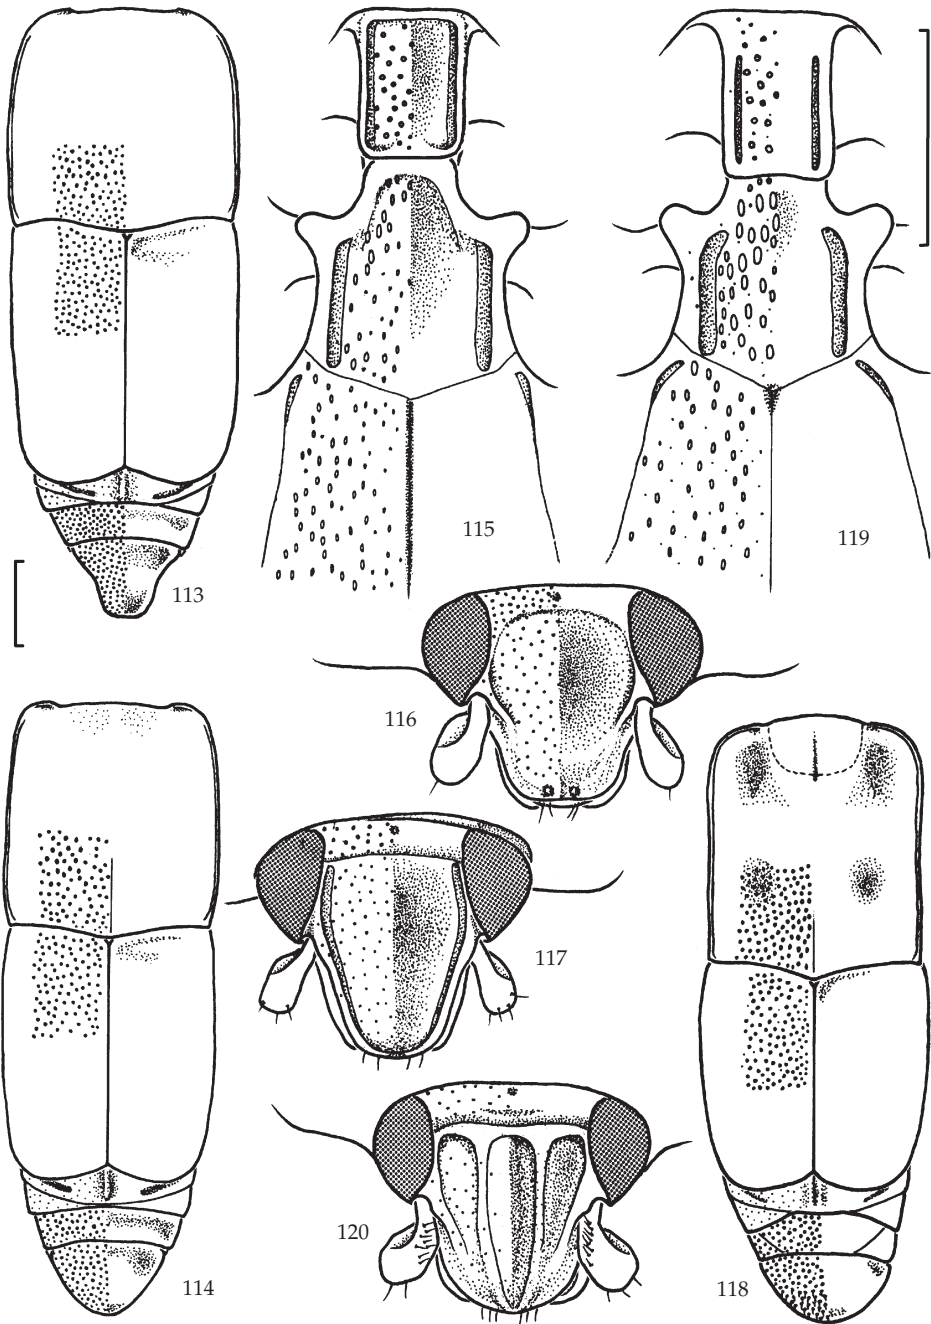

Figs 91-95, *Trypeticus kirtoni* spec. nov.; figs 96-98, *Trypeticus kapleri* spec. nov. - 91, dorsal view, male (in part). - 92, 96, dorsal view, female (in part). - 93, 97, pro-, meso- and anterior part of metasternum, female, ventral view. - 94, head male (frontal view). - 95, 98, head female (frontal view). Scale lines: 0.5 mm, left line for figs 91-92, 96, right line for figs 93-95, 97-98.

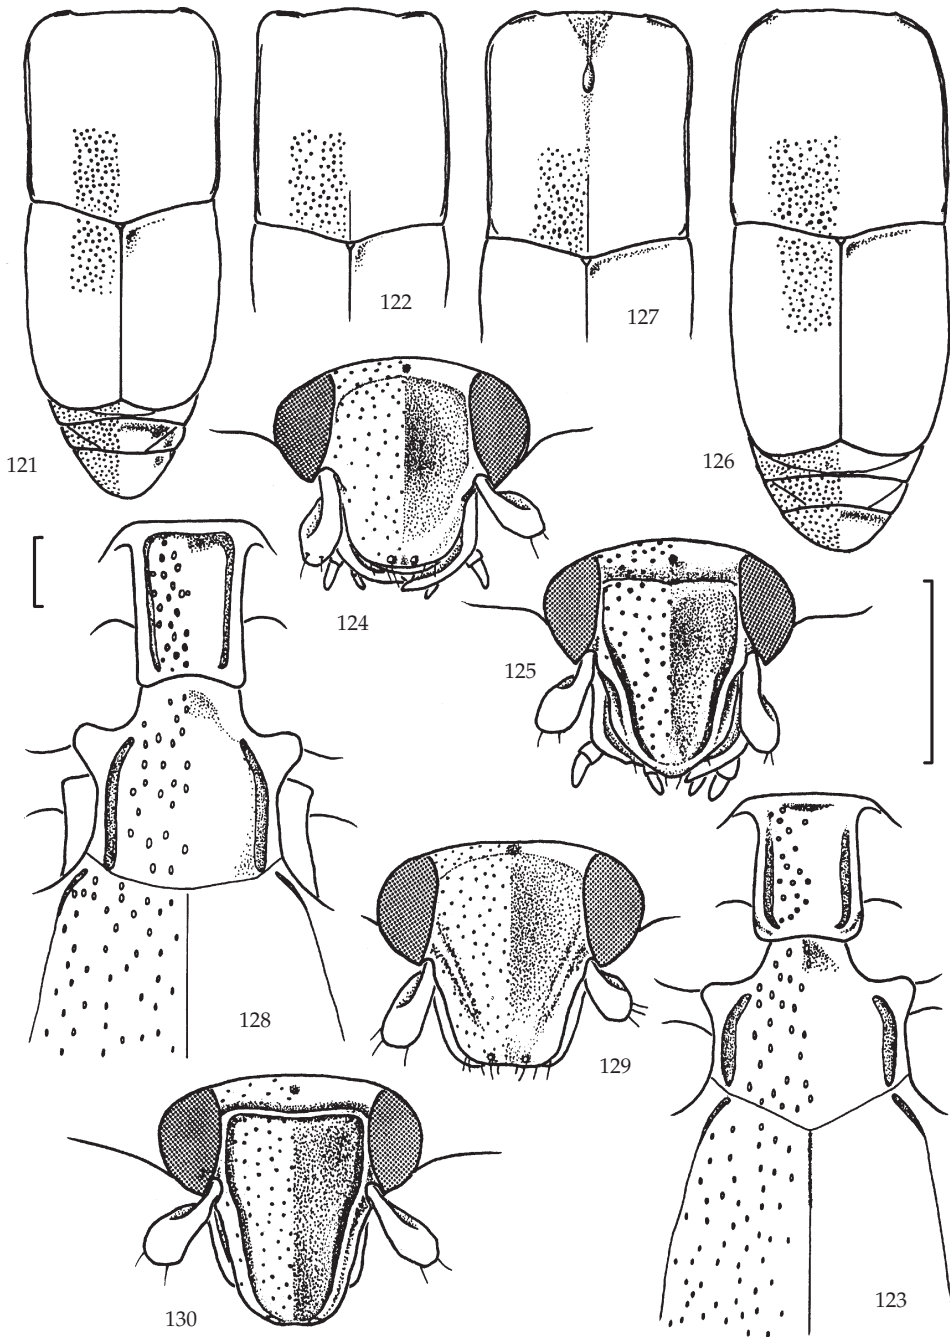

Figs 99-101, *Trypeticus planisternus* Lewis; figs 102-104, *Trypeticus mirandus* spec. nov. - 99, 102, dorsal view, female (in part). - 100, 103, pro-, meso- and anterior part of metasternum, female, ventral view. - 101, 104, head female (frontal view). Scale lines: 0.5 mm, left line for figs 99, 102, right line for figs 100-101, 103-104.

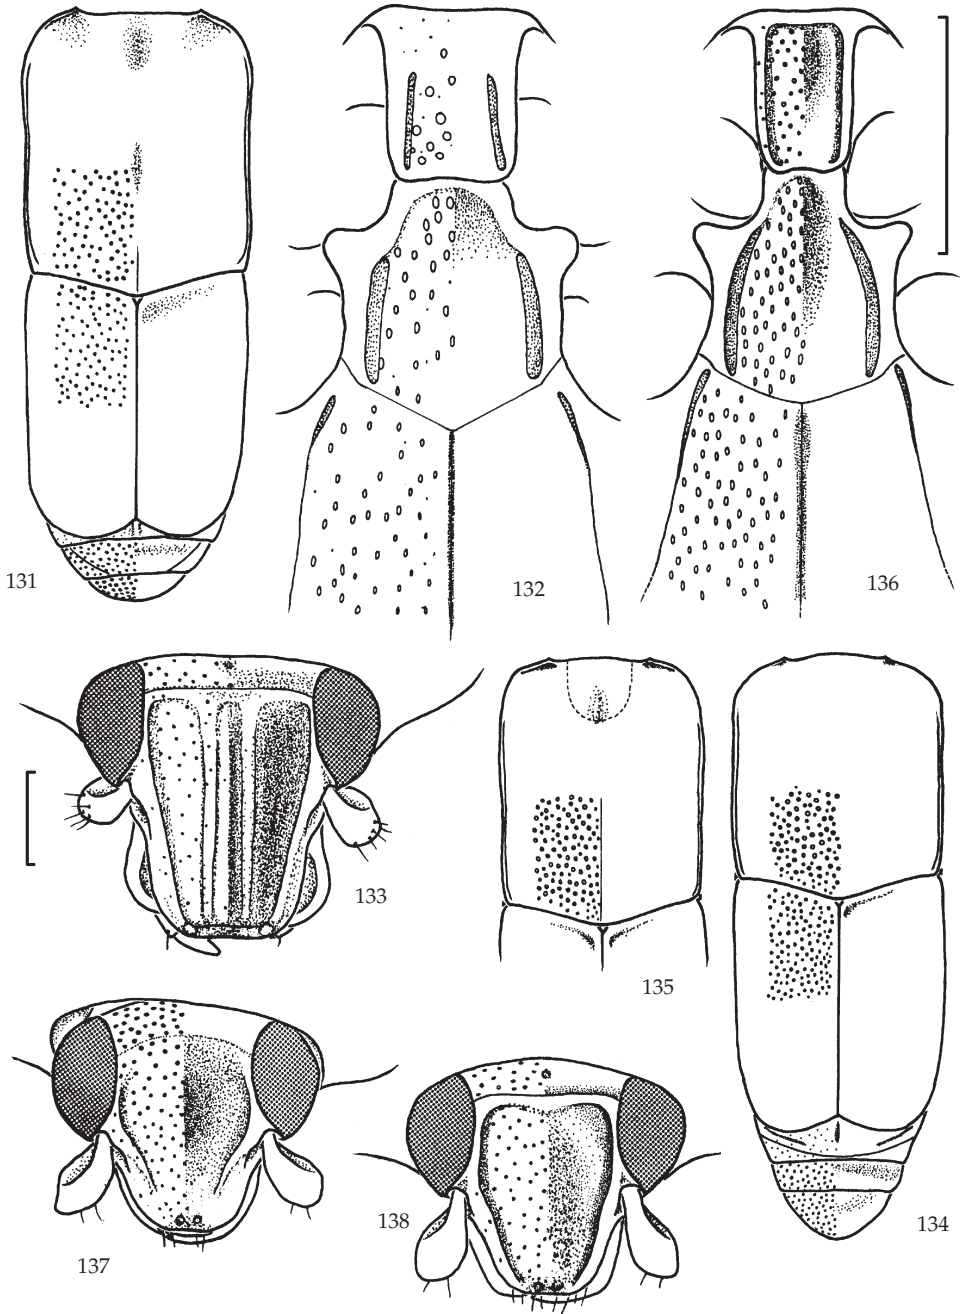

Figs 105-107, *Trypeticus latirostrum* spec. nov.; figs 108-112, *Trypeticus kalemantanus* (Marseul). - 105, dorsal view, female (in part). - 106, pro-, meso- and anterior part of metasternum, female, ventral view. - 107, 112, head female (frontal view). - 108, dorsal view, male (in part). - 109, pronotum female (dorsal view). - 110, pro-, meso- and anterior part of metasternum, male, ventral view. - 111, head male (frontal view). Scale lines: 0.5 mm, left line for figs 105, 108-109, right line for figs 106-107, 110-112.

Figs 113-117, *Trypeticus rostricauda* spec. nov.; figs 118-120, *Trypeticus foveicollis* spec. nov. - 113, dorsal view, male (in part). - 114, 118, dorsal view, female (in part). - 115, pro-, meso- and anterior part of metasternum, male, ventral view. - 116, head male (frontal view). - 117, 120, head female (frontal view). - 119, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line for figs 113-114, 118, right line for figs 115-117, 119-120.

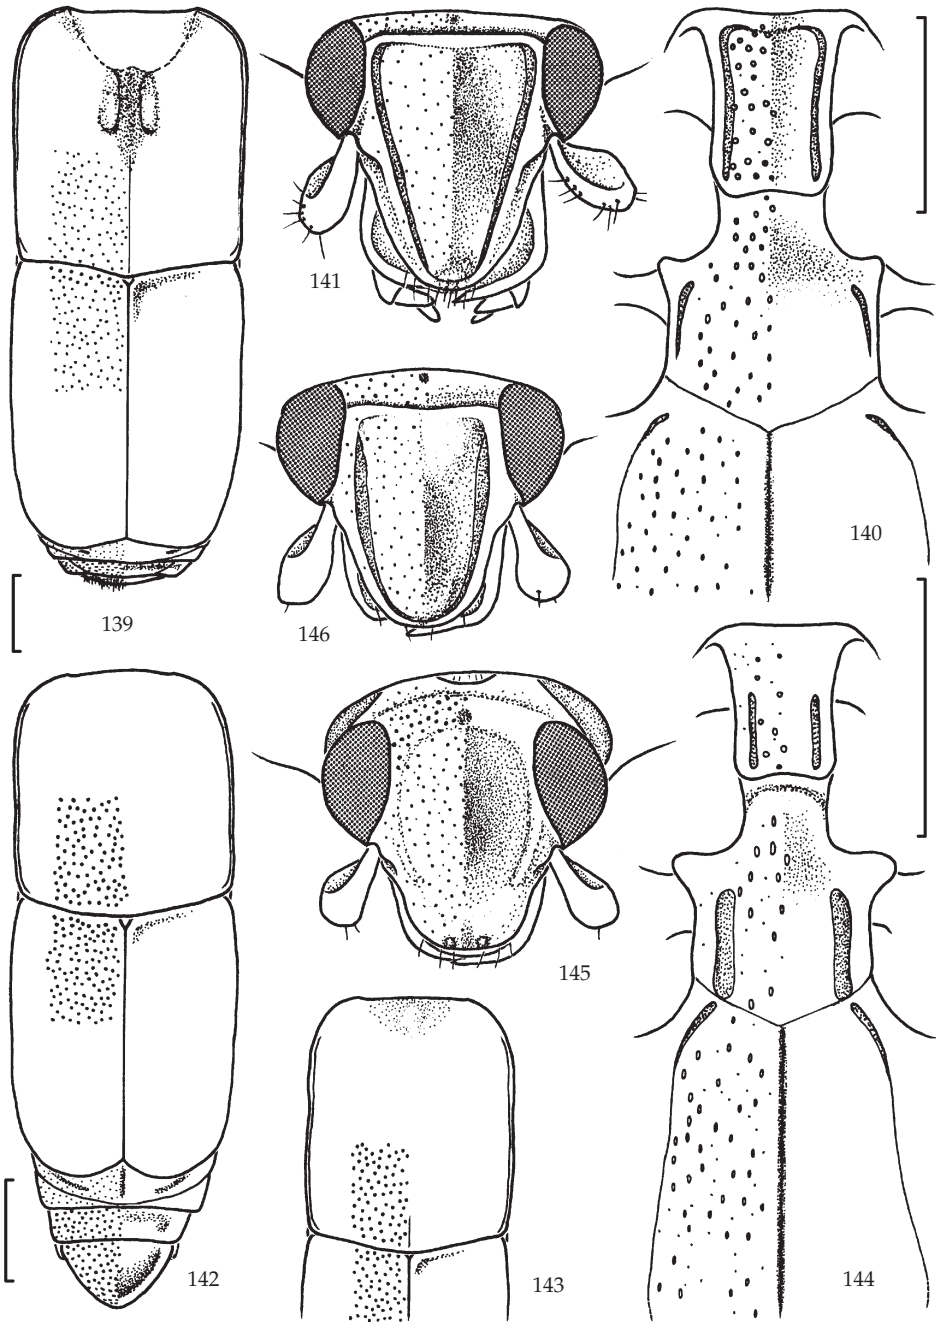

Figs 121-125, *Trypeticus kalshoveni* spec. nov.; figs 126-130, *Trypeticus tuberculinotum* spec. nov. - 121, 126, dorsal view, male (in part). - 122, 127, female pronotum, dorsal view. - 123, 128, pro-, meso- and anterior part of metasternum, male, ventral view. - 124, 129, head male (frontal view). - 125, 130, head female (frontal view). Scale lines: 0.5 mm, left line for figs 121-122, 126-127, right line for figs 123-125, 128-130.

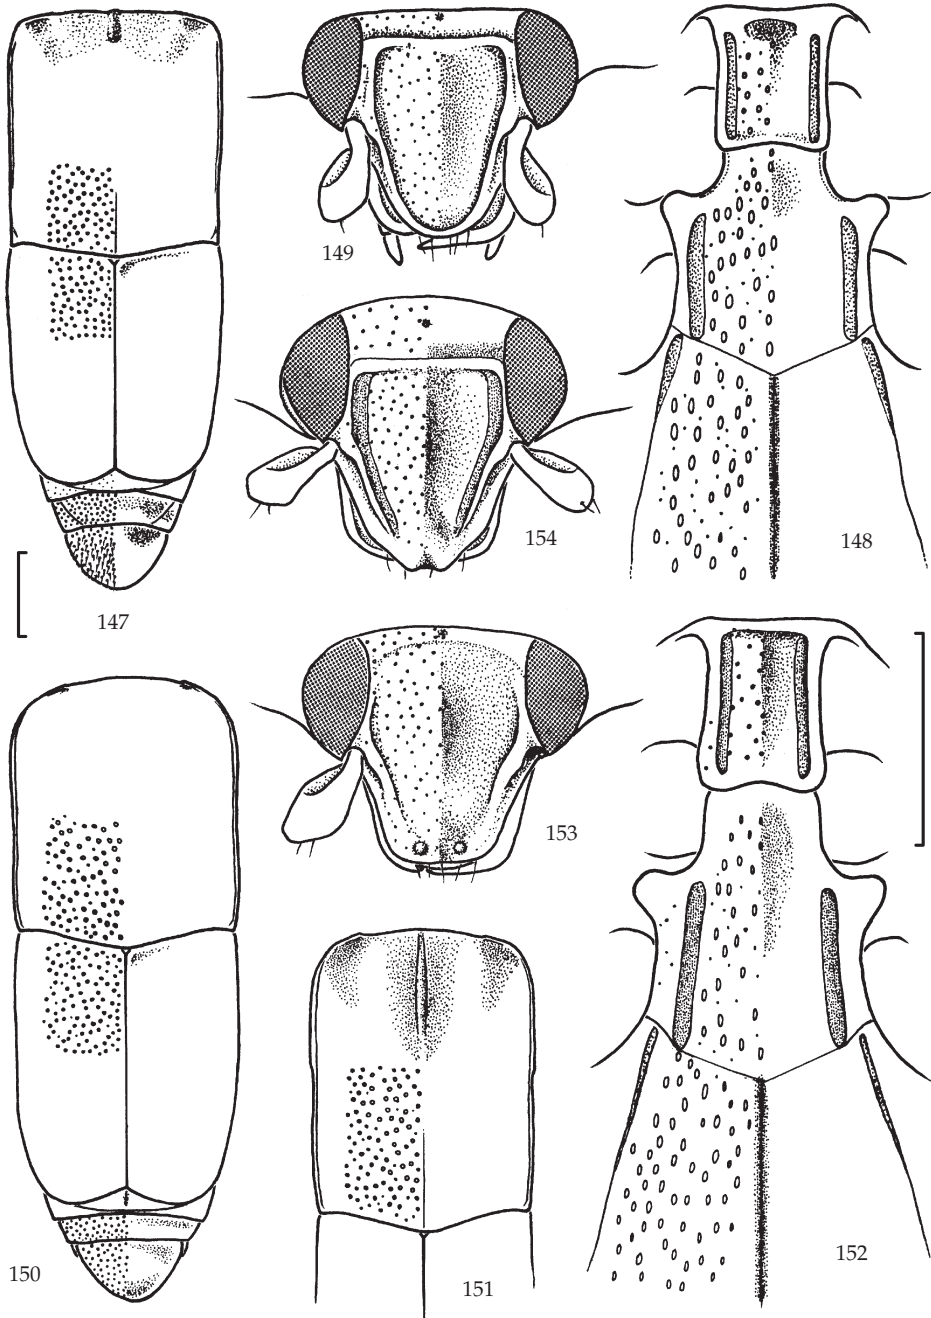

Figs 131-133, *Trypeticus clarus* spec. nov.; figs 134-138, *Trypeticus danielssoni* spec. nov. - 131, dorsal view, female (in part). - 132, pro-, meso- and anterior part of metasternum, female, ventral view. - 133, 138, head female (frontal view). - 134, dorsal view, male (in part). - 135, female pronotum (dorsal view). - 136, pro-, meso- and anterior part of metasternum, male, ventral view. - 137, head male (frontal view). Scale lines: 0.5 mm, left line for figs 131, 134-135, right line for figs 132-133, 136-138.

