

**BOOK NOTICE**

A full review of the book announced in this section may be published in *Blumea* at a later date.

**ROBERT HALL & JEREMY D. HOLOWAY (eds.): *Biogeography and Geological Evolution of SE Asia*. Backhuys Publishers, 1998. 417 pp., illus., 12 maps in colour. ISBN 90 73348 97 8. Price: NLG 280, US\$ 156.**

A score of authors discusses distribution patterns in SE Asia from various angles with the geological evolution of the area as a common background. Examples are given of plants and animals, of dispersal and vicariance, covering geological evolution from the Palaeozoic to present times. The volume is amply illustrated by maps and diagrams, including 12 colour maps on plate tectonics of Cenozoic Asia and Tertiary paleogeographic evolution of Sulawesi and Borneo.