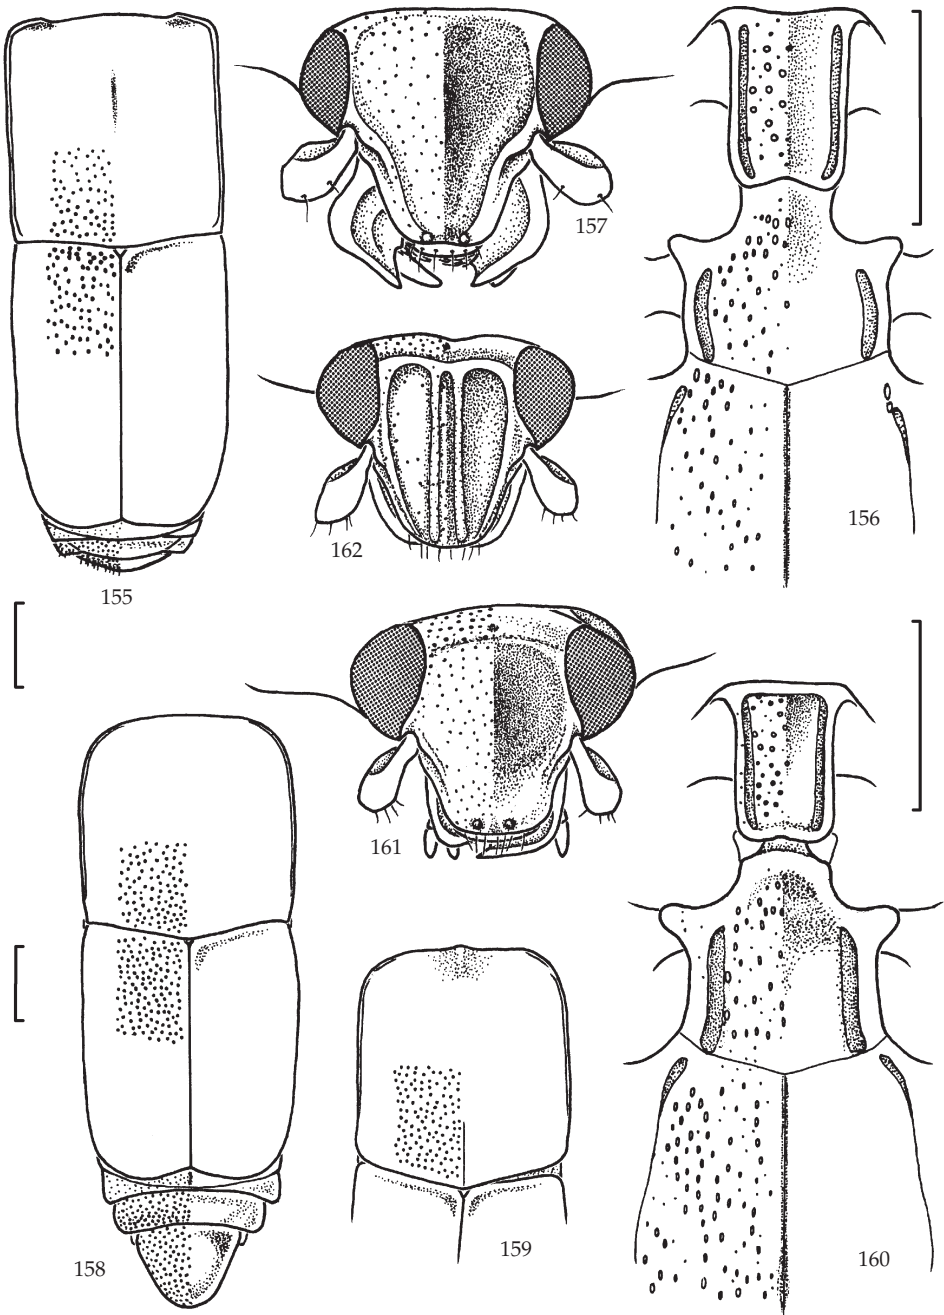

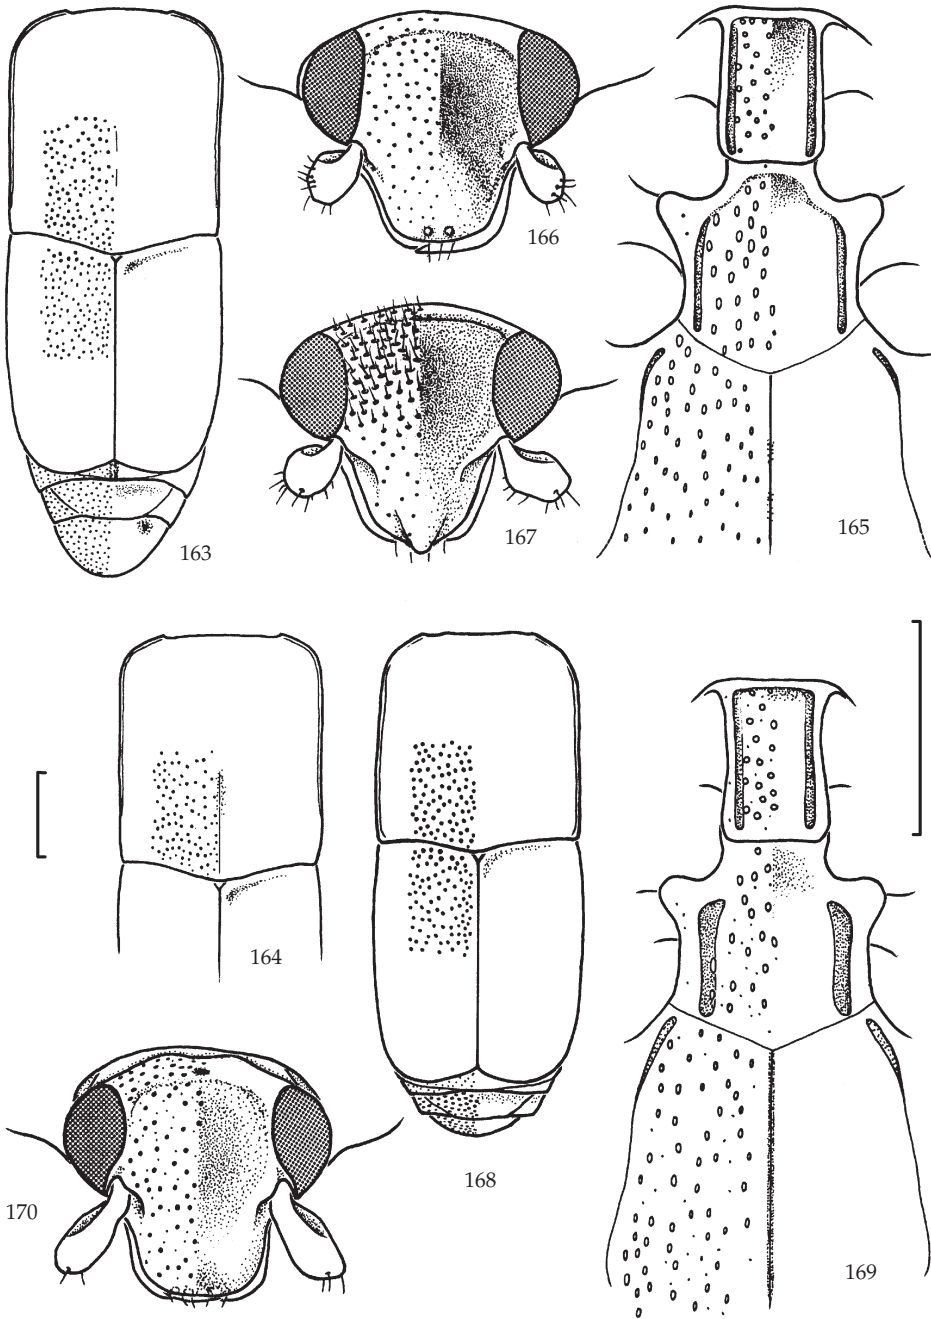

Figs 139-141, *Trypeticus nitens* spec. nov.; figs 142-146, *Trypeticus vanasseni* spec. nov. - 139, dorsal view, female (in part). - 140, 144, pro-, meso- and anterior part of metasternum, female, ventral view. - 141, 146, head female (frontal view). - 142, dorsal view, male (in part). - 143, female pronotum (dorsal view). - 145, head male (frontal view). Scale lines: 0.5 mm, left line above for fig. 139, left line below for figs 142-143, right line above for figs 140-141, right line below for figs 144-146.

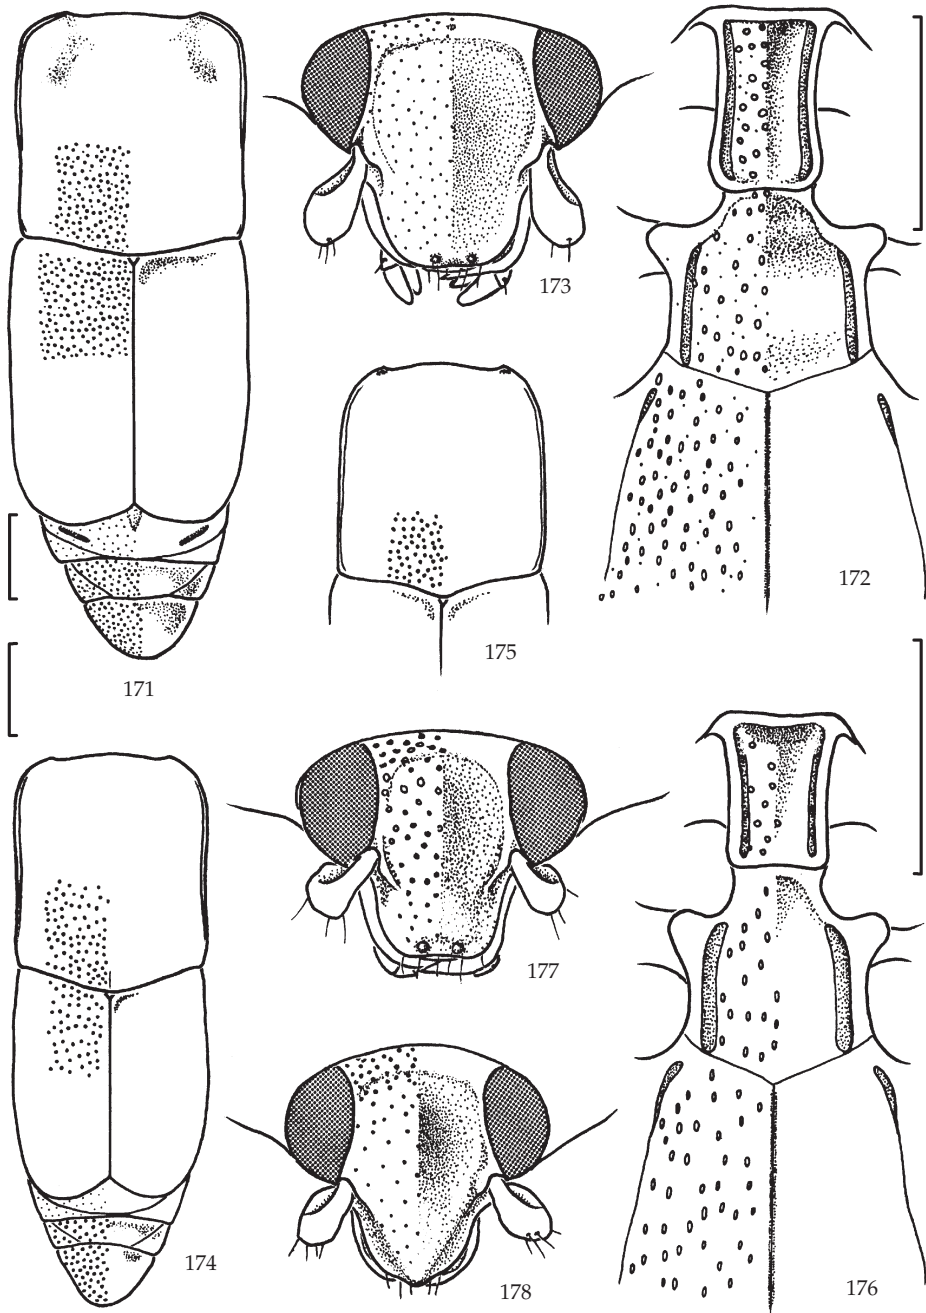

Figs 147-149, *Trypeticus uhligi* spec. nov.; figs 150-154, *Trypeticus hielkemaorum* spec. nov. - 147, dorsal view, female (in part). - 148, pro-, meso- and anterior part of metasternum, female, ventral view. - 149, 154, head female (frontal view). - 150, dorsal view, male (in part). - 151, female pronotum (dorsal view). - 152, pro-, meso- and anterior part of metasternum, male, ventral view. - 153, head male (frontal view). Scale lines: 0.5 mm, left line for figs 147, 150-151, right line for figs 148-149, 152-154.

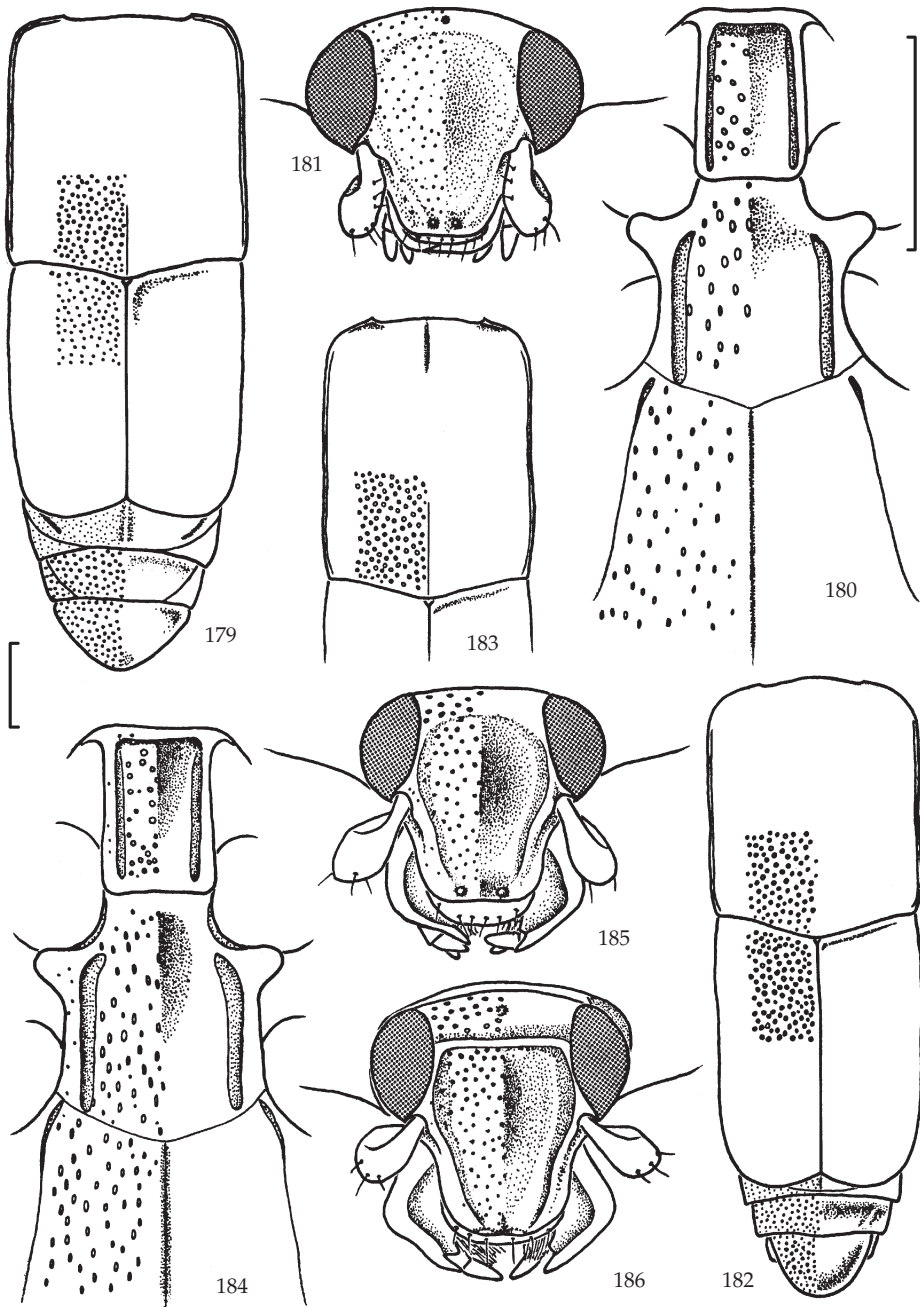

Figs 155-157, *Trypeticus valens* spec. nov.; figs 158-162, *Trypeticus carinifrons* spec. nov. - 155, 158, dorsal view, male (in part). - 156, 160, pro-, meso- and anterior part of metasternum, male, ventral view. - 157, 161, head male (frontal view). - 159, pronotum female (dorsal view). - 162, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 155, left line below for figs 158-159, right line above for figs 156-157, right line below for figs 160-162.

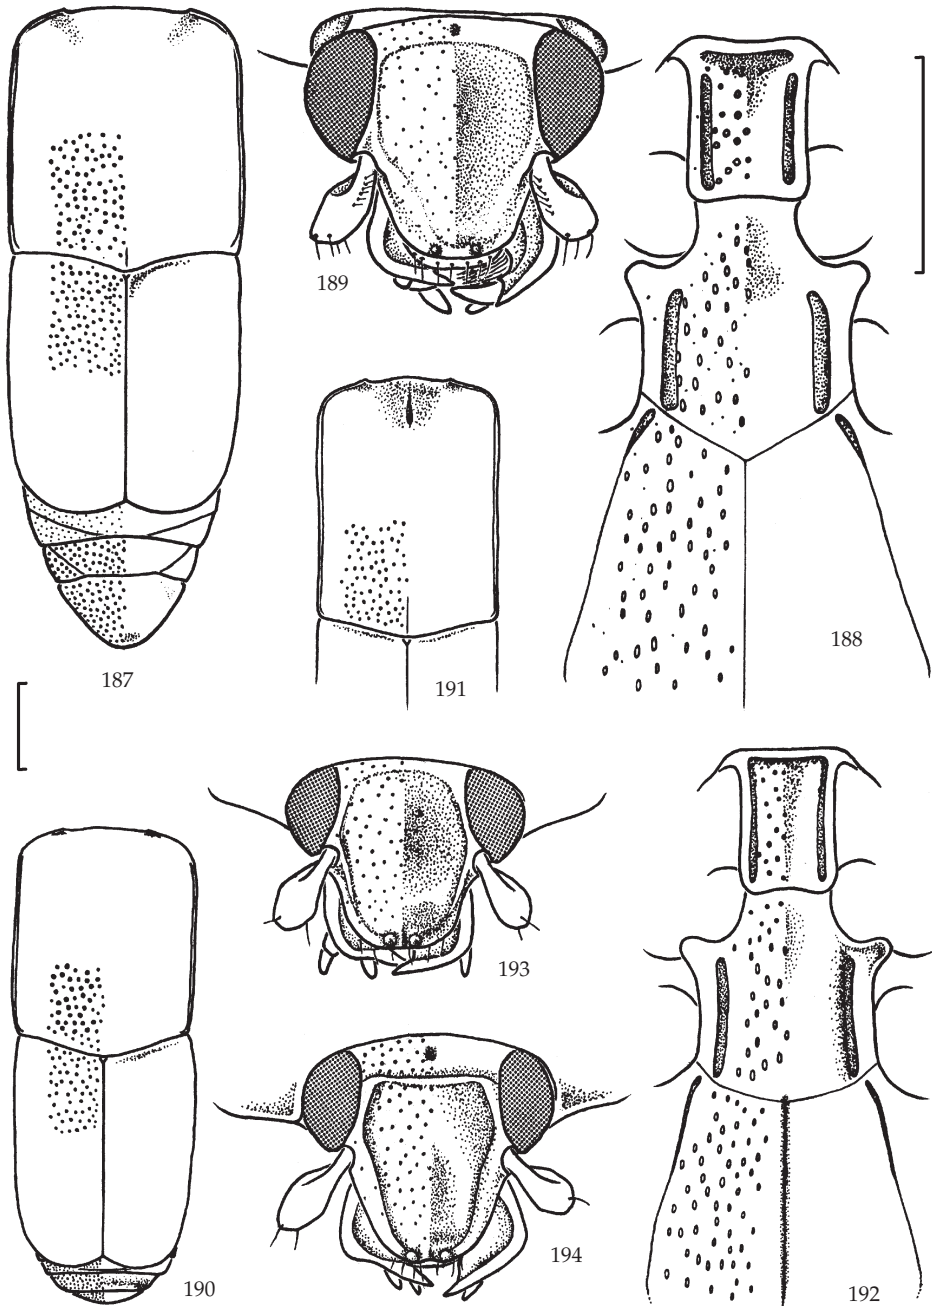

Figs 163-167, *Trypeticus capillatus* spec. nov.; figs 168-170, *Trypeticus therondi* spec. nov. - 163, 168, dorsal view, male (in part). - 164, female pronotum (dorsal view). - 165, 169, pro-, meso- and anterior part of metasternum, male, ventral view. - 166, 170, head male (frontal view). - 167, head female (frontal view). Scale lines: 0.5 mm, left line for figs 163-164, 168, right line for figs 165-167, 169-170.

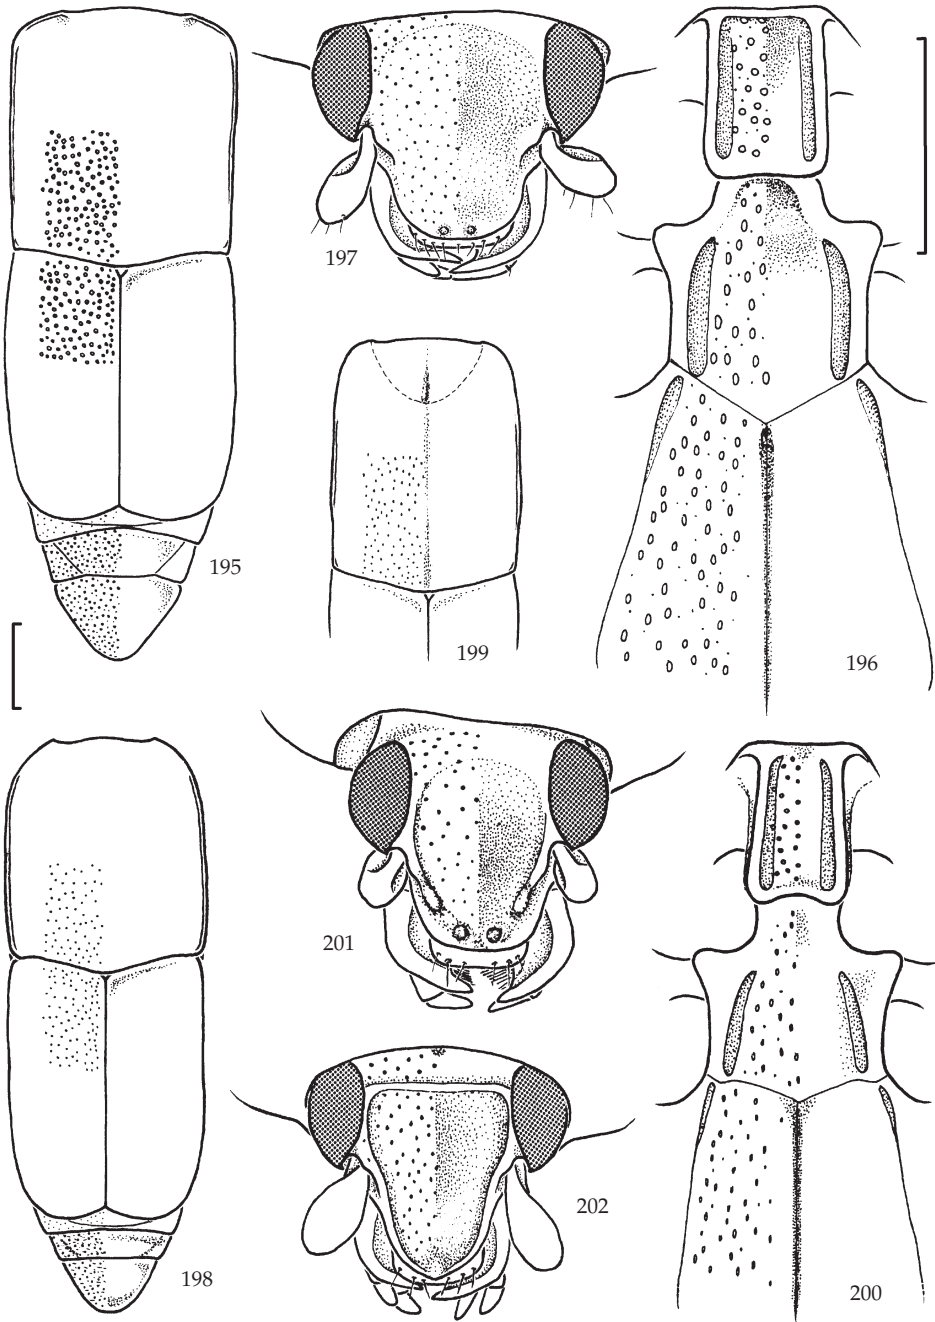

Figs 171-173, *Trypeticus caterinoi* spec. nov.; figs 174-178, *Trypeticus gomyi* spec. nov. - 171, dorsal view, male (in part). - 172, pro-, meso- and anterior part of metasternum, male, ventral view. - 173, 177, head male (frontal view). - 174, dorsal view, female (in part). - 175, male pronotum (dorsal view). - 176, pro-, meso- and anterior part of metasternum, female, ventral view. - 178, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 171, left line below for figs 174-175, right line above for figs 172-173, right line below for figs 176-178.

Figs 179-181, *Trypeticus merkli* spec. nov.; figs 182-186, *Trypeticus cinctipygus* (Marseul). - 179, 182, dorsal view, male (in part). - 180, 184, pro-, meso- and anterior part of metasternum, male, ventral view. - 181, 185, head male (frontal view). - 183, pronotum female (dorsal view) - 186, head female (frontal view). Scale lines: 0.5 mm, left line for figs 179, 182-183, right line for figs 180-181, 184-186.

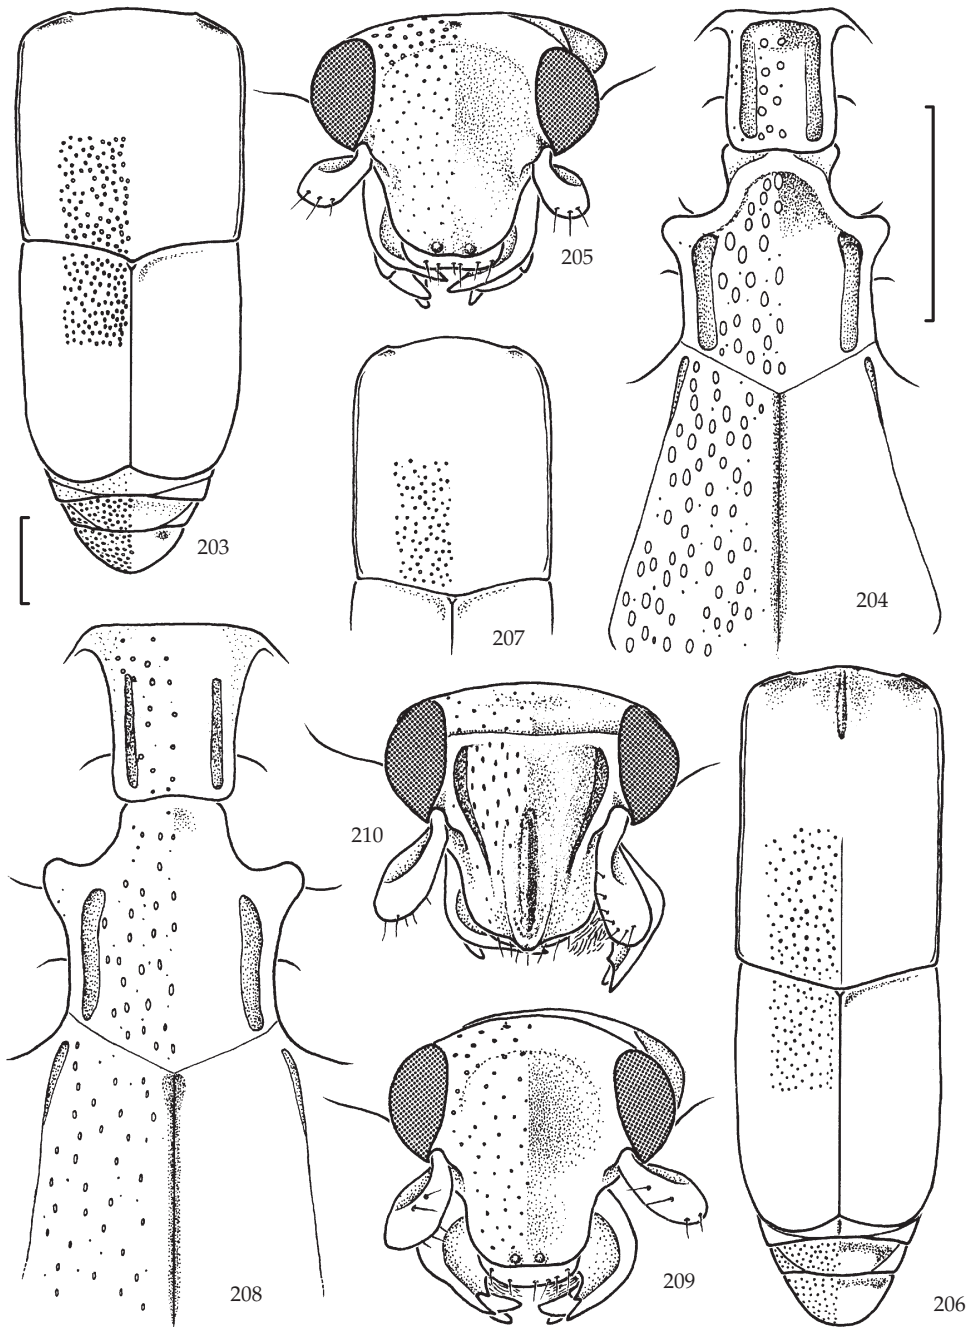

Figs 187-189, *Trypeticus convexicollis* spec. nov.; figs 190-194, *Trypeticus indicus* Lewis. - 187, 190, dorsal view, male (in part). - 188, 192, pro-, meso- and anterior part of metasternum, male, ventral view. - 189, 193, head male (frontal view). - 191, female pronotum (dorsal view) - 194, head female (frontal view). Scale lines: 0.5 mm, left line for figs 187, 190-191, right line for figs 188-189, 192-194.

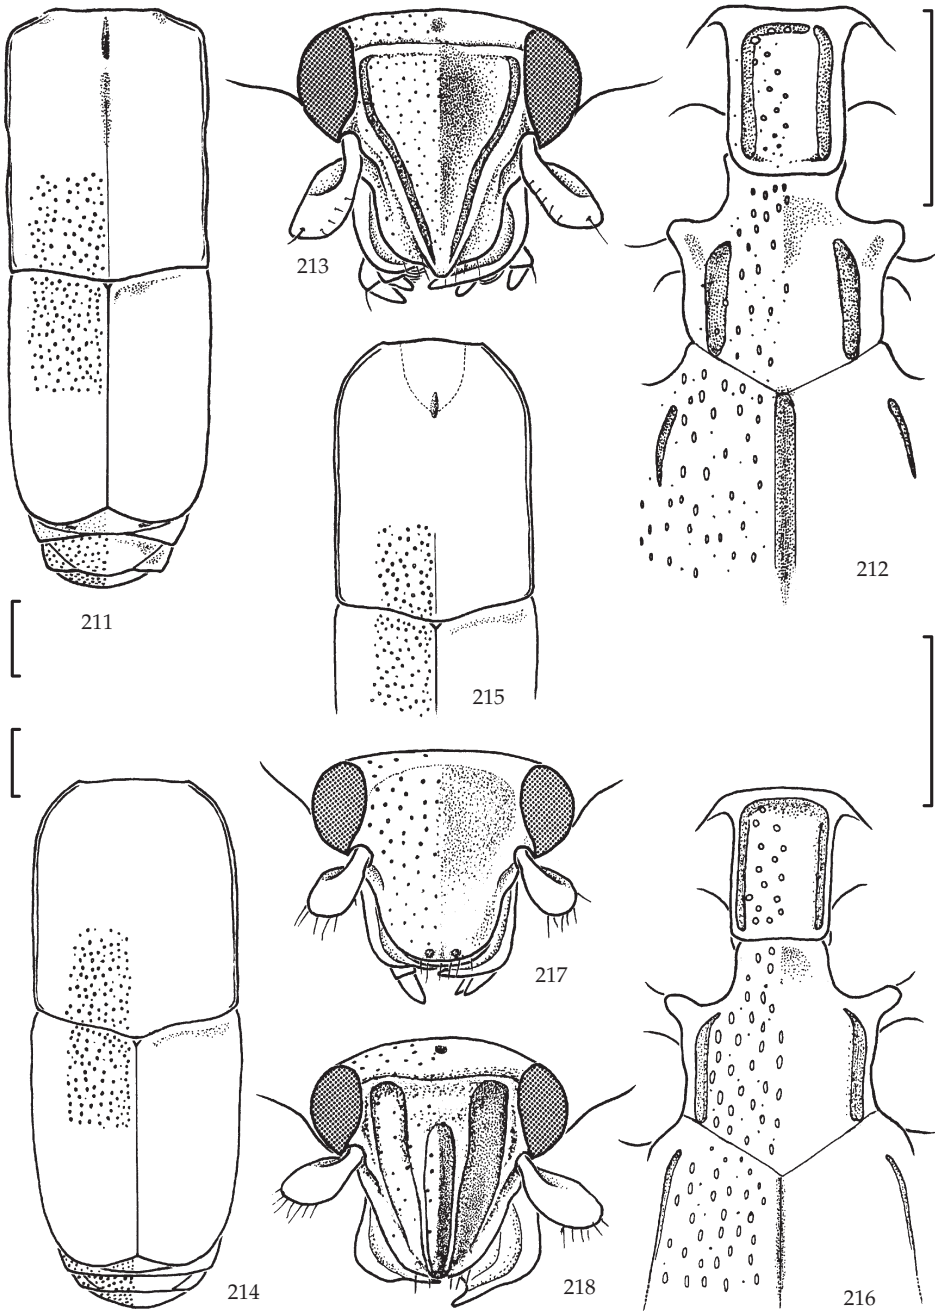

Figs 195-197, *Trypeticus penatii* spec. nov.; figs 198-202, *Trypeticus veda* (Lewis). - 195, 198, dorsal view, male (in part). - 196, 200, pro-, meso- and anterior part of metasternum, male, ventral view. - 197, 201, head male (frontal view). - 199, pronotum female (dorsal view) - 202, head female (frontal view). Scale lines: 0.5 mm, left line for figs 195, 198-199, right line for figs 196-197, 200-202.

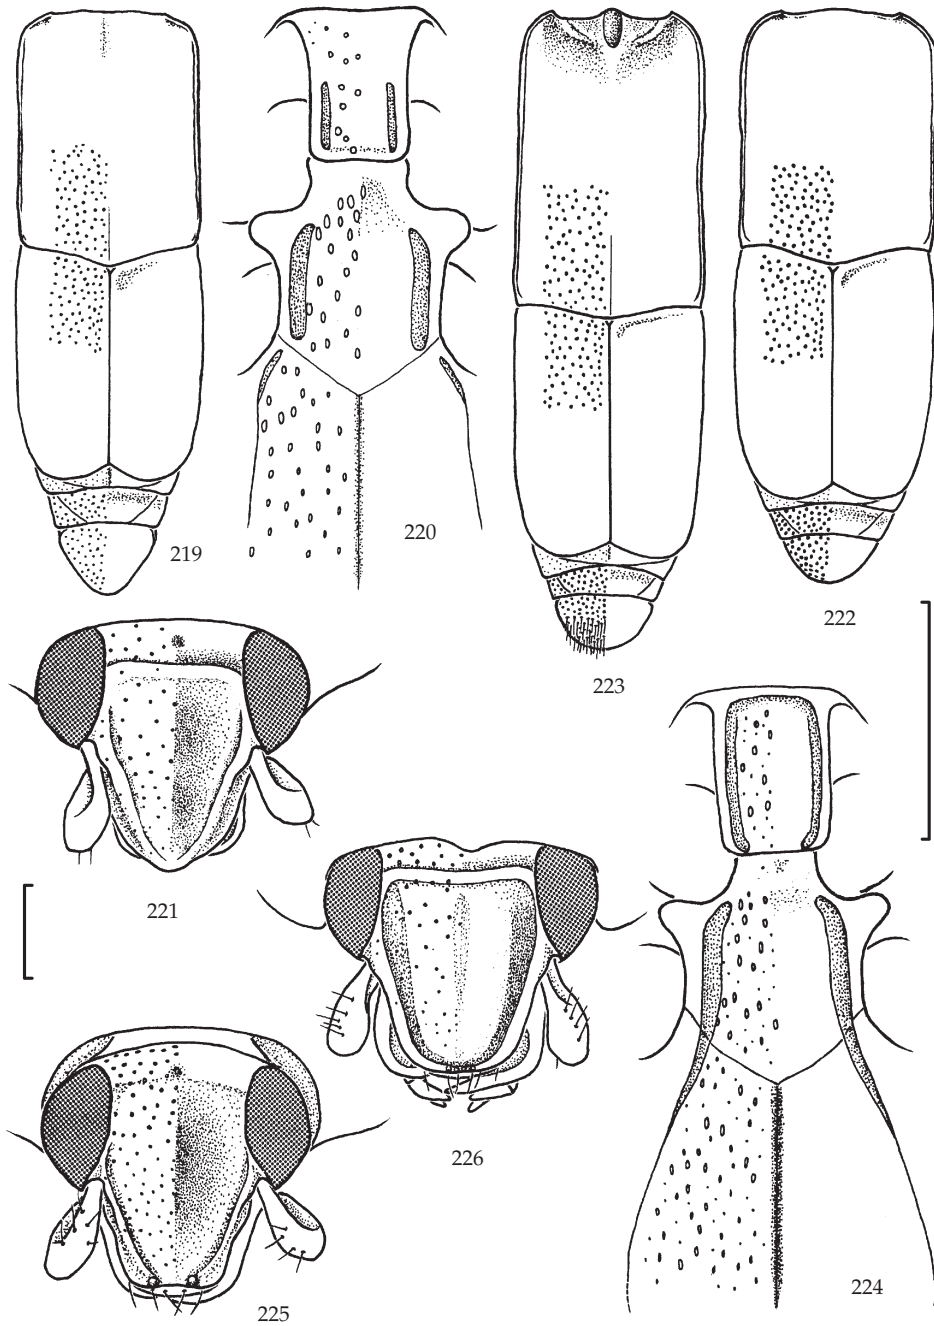

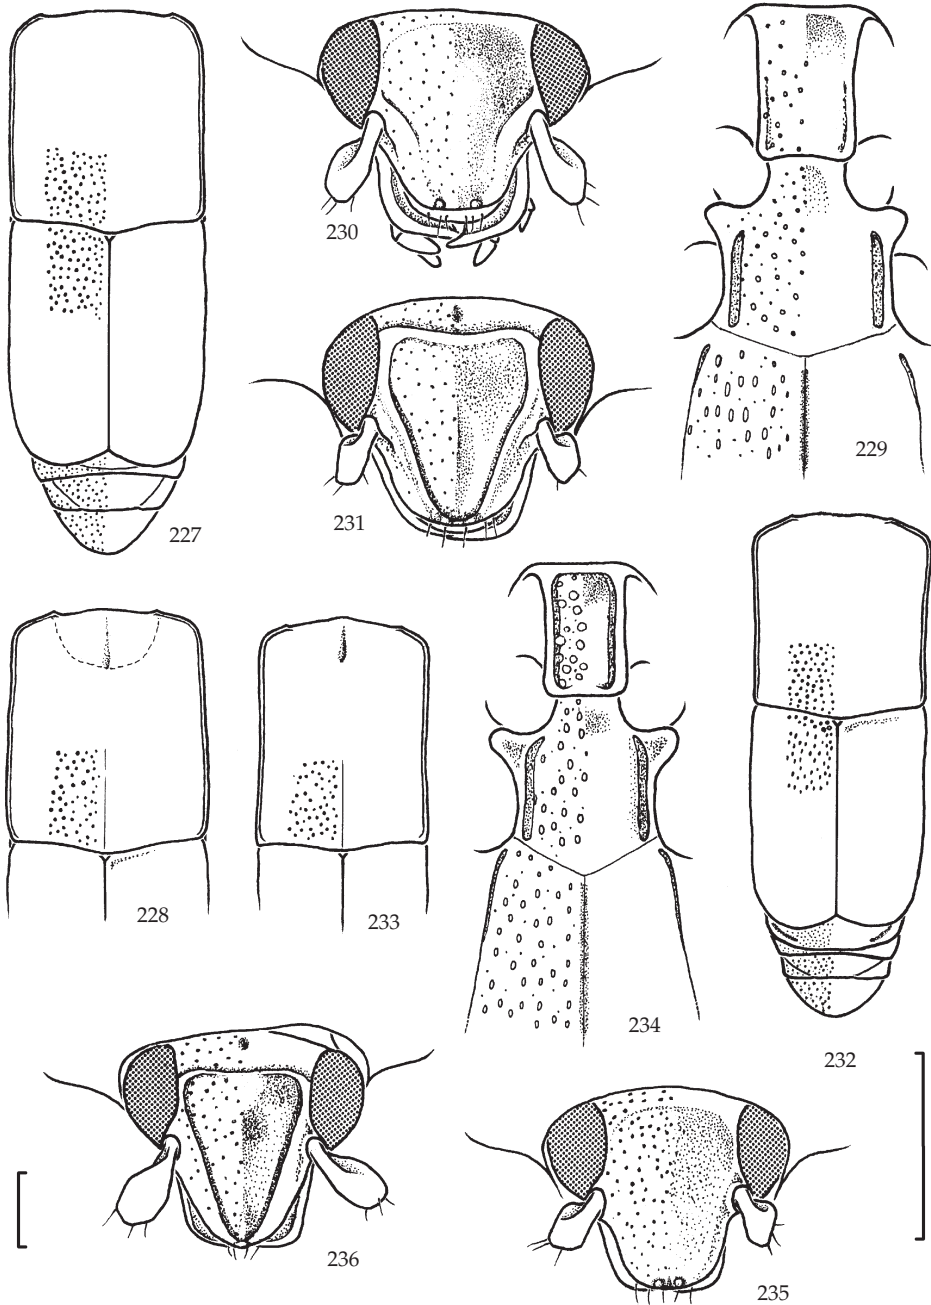

Figs 203-205, *Trypeticus lackneri* spec. nov.; figs 206-210, *Trypeticus bertiae* spec. nov. - 203, dorsal view, male (in part). - 204, pro-, meso- and anterior part of metasternum, male, ventral view. - 205, 209, head male (frontal view). - 206, dorsal view, female (in part). - 207, male pronotum (dorsal view). - 208, pro-, meso- and anterior part of metasternum, female, ventral view. - 210, head female (frontal view). Scale lines: 0.5 mm, left line for figs 203, 206-207, right line for figs 204-205, 208-210.

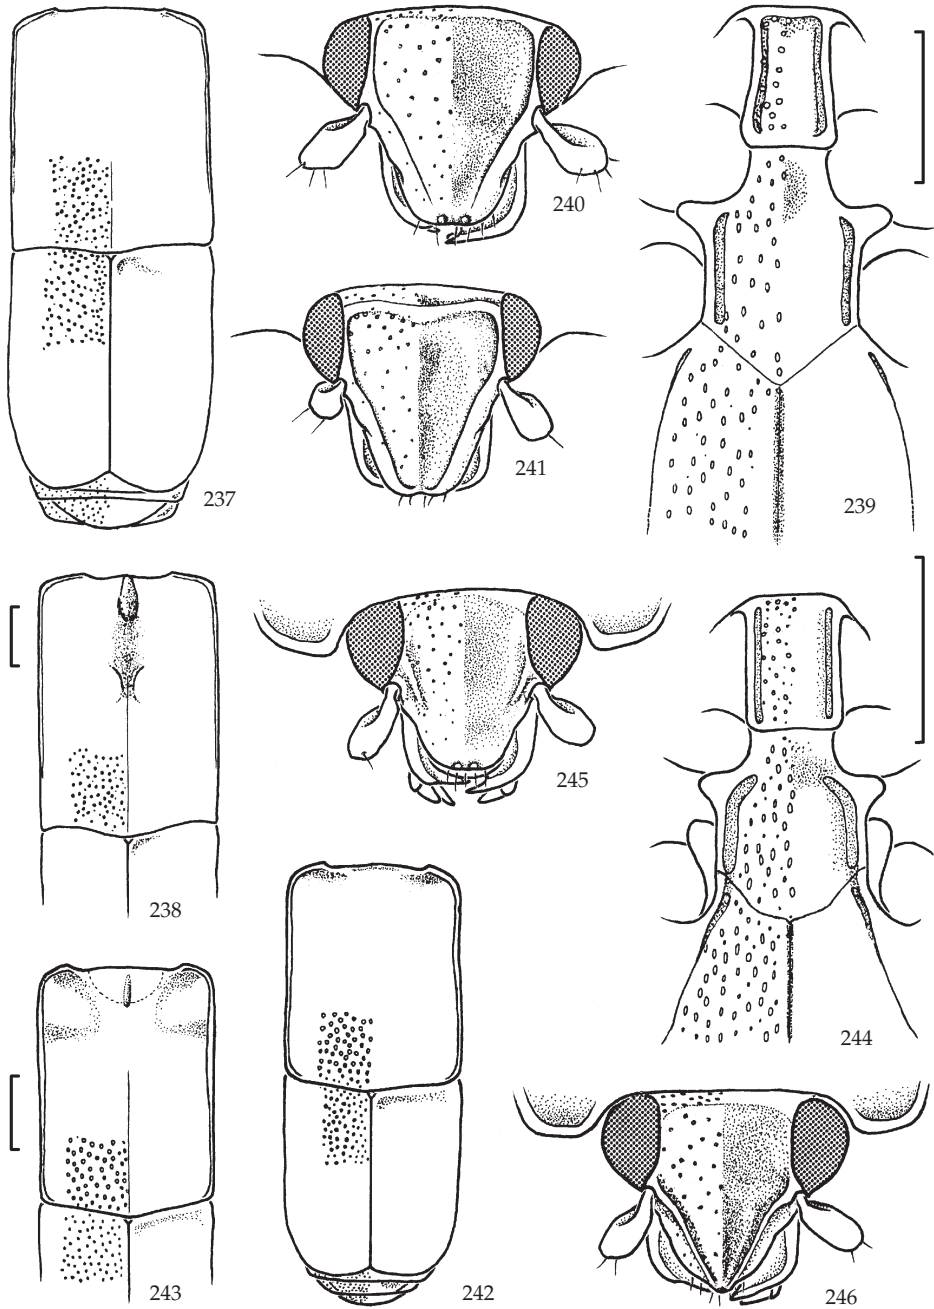

Figs 211-213, *Trypeticus sulcisternum* spec. nov.; figs 214-218, *Trypeticus canalifrons* Bickhardt. - 211, dorsal view, female (in part). - 212, pro-, meso- and anterior part of metasternum, female, ventral view. - 213, 218, head female (frontal view). - 214, dorsal view, male (in part). - 215, female pronotum (dorsal view). - 216, pro-, meso- and anterior part of metasternum, male, ventral view. - 217, head male (frontal view). Scale lines: 0.5 mm, left line above for fig. 211, left line below for figs 214-215, right line above for figs 212-213, right line below for figs 216-218.

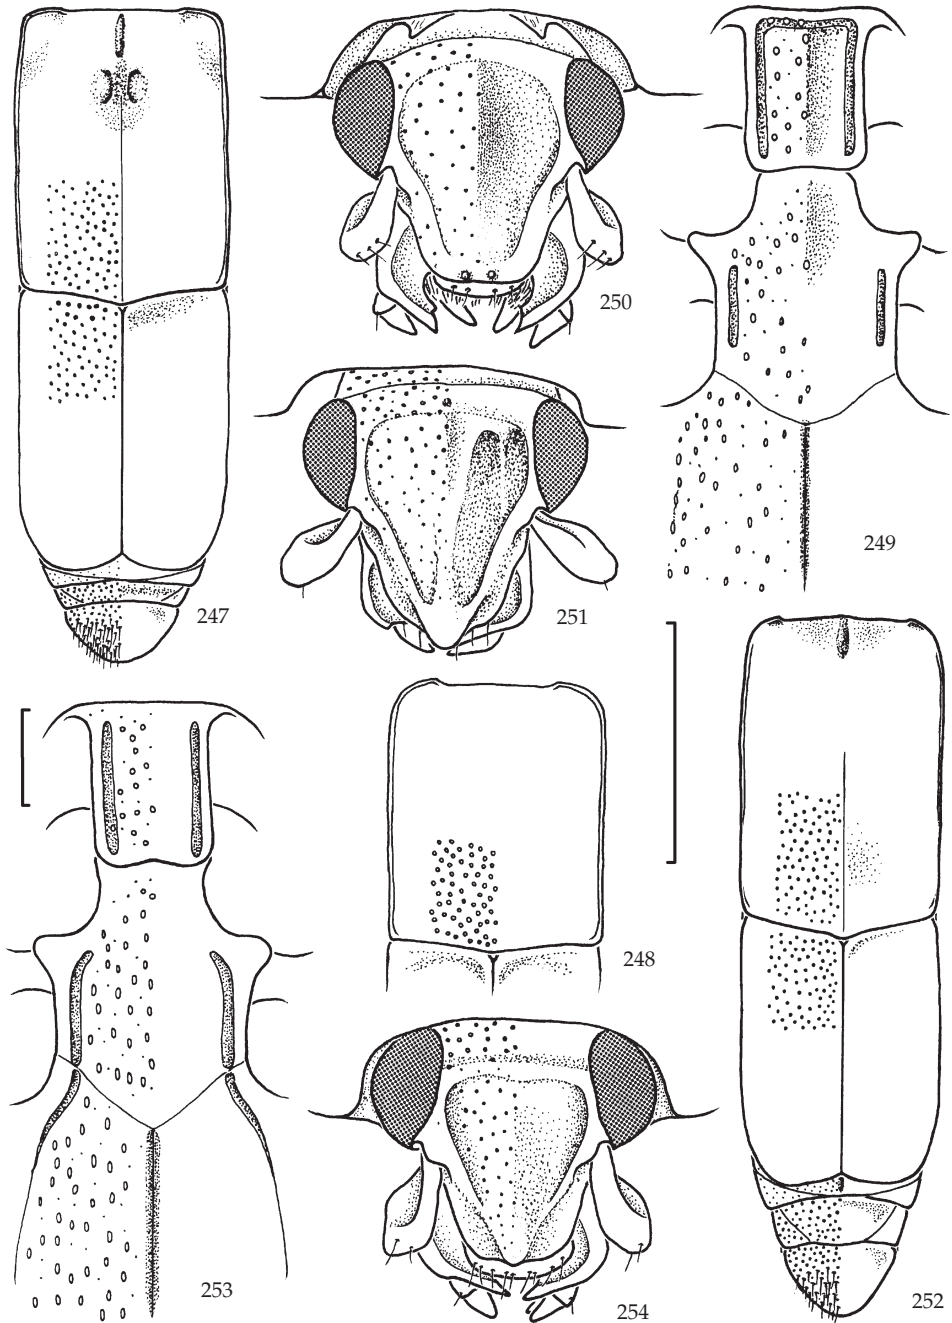

Figs 219-221, *Trypeticus rombauti* spec. nov.; figs 222-226, *Trypeticus andaiensis* (Gestro). - 219, 223, dorsal view, female (in part). - 220, pro-, meso- and anterior part of metasternum, female, ventral view. - 221, 226, head female (frontal view). - 222, dorsal view, male (in part). - 224, pro-, meso- and anterior part of metasternum, male, ventral view. - 225, head male (frontal view). Scale lines: 0.5 mm, left line for figs 219, 222-223, right line for figs 220-221, 224-226.

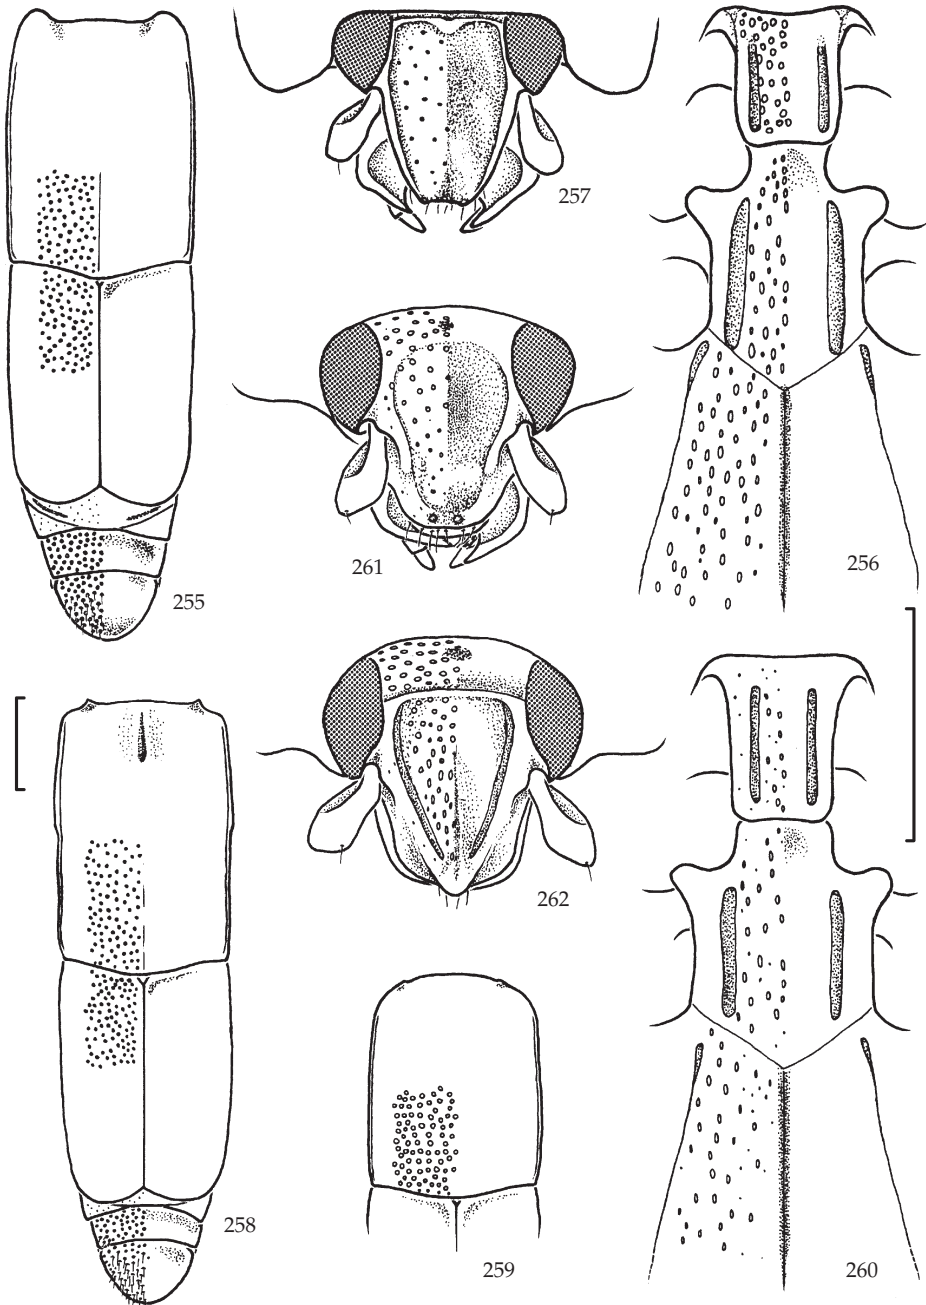

Figs 227-231, *Trypeticus fagi* (Lewis); figs 232-236, *Trypeticus sauteri* Bickhardt. - 227, 232, dorsal view, male (in part). - 228, 233, female pronotum (dorsal view). - 229, 234, pro-, meso- and anterior part of metasternum, male, ventral view. - 230, 235, head male (frontal view). - 231, 236, head female (frontal view). Scale lines: 0.5 mm, left line for figs 227-228, 232-233, right line for figs 229-231, 234-236.

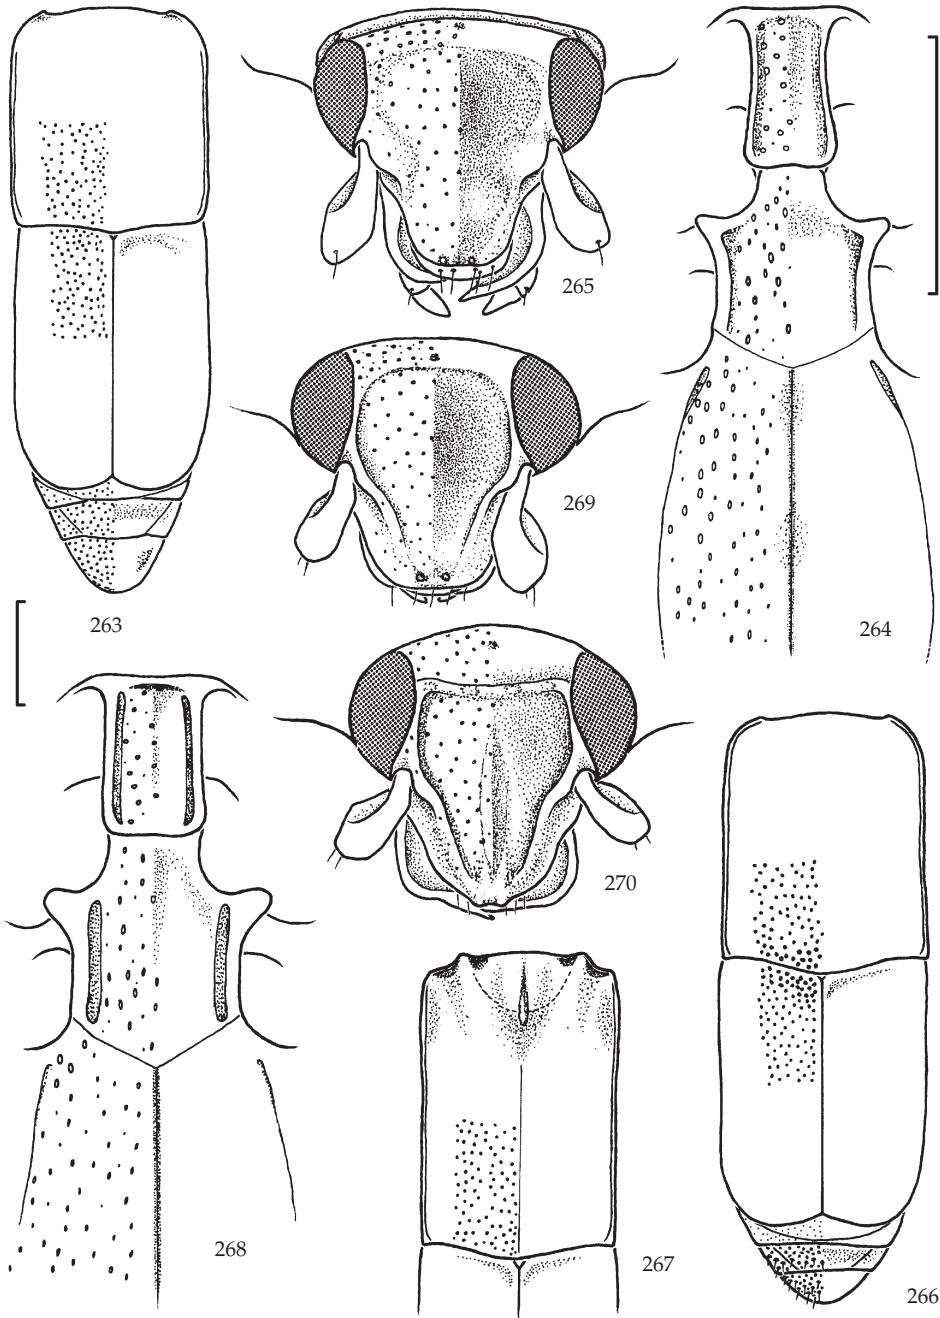

Figs 237-241, *Trypeticus dohertyi* (Lewis); figs 242-246, *Trypeticus gestroi* (Marseul). - 237, 242, dorsal view, male (in part). - 238, 243, female pronotum (dorsal view). - 239, 244, pro-, meso- and anterior part of metasternum, male, ventral view. - 240, 245, head male (frontal view). - 241, 246, head female (frontal view). Scale lines: 0.5 mm, left line above for figs 237-238, left line below for figs 242-243, right line above for figs 239-241, right line below for figs 244-246.

Figs 247-251, *Trypeticus nasicus* spec. nov.; figs 252-254, *Trypeticus riedeli* spec. nov. - 247, 252, dorsal view, female (in part). - 248, male pronotum (dorsal view). - 249, 253, pro-, meso- and anterior part of metasternum, female, ventral view. - 250, head male (frontal view). - 251, 254, head female (frontal view). Scale lines: 0.5 mm, left line for figs 247-248, 252, centre line right for figs 249-251, 253-254.

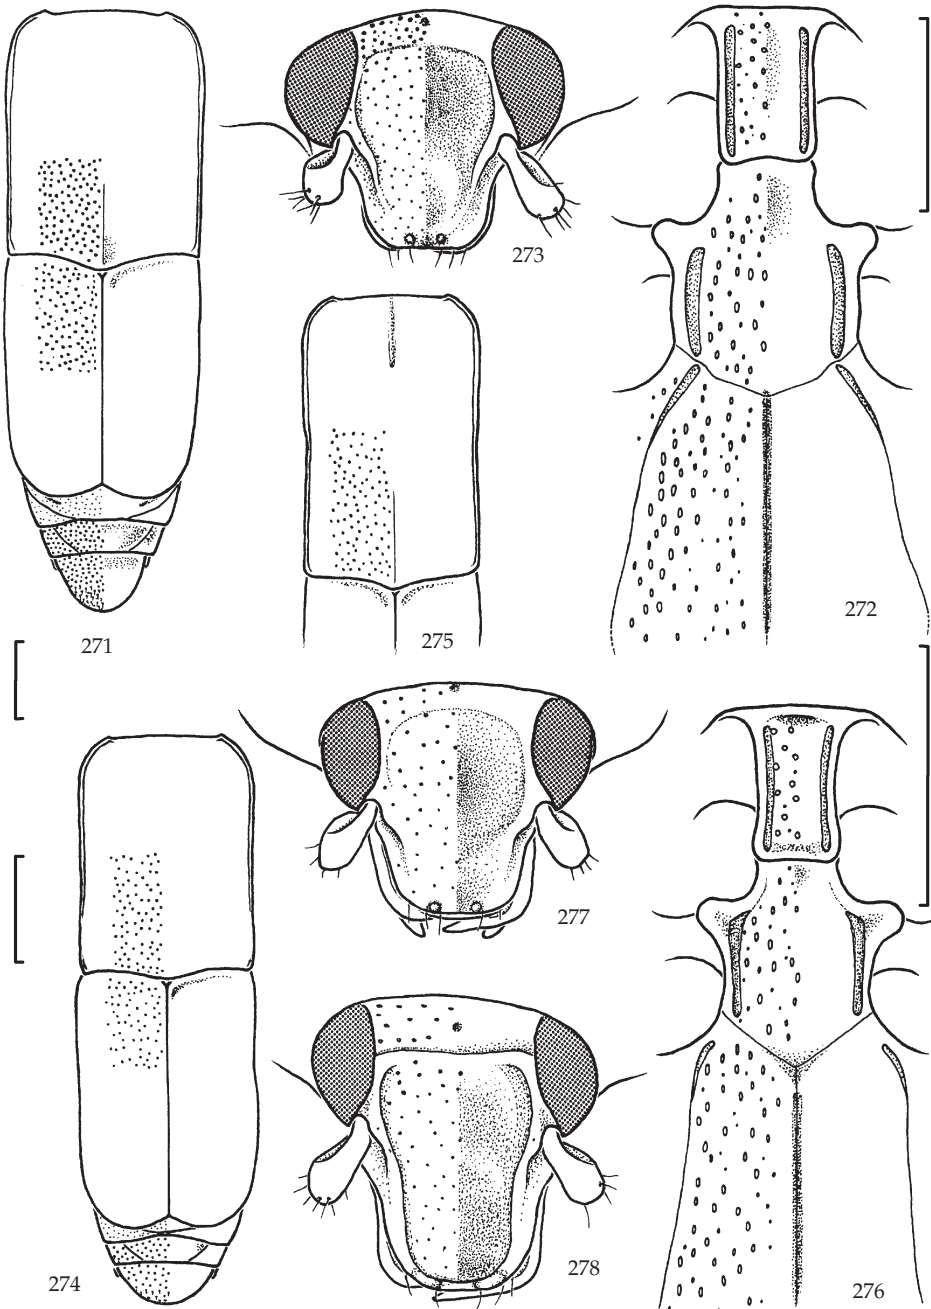

Figs 255-257, *Trypeticus protractus* spec. nov.; figs 258-262, *Trypeticus coomani* spec. nov. - 255, 258, dorsal view, female (in part). - 256, 260, pro-, meso- and anterior part of metasternum, female, ventral view. - 257, 262, head female (frontal view). - 259, male pronotum (dorsal view). - 261, head male (frontal view). Scale lines: 0.5 mm, left line for figs 255, 258-259, right line for figs 256-257, 260-262.

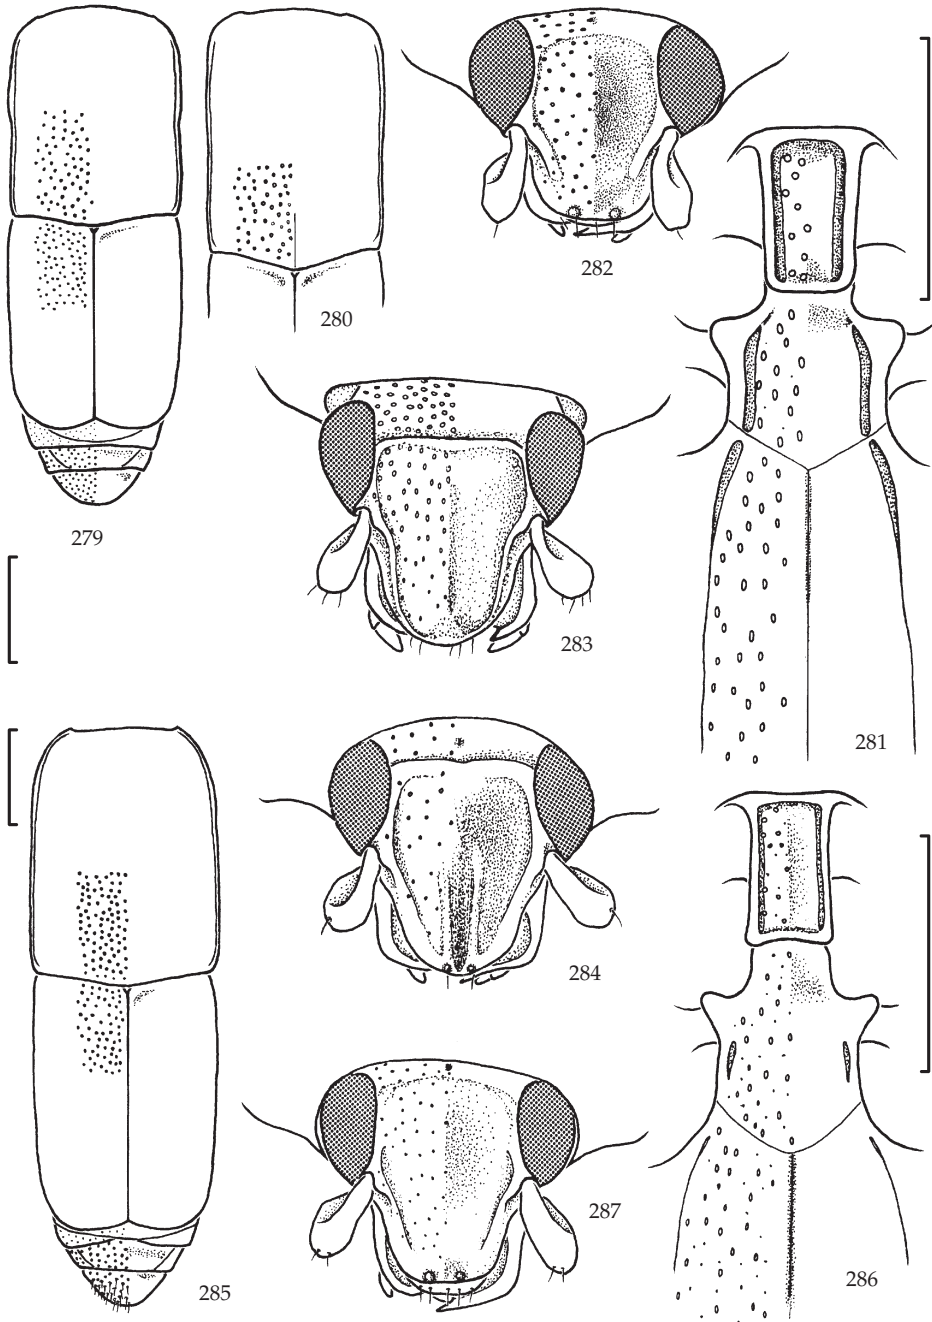

Figs 263-265, *Trypeticus smetanai* spec. nov.; figs 266-270, *Trypeticus monteithi* spec. nov. - 263, 266, dorsal view, male (in part). - 264, 268, pro-, meso- and anterior part of metasternum, male, ventral view. - 265, 269, head male (frontal view). - 267, female pronotum (dorsal view). - 270, head female (frontal view). Scale lines: 0.5 mm, left line for figs 263, 266-267, right line for figs 264-265, 268-270.

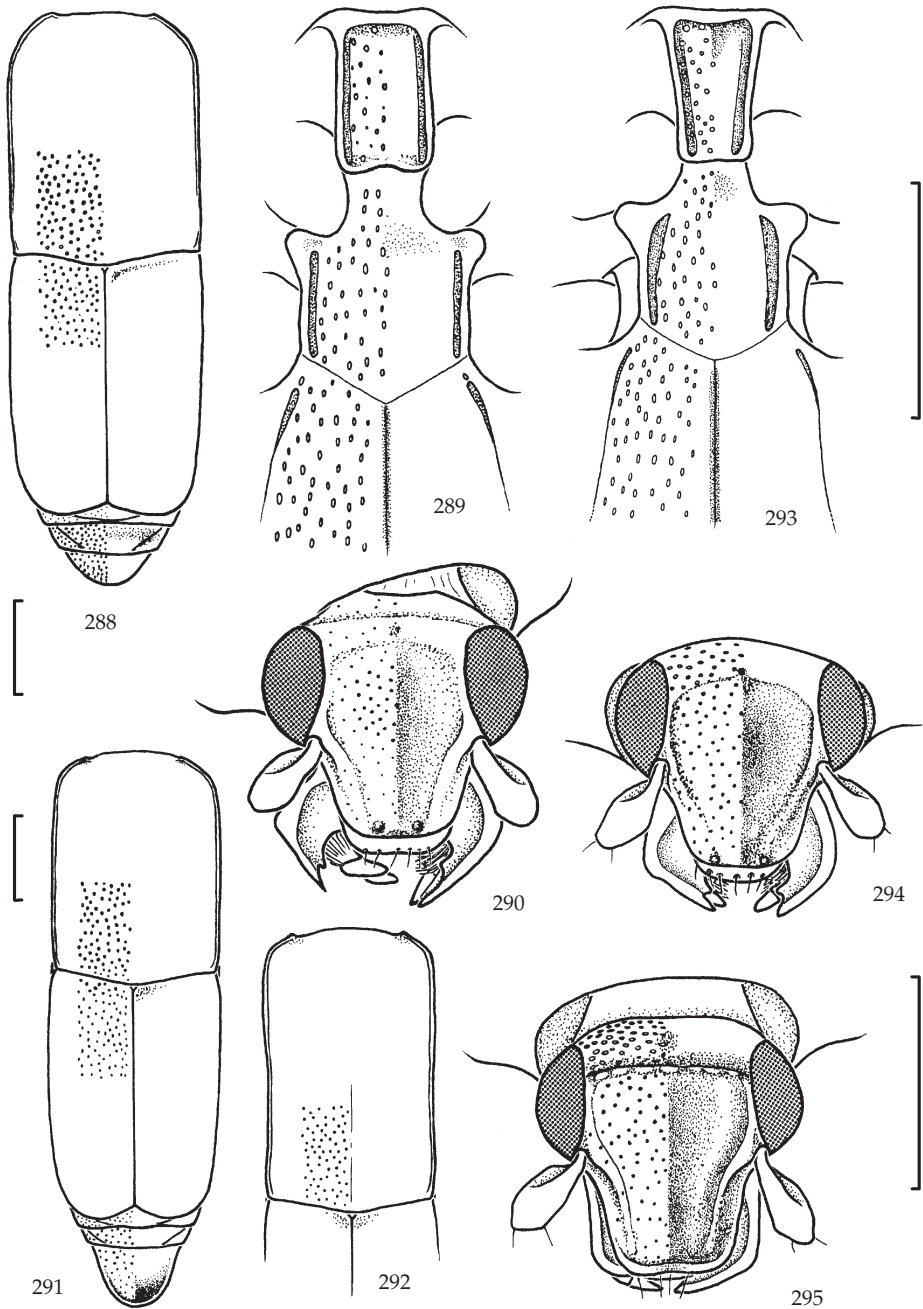

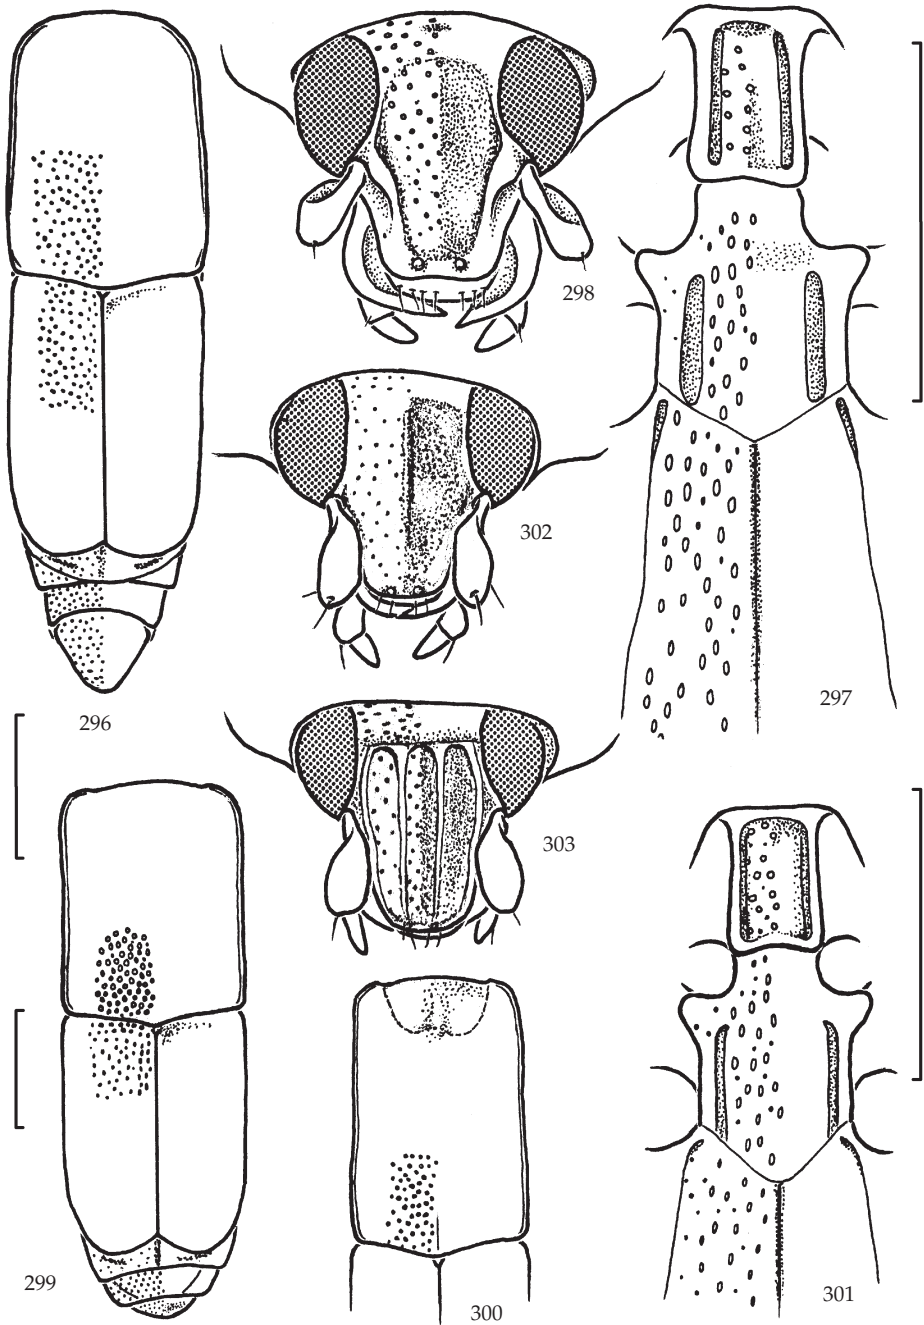

Figs 271-273, *Trypeticus hinei* spec. nov.; figs 274-278, *Trypeticus venator* (Lewis). - 271, 274, dorsal view, male (in part). - 272, 276, pro-, meso- and anterior part of metasternum, male, ventral view. - 273, 277, head male (frontal view). - 275, female pronotum (dorsal view). - 278, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 271, left line below for figs 274-275, right line above for figs 272-273, right line below for figs 276-278.

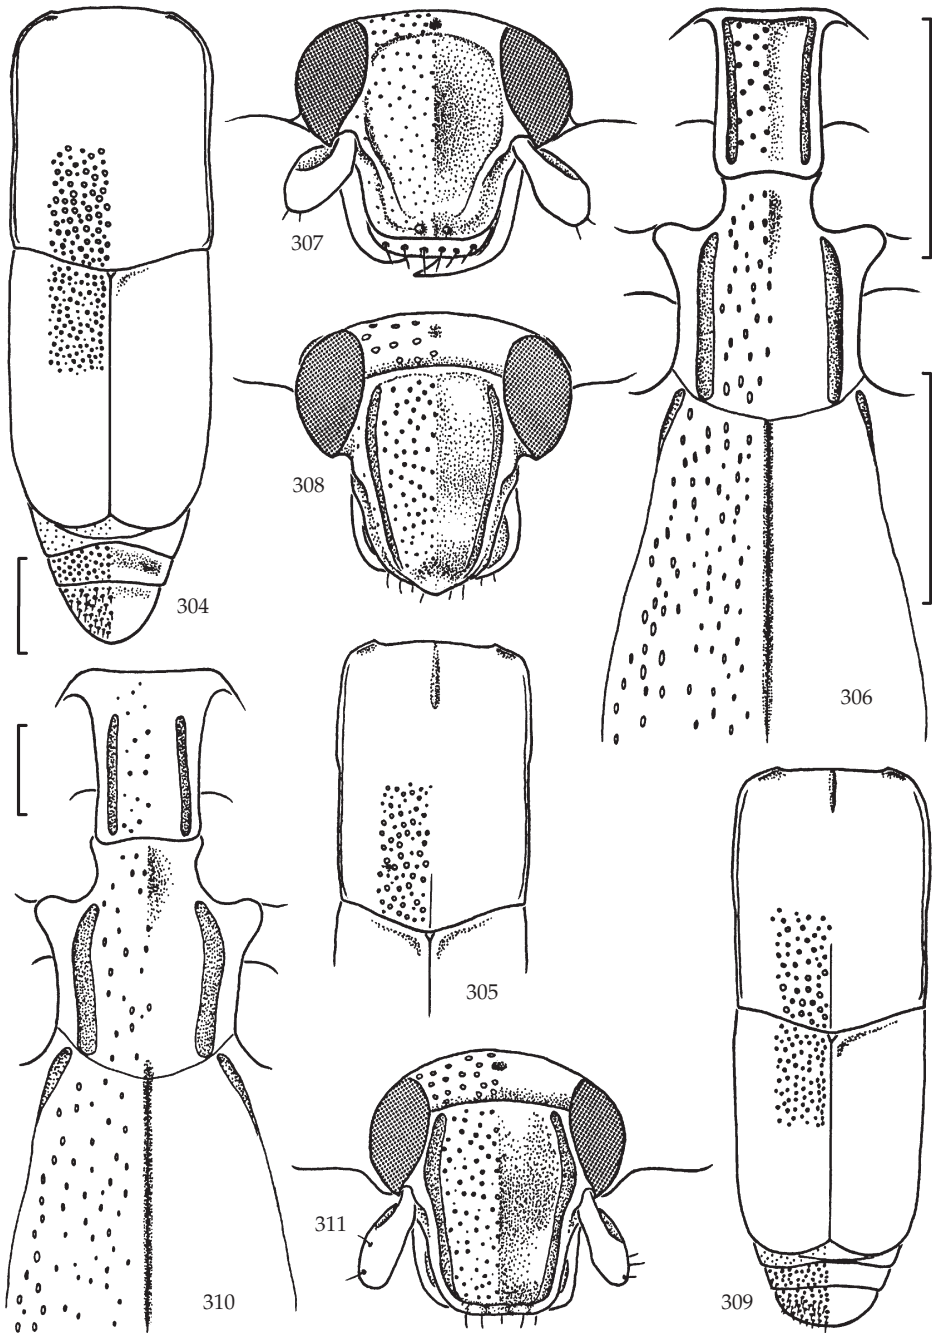

Figs 279-284, *Trypeticus ferrarii* (Gestro); figs 285-287, *Trypeticus degallieri* spec. nov. - 279, 285, dorsal view, male (in part). - 280, female pronotum (dorsal view). - 281, 286, pro-, meso- and anterior part of metasternum, male, ventral view. - 282, 287, head male (frontal view). - 283, head female (frontal view). - 284, idem (variety). Scale lines: 0.5 mm, left line above for figs 279-280, left line below for fig. 285, right line above for figs 281-284, right line below for figs 286-287.

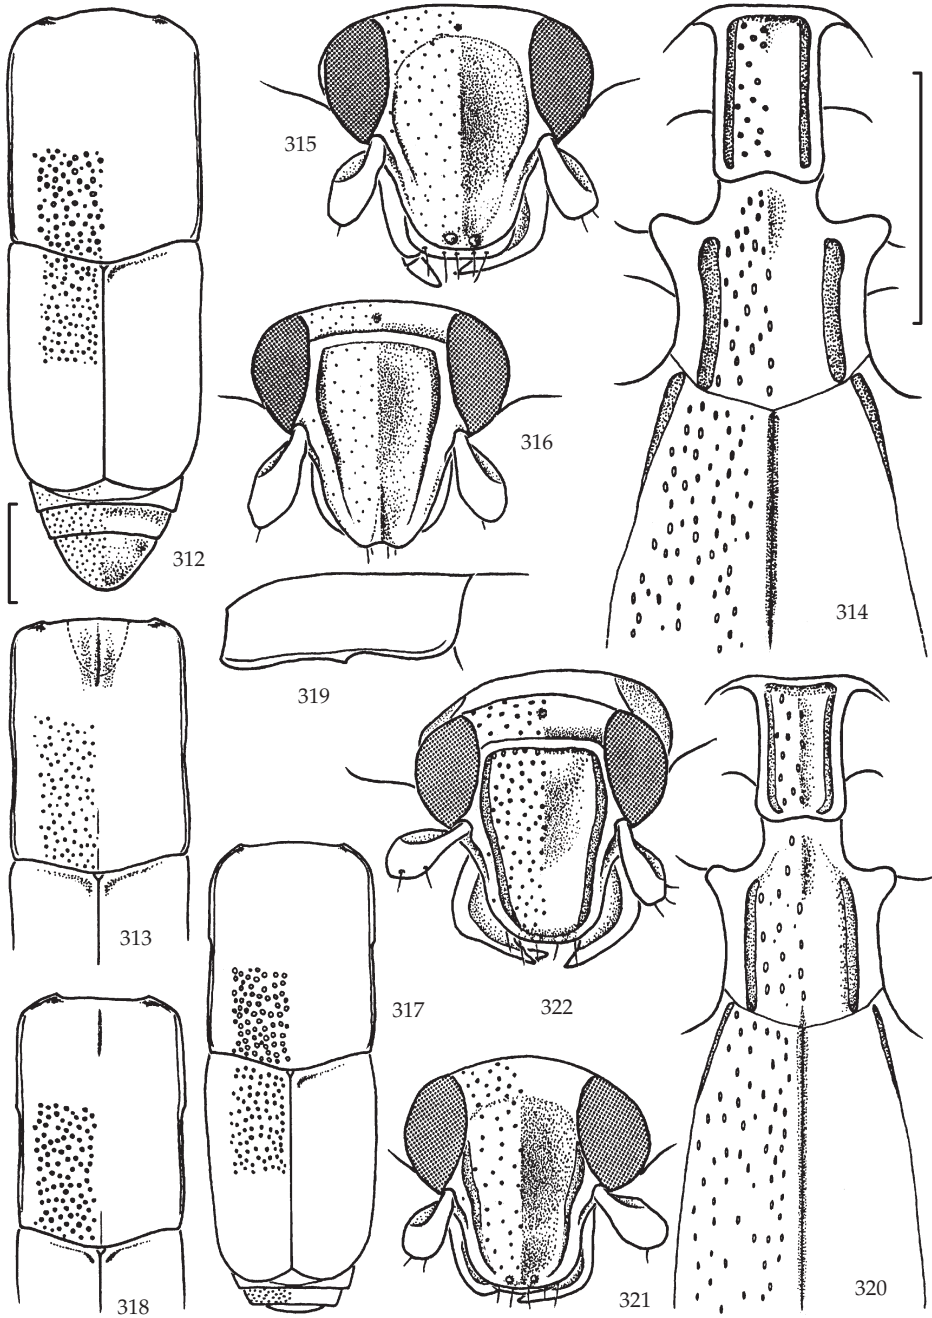

Figs 288-290, *Trypeticus pooti* spec. nov.; figs 291-295, *Trypeticus nepalensis* spec. nov. - 288, 291, dorsal view, male (in part). - 289, 293, pro-, meso- and anterior part of metasternum, male, ventral view. - 290, 294, head male (frontal view). - 292, female pronotum (dorsal view). - 295, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 288, left line below for figs 291-292, right line above for figs 289-290, right line below for figs 293-295.

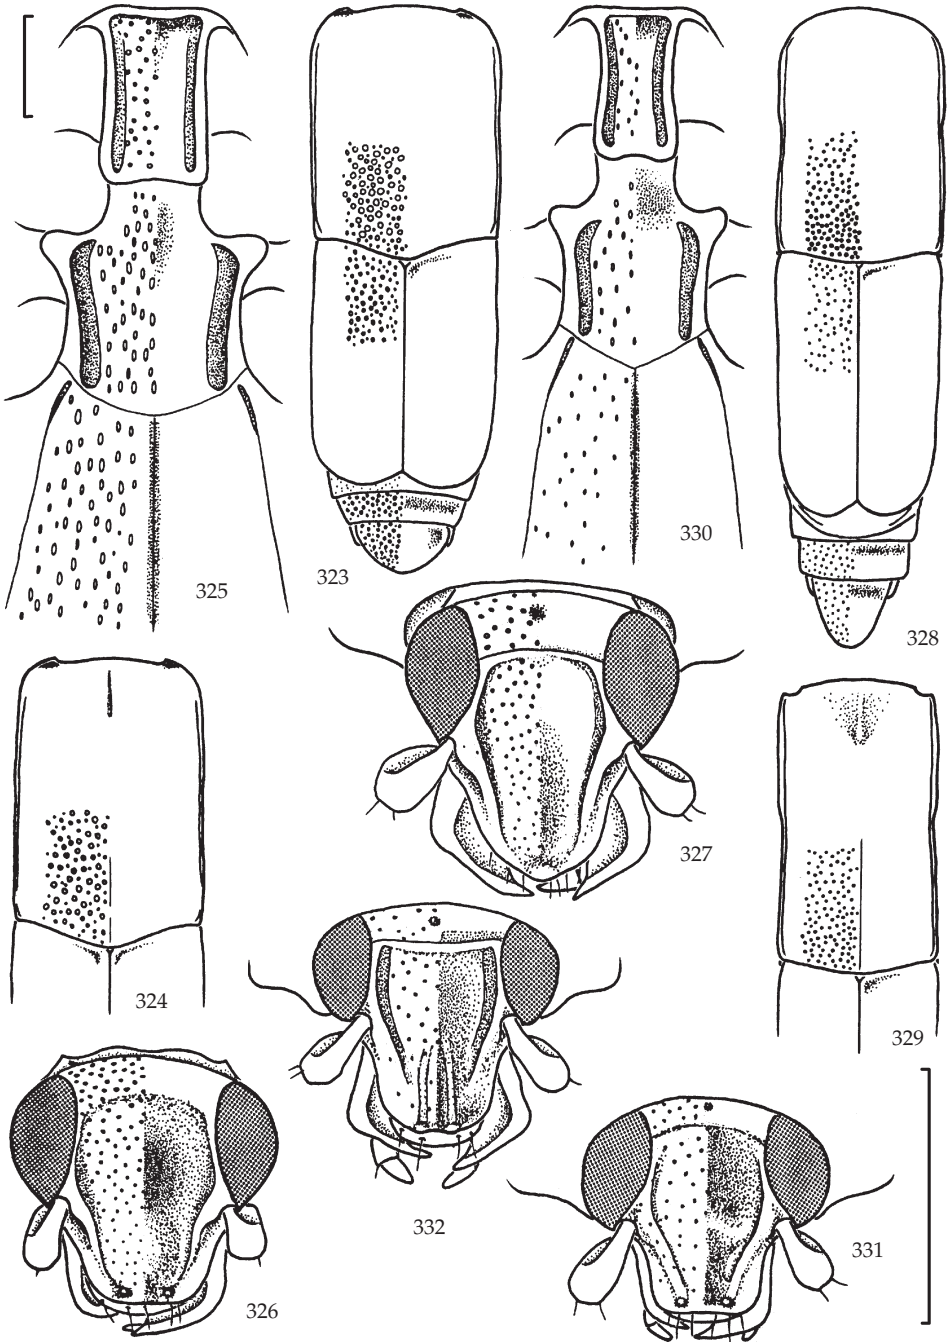

Figs 296-298, *Trypeticus houseae* spec. nov.; figs 299-303, *Trypeticus adebratti* spec. nov. - 296, 299, dorsal view, male (in part). - 297, 301, pro-, meso- and anterior part of metasternum, male, ventral view. - 298, 302, head male (frontal view). - 300, female pronotum (dorsal view). - 303, head female (frontal view). Scale lines: 0.5 mm, left line above for fig. 296, left line below for figs 299-300, right line above for figs 297-298, right line below for figs 301-303.

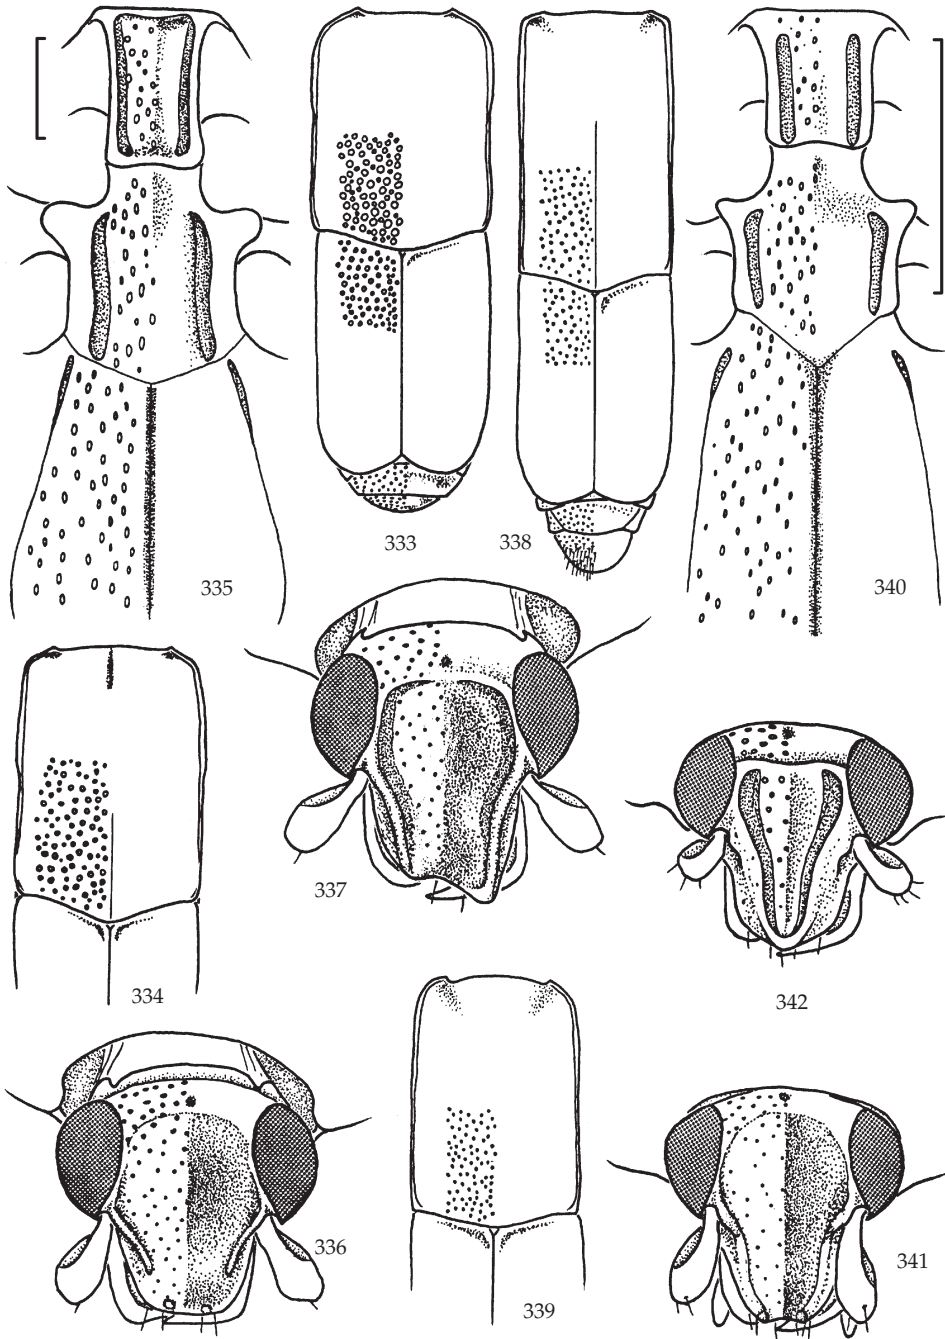

Figs 304-308, *Trypeticus silvicola* Schmidt; figs 309-311, *Trypeticus arriagadai* spec. nov. - 304, dorsal view, male (in part). - 305, female pronotum (dorsal view). - 306, pro-, meso- and anterior part of metasternum, male, ventral view. - 307, head male (frontal view). - 308, 311, head female (frontal view). - 309, dorsal view, female (in part). - 310, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line above for figs 304-305, left line below for fig. 309, right line above for figs 306-308, right line below for figs 310-311.

Figs 312-316, *Trypeticus bombacis* (Lewis); figs 317-322, *Trypeticus longicollis* Heller. - 312, 317, dorsal view, male (in part). - 313, 318, female pronotum (dorsal view). - 314, 320, pro-, meso- and anterior part of metasternum, male, ventral view. - 315, 321, head male (frontal view). - 316, 322, head female (frontal view). - 319, female pronotum (left lateral view). Scale lines: 0.5 mm, left line for figs 312-313, 317-319, right line for figs 314-316, 320-322.

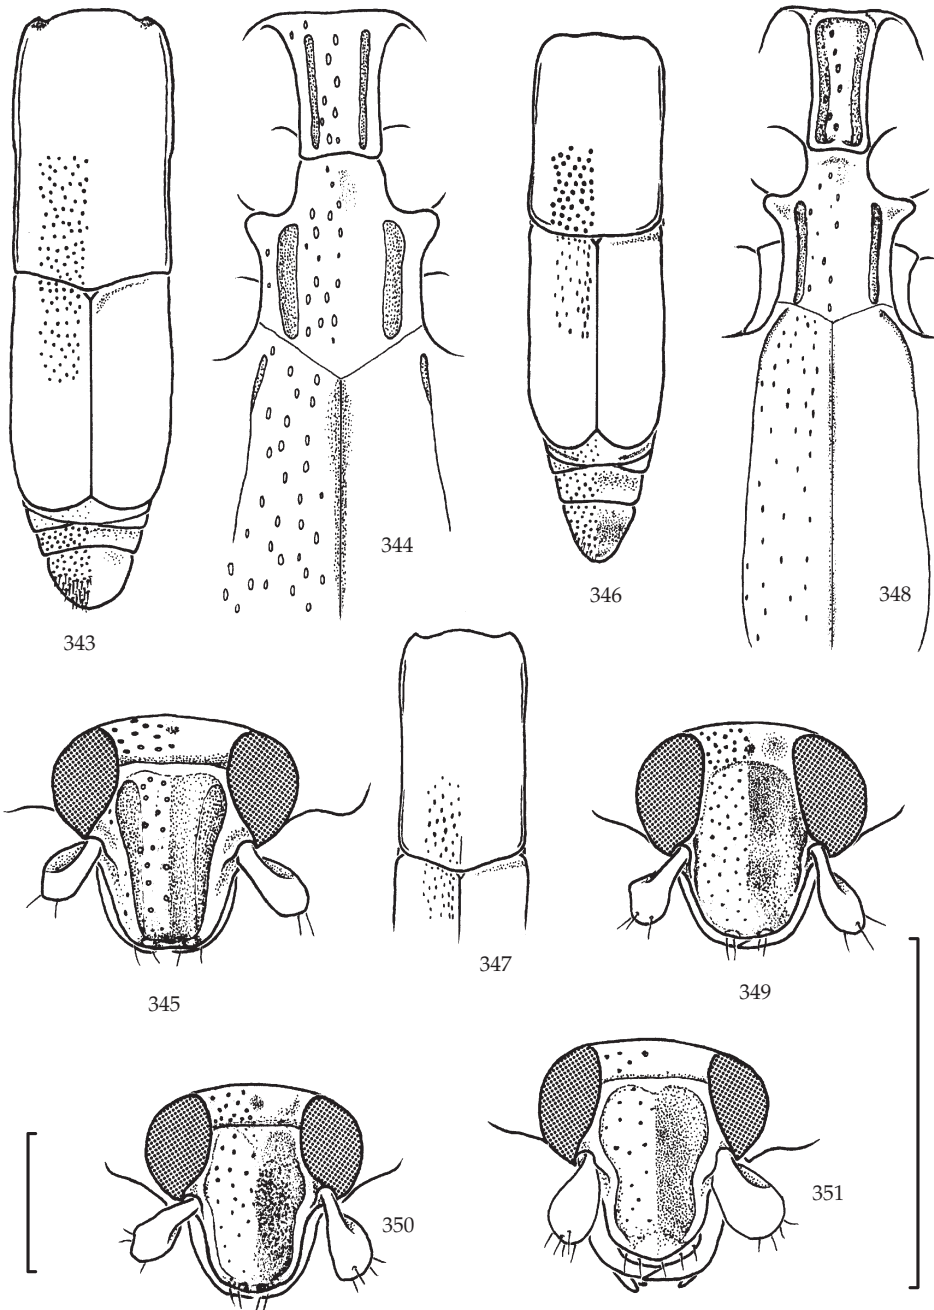

Figs 323-327, *Trypeticus schawalleri* spec. nov.; figs 328-332, *Trypeticus aukei* spec. nov. - 323, 328, dorsal view, male (in part). - 324, 329, female pronotum (dorsal view). - 325, 330, pro-, meso- and anterior part of metasternum, male, ventral view. - 326, 331, head male (frontal view). - 327, 332, head female (frontal view). Scale lines: 0.5 mm, left line for figs 323-324, 328-329, right line for figs 325-327, 330-332.

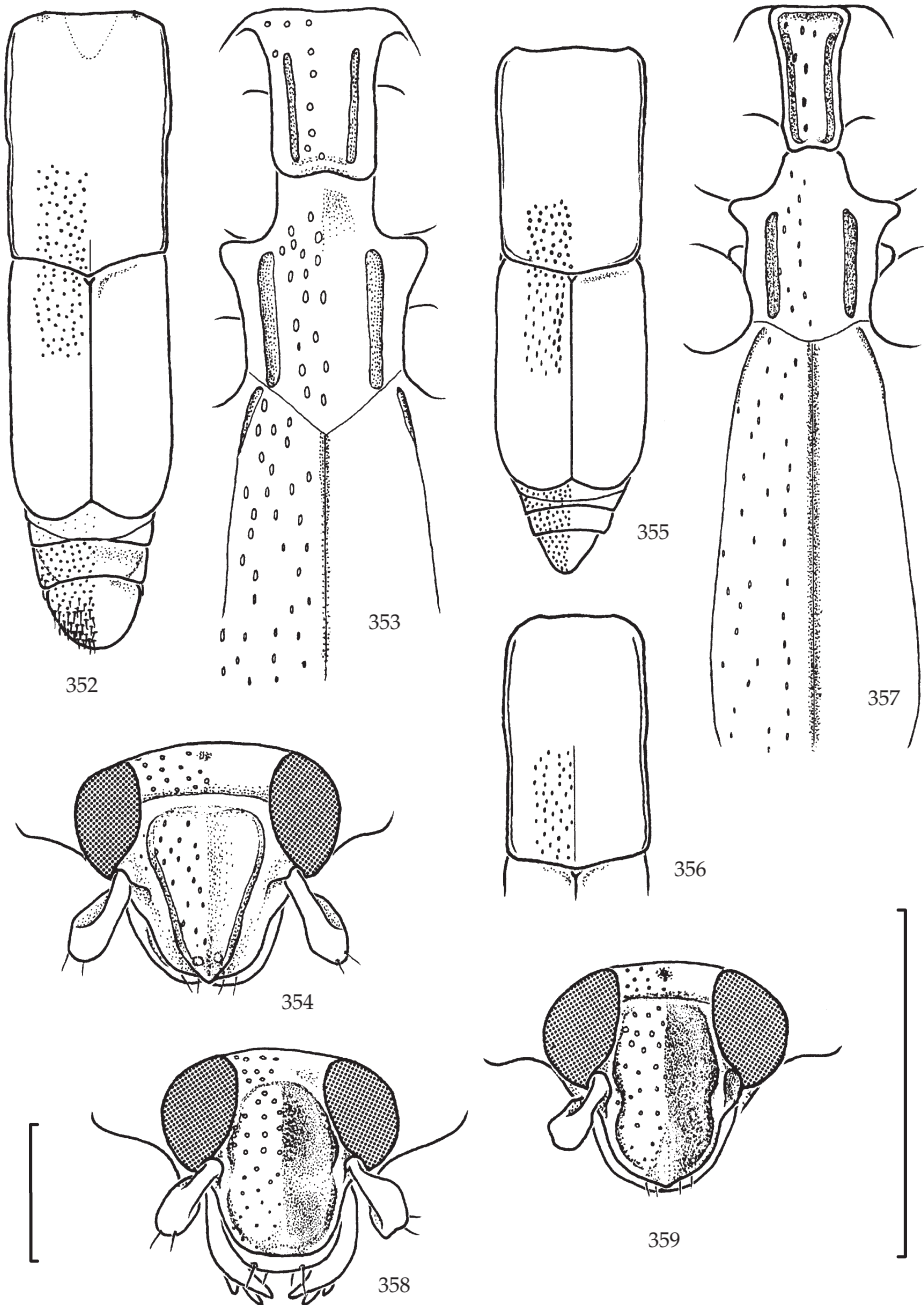

Figs 333-337, *Trypeticus tabaciqliscens* (Marseul); figs 338-342, *Trypeticus angustifrons* spec. nov. - 333, dorsal view, male (in part). - 334, female pronotum (dorsal view). - 335, pro-, meso- and anterior part of metasternum, male, ventral view. - 336, 341, head male (frontal view). - 337, 342, head female (frontal view). - 338, dorsal view, female (in part). - 339, male pronotum (dorsal view). - 340, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line for figs 333-334, 338-339, right line for figs 335-337, 340-342.

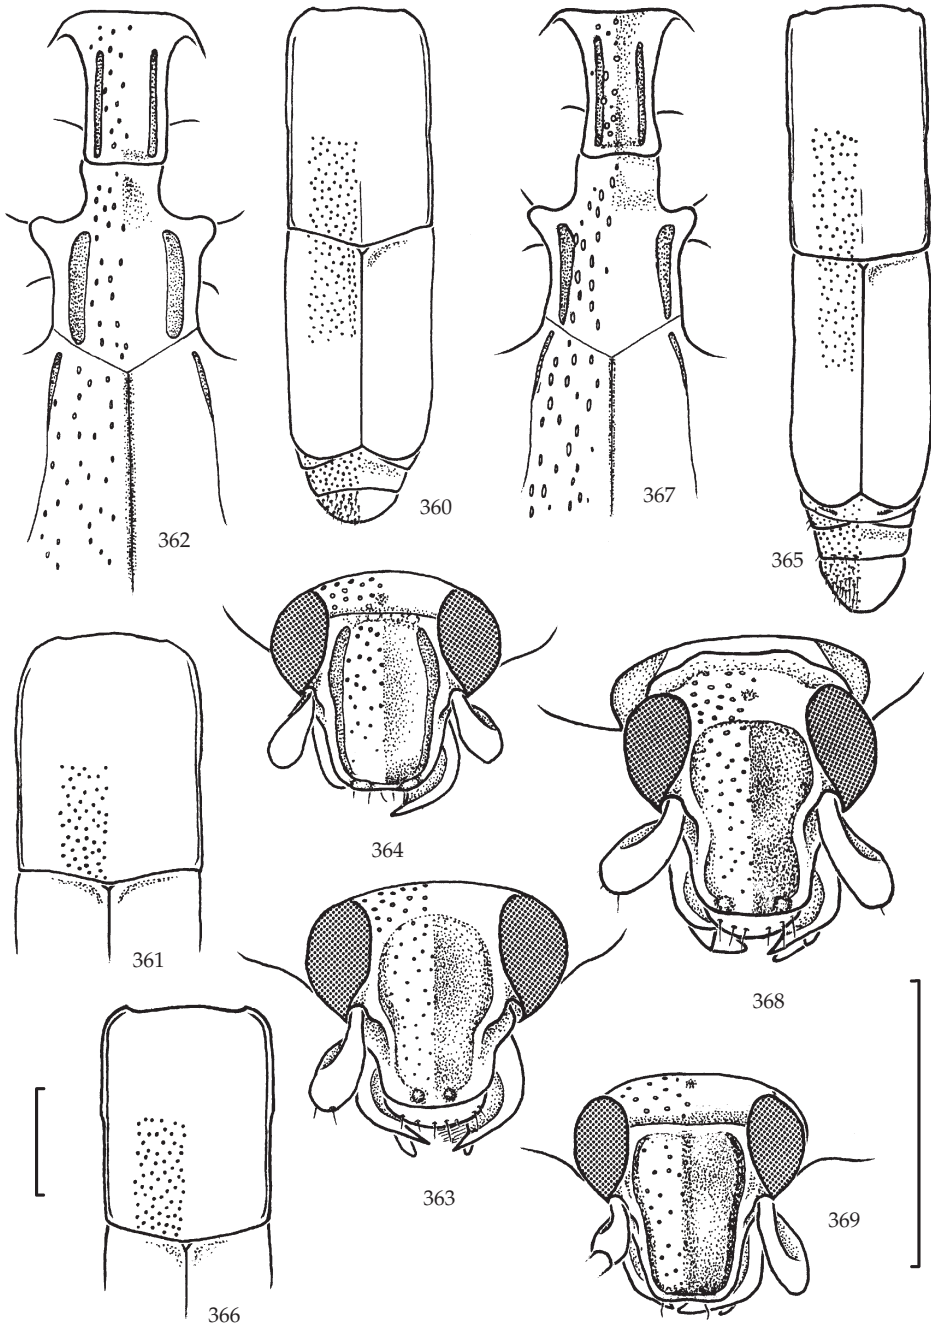

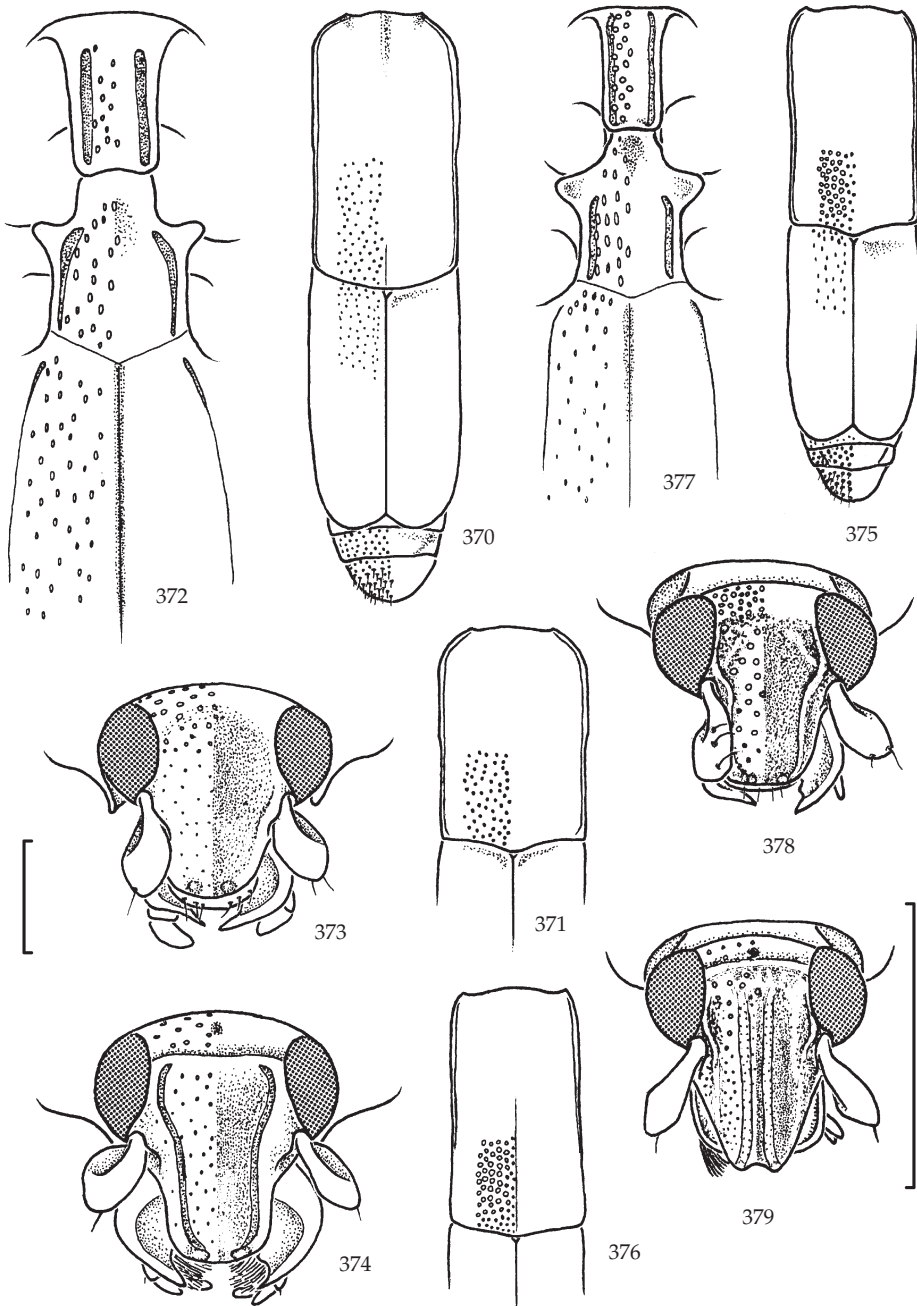

Figs 343-345, *Trypeticus parrilloi* spec. nov.; figs 346-351, *Trypeticus minutulus* Lewis. - 343, dorsal view, female (in part). - 344, pro-, meso- and anterior part of metasternum, female, ventral view. - 345, head female (frontal view). - 346, dorsal view, male (in part). - 347, female pronotum (dorsal view). - 348, pro-, meso- and anterior part of metasternum, male, ventral view. - 349, head male (frontal view). - 350, head female (frontal view). - 351, idem (variety). Scale lines: 0.5 mm, left line for figs 343, 346-347, right line for figs 344-345, 348-351.

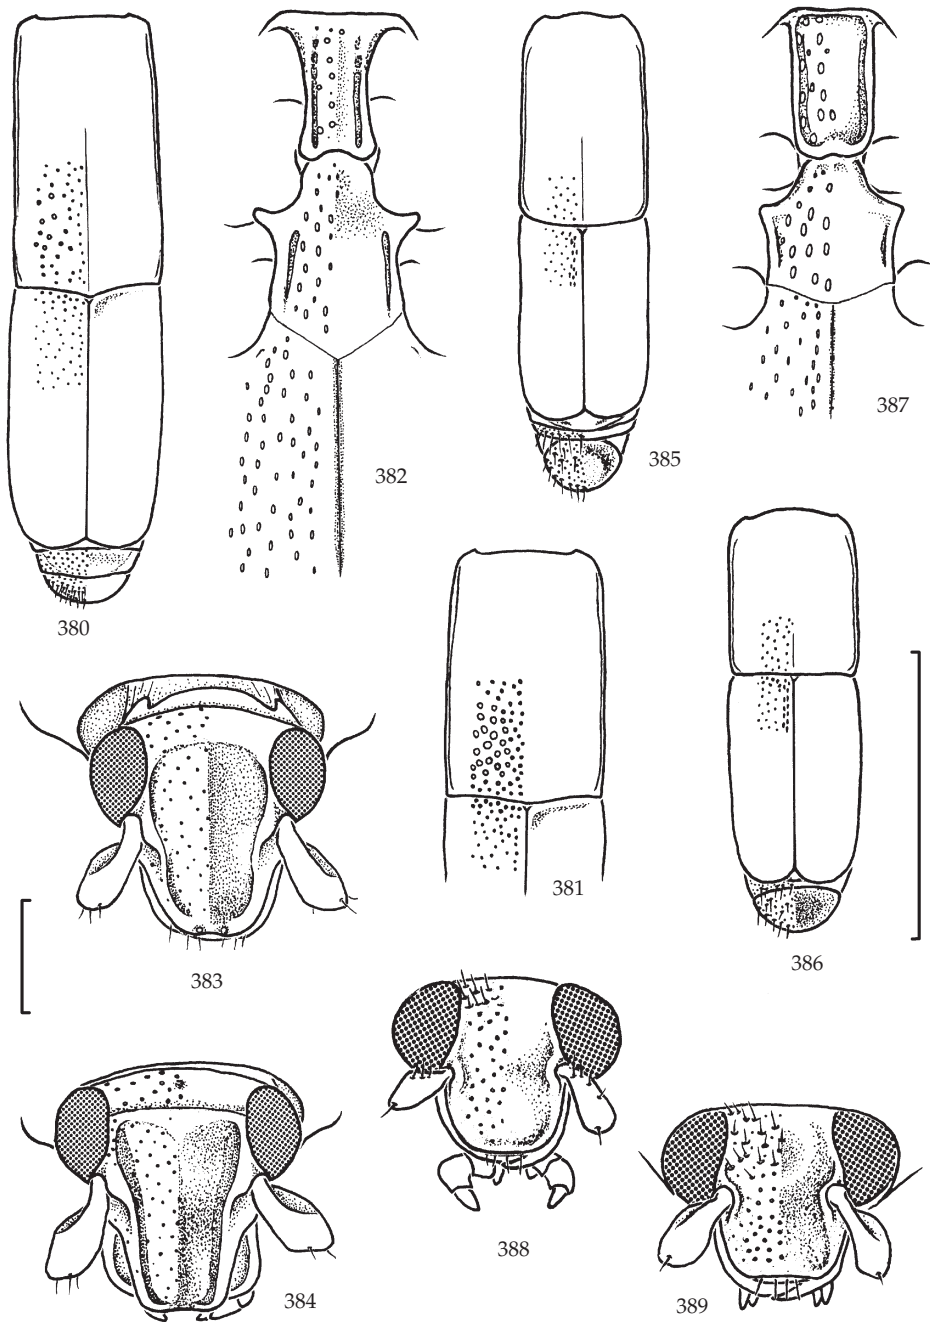

Figs 352-354, *Trypeticus jaegeri* spec. nov.; figs 355-359, *Trypeticus jelmeri* spec. nov. - 352, dorsal view, female (in part). - 353, pro-, meso- and anterior part of metasternum, female, ventral view. - 354, 359, head female (frontal view). - 355, dorsal view, male (in part). - 356, female pronotum (dorsal view). - 357, pro-, meso- and anterior part of metasternum, male, ventral view. - 358, head male (frontal view). Scale lines: 0.5 mm, left line for figs 352, 355-356, right line for figs 353-354, 357-359.

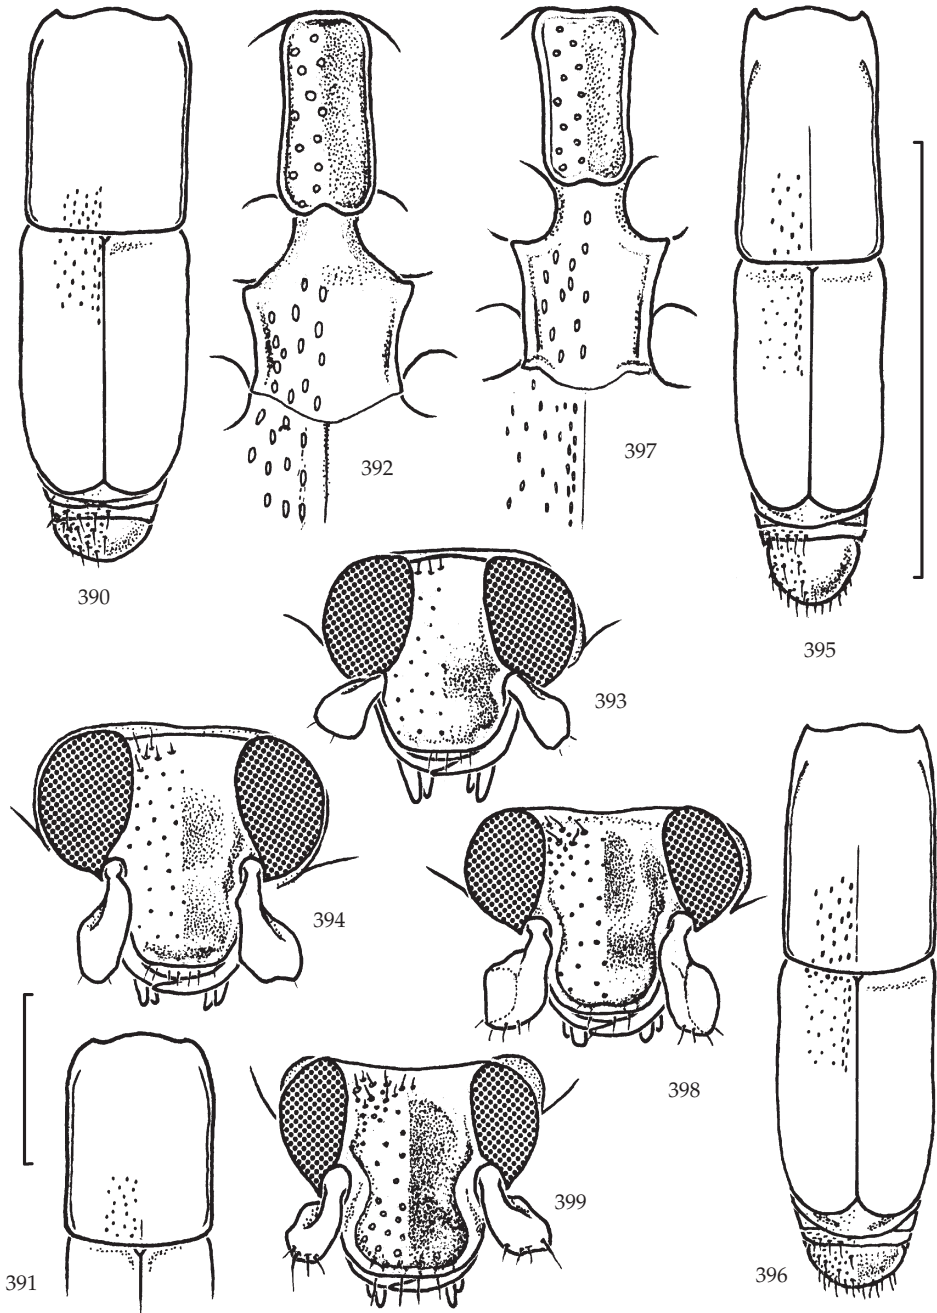

Figs 360-364, *Trypeticus obeliscus* Lewis; figs 365-369, *Trypeticus subobeliscus* spec. nov. - 360, 365, dorsal view, female (in part). - 361, 366, male pronotum (dorsal view). - 362, 367, pro-, meso- and anterior part of metasternum, female, ventral view. - 363, 368, head male (frontal view). - 364, 369, head female (frontal view). Scale lines: 0.5 mm, left line for figs 360-361, 365-366, right line for figs 362-364, 367-369.

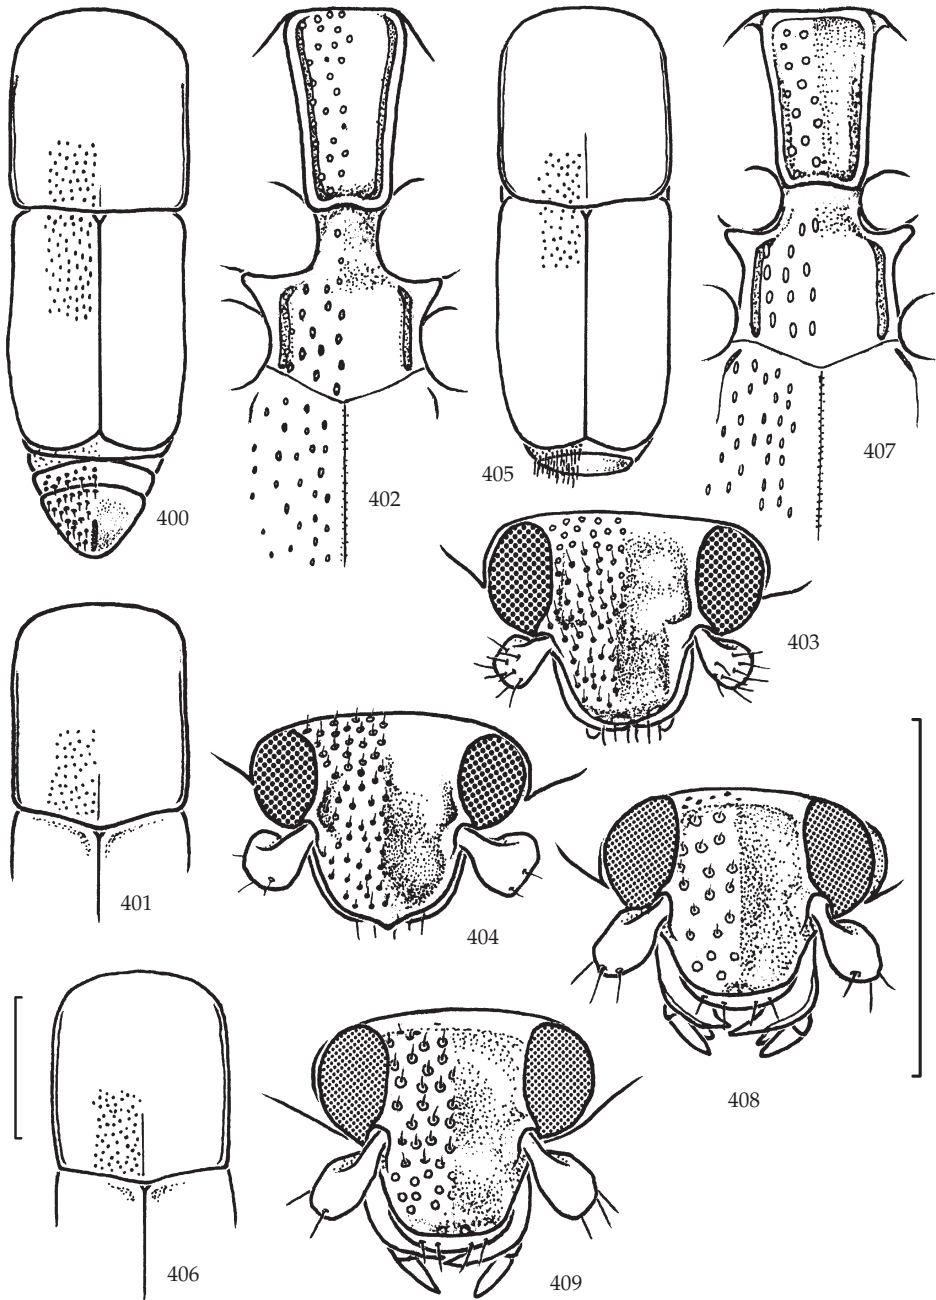

Figs 370-374, *Trypeticus parobeliscus* spec. nov.; figs 375-379, *Trypeticus gratus* spec. nov. - 370, dorsal view, female (in part). - 371, male pronotum (dorsal view). - 372, pro-, meso- and anterior part of metasternum, female, ventral view. - 373, 378, head male (frontal view). - 374, 379, head female (frontal view). - 375, dorsal view, male (in part). - 376, female pronotum (dorsal view). - 377, pro-, meso- and anterior part of metasternum, male, ventral view. Scale lines: 0.5 mm, left line for figs 370-371, 375-376, right line for figs 372-374, 377-379.

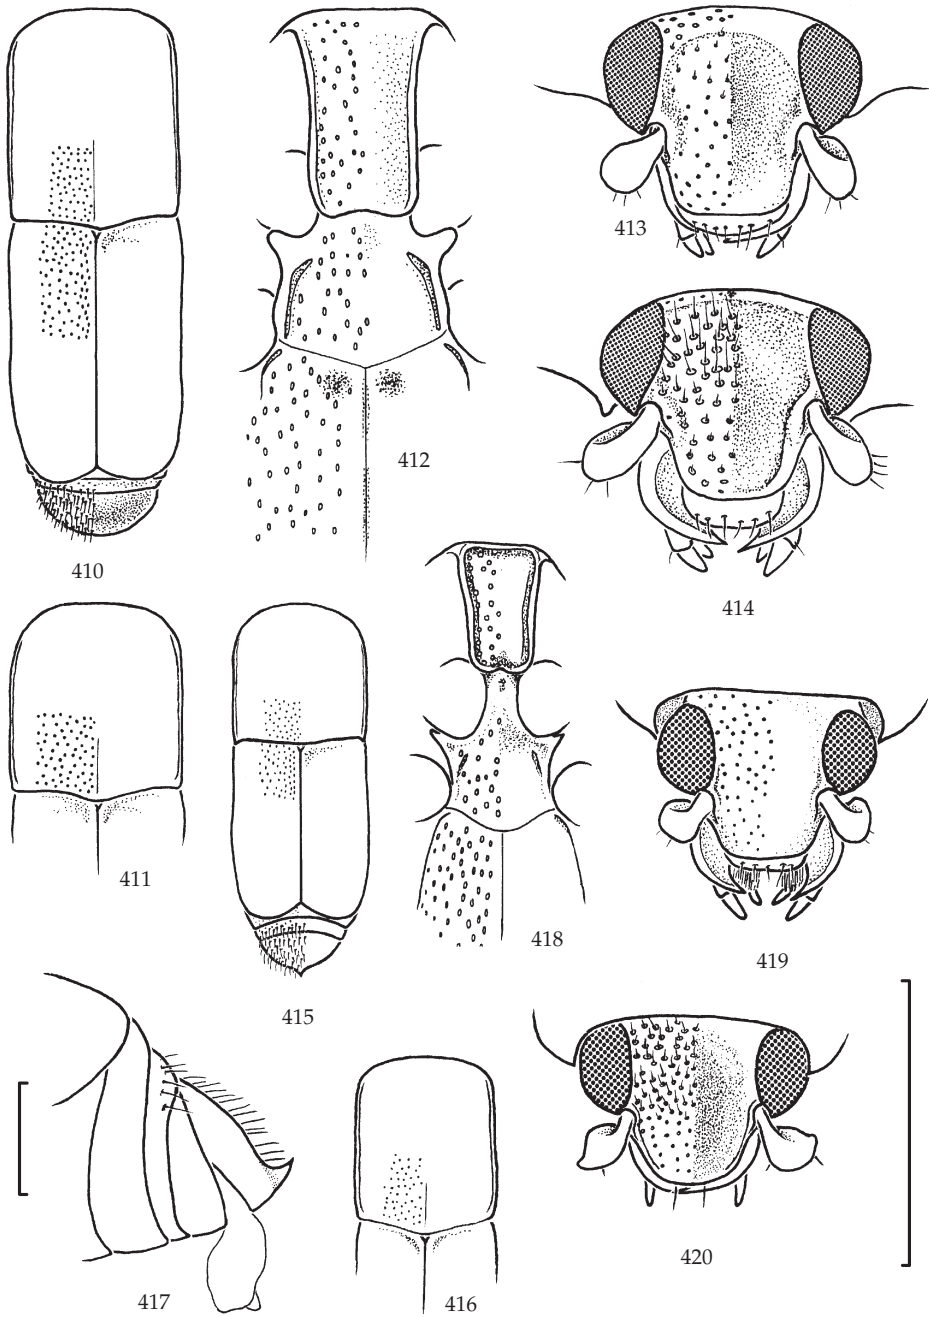

Figs 380-384, *Trypeticus gracilis* spec. nov.; figs 385-389, *Trypeticus sanneae* spec. nov. - 380, 385, dorsal view, female (in part). - 381, male pronotum (dorsal view). - 382, pro-, meso- and anterior part of metasternum, female, ventral view. - 383, 388, head male (frontal view). - 384, 389, head female (frontal view). - 386, dorsal view, male (in part). - 387, pro-, meso- and anterior part of metasternum, male, ventral view. Scale lines: 0.5 mm, left line for figs 380-381, 385-386, right line for figs 382-384, 387-389.

Figs 390-394, *Trypeticus minutissimus* spec. nov.; figs 395-399, *Trypeticus boukei* spec. nov. - 390, 395, dorsal view, female (in part). - 391, male pronotum (dorsal view). - 392, pro-, meso- and anterior part of metasternum, female, ventral view. - 393, 398, head male (frontal view). - 394, 399, head female (frontal view). - 396, dorsal view, male (in part). - 397, pro-, meso- and anterior part of metasternum, male, ventral view. Scale lines: 0.5 mm, left line for figs 390-391, 395-396, right line for figs 392-394, 397-399.

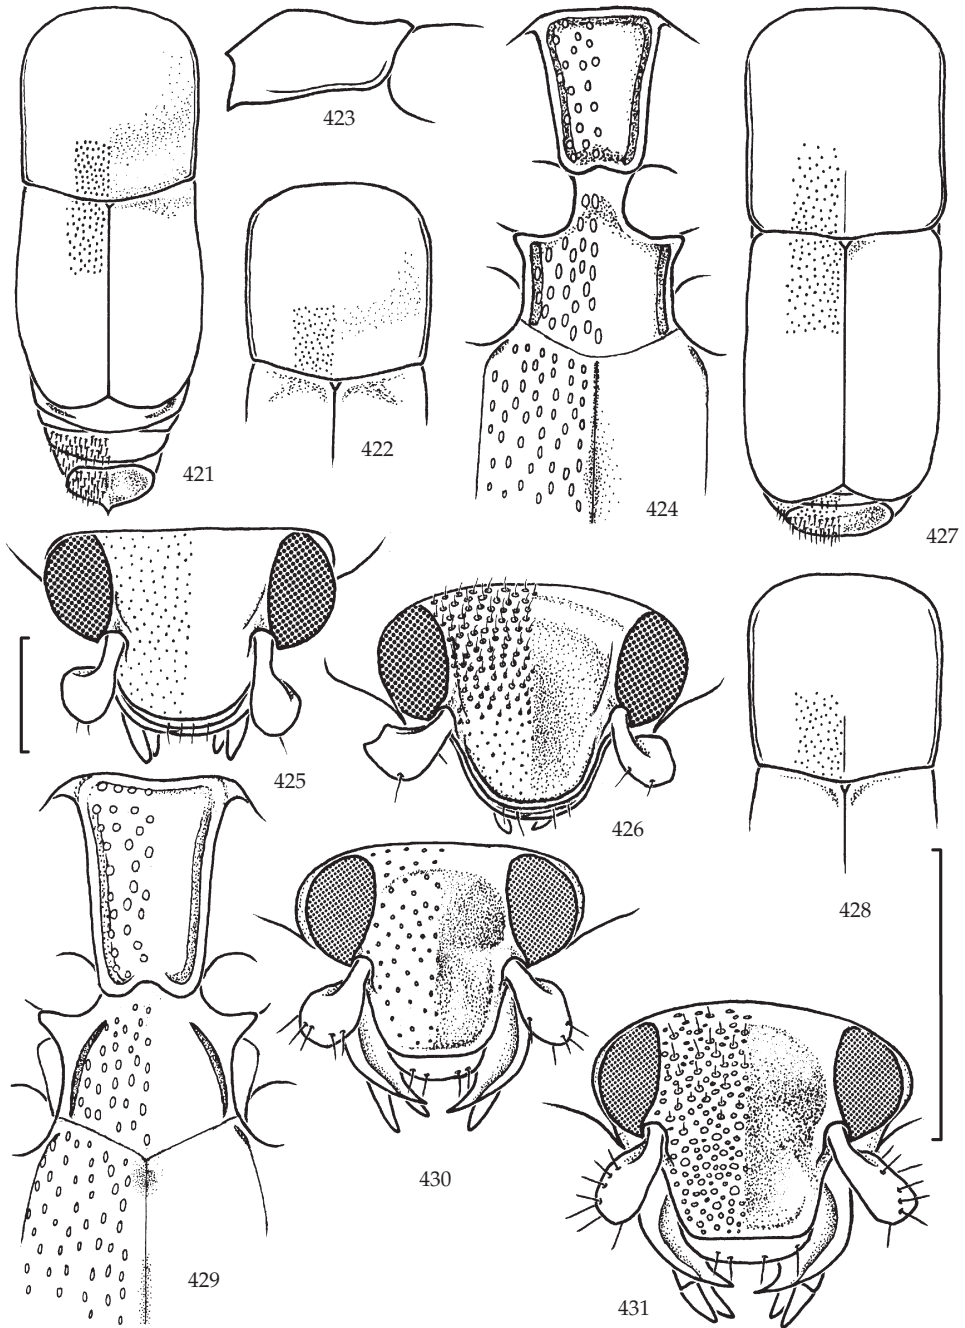

Figs 400-404, *Trypeticus carinipygus* spec. nov.; figs 405-409, *Trypeticus loebli* spec. nov. - 400, 405, dorsal view, male (in part). - 401, 406, female pronotum (dorsal view). - 402, 407, pro-, meso- and anterior part of metasternum, male, ventral view. - 403, 408, head male (frontal view). - 404, 409, head female (frontal view). Scale lines: 0.5 mm, left line for figs 400-401, 405-406, right line for figs 402-404, 407-409.

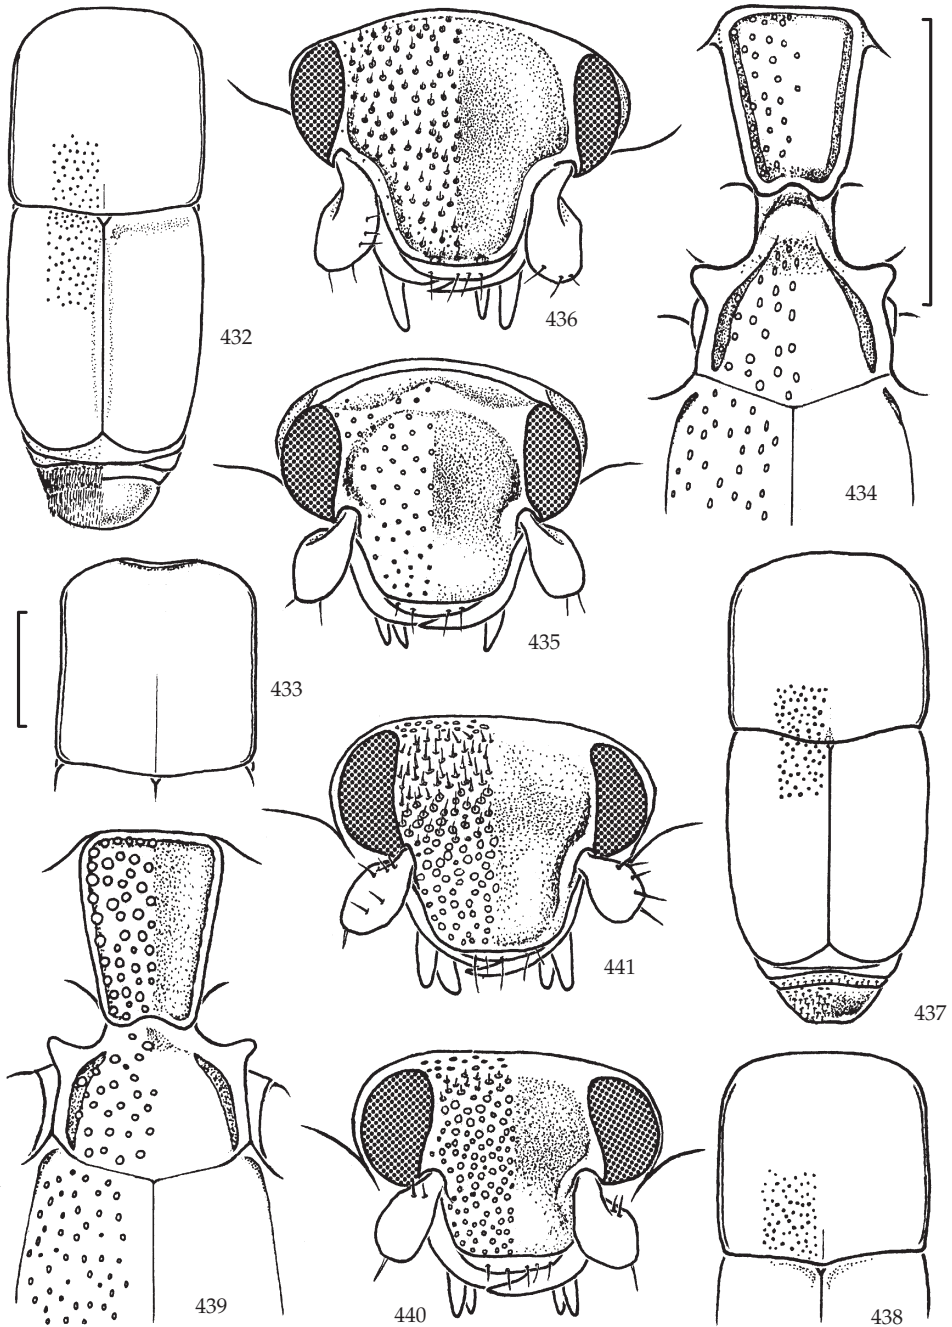

Figs 410-414, *Trypeticus latilabris* spec. nov.; figs 415-420, *Trypeticus hamatipygus* spec. nov. - 410, dorsal view, female (in part). - 411, male pronotum (dorsal view). - 412, pro-, meso- and anterior part of metasternum, female, ventral view. - 413, 419, head male (frontal view). - 414, 420, head female (frontal view). - 415, dorsal view, male (in part). - 416, female pronotum (dorsal view). - 417, pygidium male (left lateral view). - 418, pro-, meso- and anterior part of metasternum, male, ventral view. Scale lines: 0.5 mm, left line for figs 410-411, 415-416, right line for figs 412-414, 417-420.

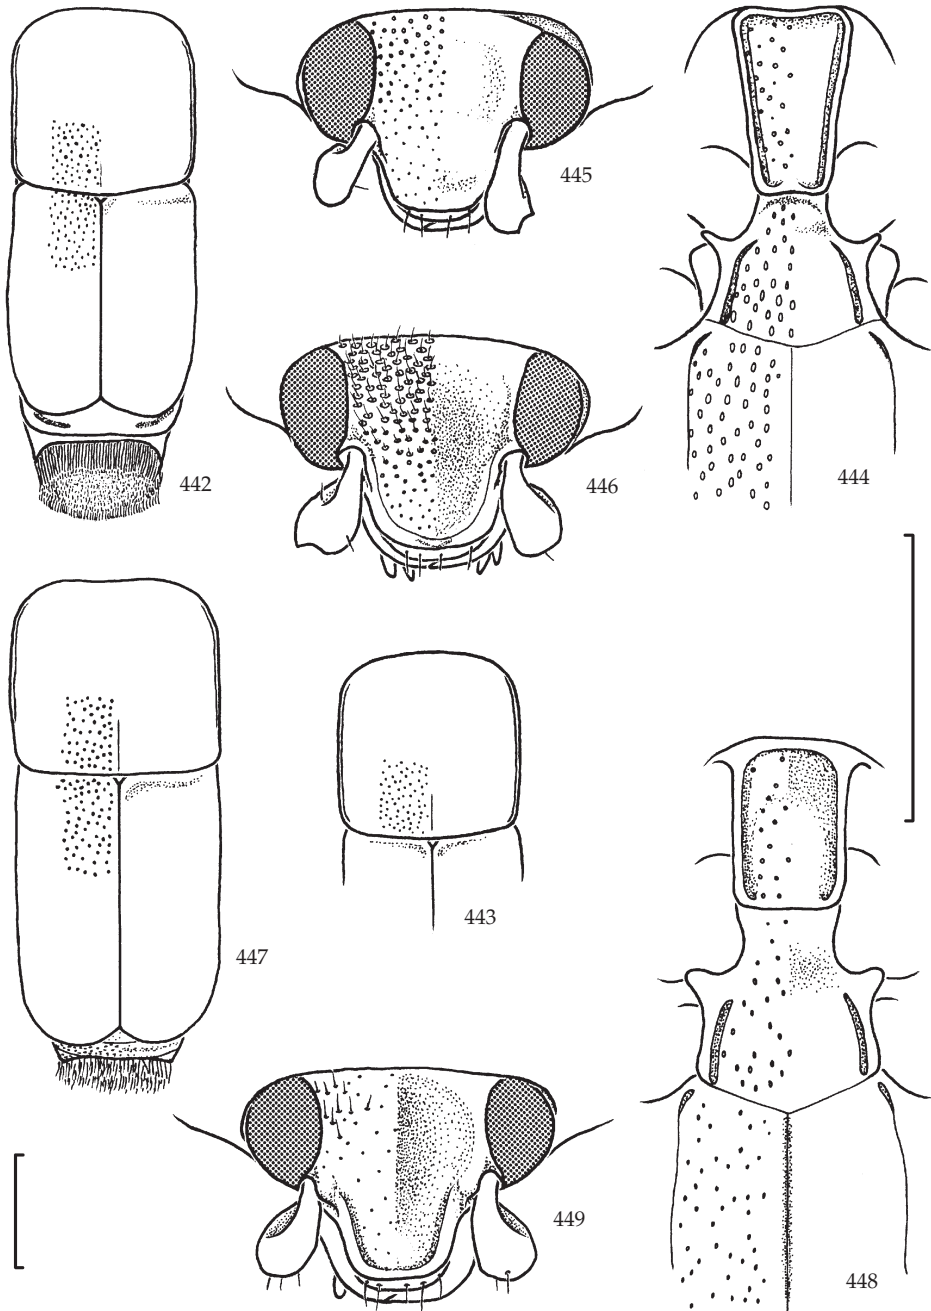

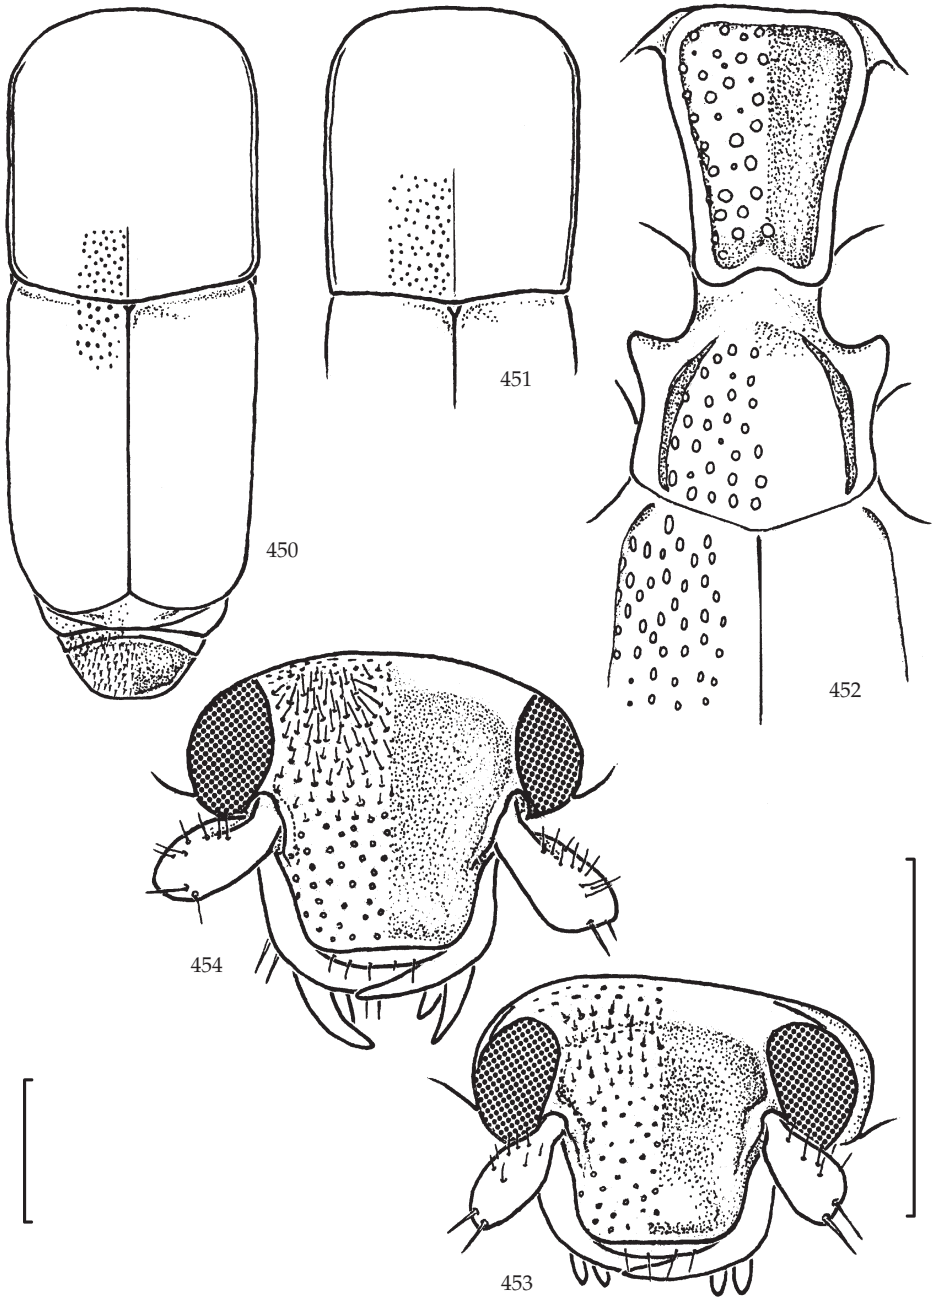

Figs 421-426, *Trypeticus gibberosus* spec. nov.; figs 427-431, *Trypeticus deoudei* spec. nov. - 421, dorsal view, male (in part). - 422, female pronotum (dorsal view). - 423, male pronotum (left lateral view). - 424, pro-, meso- and anterior part of metasternum, male, ventral view. - 425, 430, head male (frontal view). - 426, 431, head female (frontal view). - 427, dorsal view, female (in part). - 428, male pronotum (dorsal view). - 429, pro-, meso- and anterior part of metasternum, female, ventral view. Scale lines: 0.5 mm, left line for figs 421-423, 427-428, right line for figs 424-426, 429-431.

Figs 432-436, *Trypeticus jorisi* spec. nov.; figs 437-441, *Trypeticus brevis* spec. nov. - 432, 437, dorsal view, male (in part). - 433, 438, female pronotum (dorsal view). - 434, 439, pro-, meso- and anterior part of metasternum, male, ventral view. - 435, 440, head male (frontal view). - 436, 441, head female (frontal view). Scale lines: 0.5 mm, left line for figs 432-433, 437-438, right line for figs 434-436, 439-441.

Figs 442-446, *Trypeticus penicillicauda* spec. nov. - figs 447-449, *Trypeticus viennai* spec. nov. - 442, 447, dorsal view, male (in part). - 443, female pronotum (dorsal view). - 444, 448, pro-, meso- and anterior part of metasternum, male, ventral view. - 445, 449, head male (frontal view). - 446, head female (frontal view). Scale lines: 0.5 mm, left line for figs 442-443, 447, right line for figs 444-446, 448-449.

Figs 450-454, *Trypeticus latisternum* spec. nov. - 450, dorsal view, male (in part). - 451, female pronotum (dorsal view). - 452, pro-, meso- and anterior part of metasternum, male, ventral view. - 453, head male (frontal view). - 454, head female (frontal view). Scale lines: 0.5 mm, left line for figs 450-451, right line for figs 452-454.
